After the game the Club will give a social hop in the Parlor. As will be seen by an article clipped from the Oregonian, which we publish on the first page of to-day's GUARD, the chances are very favorable for the Democracy to elect their entire State ticket at the approaching June election. Let the Democrats of Lane work harmoniously together and we can help accomplish the result. We should give the State ticket at least 100 majority.

# County Convention to be held April 22d.

### PRIMARIES, MONDAY, APRIL 5th, 1886.

### Citizens' Ticket.

The Citizens' Mass Convention met at the Court House last Wednesday evening. Mr H C Humphrey was elected Chairman and Mr J M Hendricks Secretary. The chair appointed Geo S Washburne and L N Roney as tellers. The following ticket was nominated:

Councilmen—Geo B Dorris, J H McClung and John Church. Recorder—W S Shaw. Treasurer—F W A Grain. Marshal—After several ineffectual ballots the Convention adjourned sine die without nominating a candidate.

### Election Notice.

The annual city election will be held at the City Hall in Eugene, Oregon, on Monday, the 5th day of April, 1886, for the purpose of electing the following officers, viz: Three Trustees, Treasurer, Recorder and Marshal. The polls will open at 9 o'clock A M and close at 6 o'clock P M of said day. Dated, Eugene City, March 17, 1886. W. S. SHAW, Recorder.

### THE OREGON CITY RIOTERS INDICTED.

The U S grand jury, now in session at Portland, have returned indictments against the following persons, who are charged with aiding in the recent Oregon City Chinese raid: William Myers, Lewis Hamilton, Geo Brown, John Bellis, Allen White, Lynn Miller, W B Stafford, Nat L Baker, Wm McLaughlin and Hiram Straight. The punishment in case of conviction is either by a fine of not less than \$500 and not more than \$5,000, or by imprisonment with or without hard labor for a period of not less than six months nor more than six years, or by both such fine and imprisonment.

### SUBTERRANEAN STREAM.

The artesian well on W S Ladd's place near East Portland is now down over 1400 feet and is progressing at the rate of six to eight feet per day. The drill is now in a very hard kind of rock, but none of it comes to the surface, owing to a subterranean stream which carries away all the borings. Just what a stream of water is doing 1400 feet below East Portland is hard to imagine. If the sewers of this city could be connected with it the Willamette could be kept pure and the residents of Sual might be killed.—Salem Statesman.

### PERSIAN SHERBERT.

Which takes the place of and is superior to any portable lemonade, sugar of lemon, or any other like article for making a cooling and refreshing beverage. It is put up in one pound (full weight) square tin cans, 2 dozen in a case a dry fruited sugar—Pine Apple, Lemon and Orange flavor assorted—Joining away with the small vital acids. Although we received the Persian Sherbert after last year's season was well advanced, it became very popular and sales were quite large, and through their superiority and well known quality we expect a large demand for the same this coming season, and have made ample provisions to meet all demands. FLECKENSTEIN & MATER, AGTS.

### VERDICT FOR DAMAGES.

Judge Walt returned from Corvallis last Thursday afternoon. He informs us that the jury in the case of Mrs D R Lakin vs the O P R R, for damages for injuries she received last summer on the cars of that line, gave a verdict for the plaintiff in the sum of \$1,600. The suit for the killing of the child is in the Supreme Court at present.

### TAKE NOTICE.

All those owing me by note, account or otherwise are requested to call and settle the same immediately, as I must have what is due me. I do not want to put the accounts in the hands of an attorney if I can help it. J. M. STOAN.

### L SALOMON TALKS.

He says that all those indebted to him must come forward and settle or else they may have the unpleasant matter brought to their attention by a lawyer. A word to the wise is sufficient.

### NOTICE.

Mr R. H. James having retired from business and being desirous of settling up, requests all those indebted by note or account to immediately call and make a settlement. He can be found at his office in the Court House, ready to receipt for all debts due him.

Mr J Davis has removed his tailoring establishment up stairs into the rear room of Walton's brick building. Anyone wanting good work done should give him a call.

In this city, March 28, 1886, to the wife of Mr J C Watkins, a daughter. Cy now wears a smle.

# UNCONSTITUTIONAL.

### The Registry Law held Unconstitutional by the Supreme Court.

The Supreme Court rendered their decision last Wednesday in the case involving the constitutionality of the registry law. The law was declared unconstitutional, the opinion being by Waldo, Thayer dissenting. The court holds that the Constitution provides who shall be electors, but they are not eligible till day of election. The Legislature cannot pass laws requiring voters to prove beforehand their eligibility to vote in the future.

The principal grounds upon which the decision is based refer to Sections 2 and 14, Article II of the Constitution of Oregon, which reads: SECTION 2. In all elections not otherwise provided for by this constitution, every white male citizen of the United States, of the age of 21 years and upwards, who shall have resided in this State during the six months immediately preceding such election—and every white male of foreign birth of the age of 21 years and upwards, who shall have resided in this State during the six months immediately preceding such election, and shall have declared his intention to become a citizen of the United States one year preceding such election, conformably to the laws of the United States on the subject of naturalization, shall be entitled to vote at all election authorized by law.

SEC 14. All qualified electors shall vote in the election precinct in the county where they may reside, for county officers, and in any county in the State for State officers, or in any county of a congressional district in which such elector may reside, for member of Congress.

The action of the Supreme Court will render registration useless. Lane county by the decision will save about \$2,000, which is quite a sum considering the present hard times. The costs thus far made in purchasing registration books, blanks, etc, will not amount to over \$200. The law was badly needed in Portland and Astoria, but in the interior of the State it was a hardship that the people generally are glad to evade.

### Elmira Items.

David Pritchett to M S Crook, house and lot on east Mill street; cost \$1,500.

### AN OREGON BELLE.

Miss Maggie Mitchell, second daughter of Oregon's junior Senator, is visiting the gay Parisian capital this Spring in company with her mother. Those who recollect her as she left here fourteen years ago, will remember her as a pale-faced child with large brown eyes; and a spiritual expression of contentment that is sometimes seen in ideal pictures. She was a lovely child and must have grown into a lovely woman, if half is true that has been written about her. A correspondent of the New York World writes that he met her at a ball at the Hotel Normand, and that she is the most beautiful girl that has graced the American colony in Paris for years, and one that is as much admired for her girlish innocence and sweetness of manner as for her personal beauty. Those who knew her as a child will believe every word of it.—Portland Ex.

### CONVENTION.

There will be a citizen's mass meeting at the Court House this, Saturday, evening, at 7 o'clock for the purpose of nominating candidates for city officers to be voted for on April 5, 1886. All citizens in favor of education and temperance are invited to be present. By order of COMMITTEE.

Assessor McPherson went to Junction City last Wednesday morning for the purpose of assessing that section. Hon Geo H Durham, a prominent Portland attorney, visited Eugene last Monday on professional business. Judge Bean will probably arrive home to-day from Corvallis, where he has been holding court for a couple of weeks. Dr Tyler returned last Wednesday from Corvallis where he had been a witness before the Benton County Circuit Court. Miss Lillie Wyatt, who has been visiting at Oakland, California, for some time, returned home Thursday afternoon. Hon T G Roames, of Jacksonville, Grand Master of Oregon Masons, gave this office a pleasant call last Thursday evening. Mr Fox, of Armstrong county, Pa, is in Lane county looking for a location. When he left home, two weeks ago, snow was still on the ground. Mr Edward Espey, well known in Eugene, will shortly leave Portland for Paris, France, where he goes to resume his art studies. Ed is bound to be one of the most noted artists of America. Rev A P Graves, the evangelist, passed through Eugene on the south bound train last Wednesday. His destination was Ashland, where he went to hold a series of meetings. Quite a number of his Eugene friends were at the depot to greet him. Prosecuting Attorney Hamilton passed through Eugene last Monday on his way home from Corvallis, where he has been in attendance upon the Benton County Circuit Court. The Democrats propose renominating him, and the residents of the district, irrespective of party, will re-elect him.

### The Lower Siwash.

Mr T C Judkins writes from Washington, D C, to the Sunday Oregonian, as follows: The Siwash river occupies at once a unique and unfortunate position among Oregon rivers applying for their improvement. Neither the river nor its bar have been surveyed, and the utmost that can be expected at this season of Congress is an appropriation for that purpose. The Secretary of war has recommended \$1500 for a survey and the chairman of the river and harbor committee, Mr Willis, has assured Mr Hermann that this amount will be appropriated. The friends of Siwash must understand its relation: \$1500 is considered ample to complete a survey. No amount of work on the part of Oregon representatives can secure an appropriation until this is done. There is a feeling in the river and harbor committee favorable to this port based on the very favorable representations of neighboring residents and the statements of Mr Hermann who paid it a personal visit. The item for this far will not be included in the regular river and harbor appropriation bill but will be recommended in a supplemental one. Judging from the present feeling Siwash will have no cause for complaint at the next session of congress if the government board of engineers shall make a favorable report thereon.

### Trent Items.

March 31, 1886. Oh, the beautiful Oregon coast. Farmer about done seeding here. Mr W M Miller will teach the Spring term of school in this district. Dr R is you are not entirely lost to obscurity; let us hear from you again. Mrs A N Miller, who has been troubled greatly with rheumatism for some time, is again able to be about. We understand that a singing class will be organized at this place in the near future, and will be conducted by Prof Wm Bristow. Mr Thos Graham has purchased a ranch of D W Briggs, paying an equivalent of \$150 for the same. What does this mean, Tom. Evidently the mind of one of our most respected young men is becoming slightly deranged, for he can be heard continually uttering the following words: "There is an angel messenger on earth." Who can account for his vagary? D. R.

# Mr Fry to the Front.

EUGENE CITY, Ore., March 30, 1886. EDITOR GUARD: DEAR SIR:—In response to your repeated requests for information and in justice to myself I beg leave to make the following statement as to the Rosecrans letter. I wrote to Gen Rosecrans about a year ago asking him for a copy of his report on the battles of Inka and Cornith (in which I had the honor to serve under his command) and asking his aid in a matter of interest to the Maimed Soldiers League, etc. It was some time before I received a reply and then it contained no reference to my request, but stated in substance that the General was always ready to do all in his power to aid his old comrades in arms, but that all applications for appointment to office should be made through the proper channel, etc. I paid no attention to the letter at the time, I had no thought of applying for an office being so situated that I could not have accepted an appointment had one been tendered. But three or four months later I did apply for the Eugene City Post Office, and after my petition had been sent to Washington I wrote to Gen Rosecrans who kindly gave me what assistance he could, as the following letter will show: TREASURY DEPARTMENT, REGISTERS OFFICE, Dec 11, 1885. TO HENRY FRY, Eugene City, Oregon: My Dear Comrade—My field of action is much more restricted than my desire to serve you. I shall take the liberty of sending your letter to Col Stevenson and ask him to do all he can for you. Very truly yours, W. S. ROSECRANS. Now that it is all there is of the mole hill from which you are trying to make a mountain. In regard to the article from the Cass Co, Iowa, Democrat, the stories concerning my injuries, etc, were all thoroughly investigated by the government years ago, and all the testimony in the case together with the record of my military service is on file in Washington. As to my official incompetency, as Secretary of the Independent School District of Atlantic paid out (by orders) over \$40,000 of public money; as overseer of the poor farm from \$350 to \$400 per month, and as Township clerk some \$2,000, and never heard a word of complaint while I lived in Atlantic, and I settled with the Boards satisfactorily in every case. Now as you have asked several questions, let me ask what is this all about anyway. What is my offense? Is it because I applied for an office, or is it on account of my political preference. When I tendered my services to the Government in 1861 there was no objections offered because I was a Democrat, nor was any attempt made to asperse my character in order to prevent my services from being accepted. I made my application in good faith and I believe the other applicants did the same, and should I be successful it will not be owing to aspersions on my part. Respectfully yours, HENRY FRY. Mr. Fry asks us to publish the above. We comply with his request cheerfully, all the more so from the supposition that the cow organ had refused Mr. Fry a chance to vindicate himself, led the editor should be convicted of a flagrant untruth. The editor of that sheet in last February made this remarkable statement: "Fry, being invited to apply by his old commander, Gen. Rosecrans, [for the Eugene Post Office] he expected at least decent treatment." When this statement was denied, he sneaked out of the contest which he had thrust himself into and hid behind the crutches of Mr Fry. Such action is on a par with the vicious attack on one of our most honored citizens and his cowardly retreat. Now for Mr Fry. He writes for a copy of Gen. Rosecrans' report on the battle of Inka, etc, and some time after he received a reply stating the General was ready to do all in his power to aid his old comrades "but that all applications for appointment to office should be made through the proper channel, etc." This, we suppose was the most curious reply ever sent to a letter asking for a public document. For all the world, it sounds like a lawyer to a petition for a postoffice, etc. That Gen. Rosecrans thought that Mr Fry was a Democrat can admit of no doubt, for he could not think Mr Fry would ever hide his principles and pose as the representative of the Democratic Administration in Eugene City. The letter he publishes from Gen. Rosecrans certainly has nothing to do with the Eugene postoffice as Mr Stevenson, Second Assistant Postmaster General, has no more to do with the selection of the Eugene postmaster, than with the choosing of our minister to England. Mr Fry must have written for the Acme or Squedunk postoffice, as Mr Stevenson has the disposal of all offices that pay less than \$1000 per annum. Mr Fry's application states that the people irrespective of party ask for his appointment when the Democratic names on said instrument can be counted on the fingers of one hand. Here we have an attempted deception, but it didn't work. The question of competency of Mr Fry as town clerk of Atlantic City, Iowa is between Mr Fry and the Cass County Democrat, the Democrat affirming that which Mr Fry denies. We have never considered Mr Fry's connection with this scheme other than of a cat's paw and a tool of another person. We do not think that the other party excels us in patriotism, who has such abounding love for the soldiers he has flattered, and we believe we can be honest and loyal, even should we oppose Mr Fry in his aspirations. The letter which appears in to-day's paper over Mr Fry's signature is disingenuous, it begs the question, and must raise doubts, it is a witness against Mr Fry, and the strongest that could be brought. He has furnished the best reasons why he should not be appointed, and with the reasons given above, a satisfactory answer is formed to his questions.

### Fire.

All persons indebted to E W Whipple & Bros, either by note or book account will please call and settle the same. Our store is burned and we must collect the money due us. E. W. WHIPPLE & BROS. Cottage Grove, Feb 25, 1885.

### A CANDIDATE.

"Prof." V. Garrigue, of Independence, announces himself as an independent candidate for "State school superintendent for the next election the People of Polk Co & General" the professor thinks want a man, a fine "public speaker, and Lecturer, and fine astronomer of the age" to visit the schools and "encourage education." The professor acknowledges that he is not a graduate of Yale, but his "significative and journalistic" experience, he thinks, will wholly fit him for the duties of the office.

### A CORRECTION.

In last week's GUARD a correspondent from Trent states that Mr E P Williams came near having a runaway, and that he had the tongue of his wagon broken out. Mr Williams informs us that the item was a mistake as his team did not run away neither was the tongue of his wagon broken, since we make the correction with pleasure.

Sheriff Campbell started out about one-half dozen extra deputies yesterday morning to the different precincts for the purpose of notifying the Judges and Clerks of registration of the unconstitutionality of the law. The entertainment given by the I. O. O. G. T. lodge Saturday evening was largely attended. The performers all acquitted themselves admirably, and a pleasant evening was doubtless spent by the audience. The Good Templars all over the world will unite to pay proper respect to the memory of the late John B Gough on Sunday, April 11th. The charters of all lodges will be draped in mourning for a period of thirty days from that date. Mr Chas Mayer, Jr, of San Francisco, was in town last Saturday and Sunday. Mr Mayer is one of the most accomplished either players on the Pacific Coast, and while here delighted many of our citizens with his beautiful music. His return in several months will be eagerly anticipated and cordially welcomed. The Oregonian charges more for its advertising space than does this paper, and the reason is very simple, it has more subscribers, consequently is more read and therefore more valuable. It is on the same principle that the merchant charges nearly ten times more for ten lbs than for one lb of sugar. All this may be wrong, but we don't think so.

### Notice.

I will have for sale, about Sept 10, 1886, 12000 split cedar fence posts, at my mill in Coburg. The price will be \$12 per hundred. JAS. C. GOODALE. Coburg, August 22.

### Cedar Flat Items.

March 20, 1886. We have a Sunday school at Mr Putman's on Sunday. Rev Mr Albert of Michigan has located on Cedar Flats, his son taking a claim of 80 acres near Chapman's saw mill. Last week Mr Chapman our genial saw mill man had a log rolling. It was well attended and he has a large place cleared. The new school house at Cedar Flats will be completed by June 1st in good style at which time they will commence school. A newcomer from Ohio by the name of Stammus was severely hurt last week while cutting timber on his claim at Cedar Flats. A large limb struck him on the head, cutting his scalp to the skull, and inflicting severe injuries to his head and face rendering him insensible for six days. He is now sensible and rapidly recovering but remembers nothing of the way he was hurt. He is under the care of Dr Russell of the above named place. Postmaster General Vilas objects to his name being used for the Post Office at Cedar Flats and requests some other name to be used. X. L. C. O. STRUCK IT RICH.—We take the following from the Portland Telegram: "From a letter received in this city a day or two ago it would seem as if one of our fellow citizens, S. W. Mizer, had struck a very rich lead in Douglas county, Southern Oregon. A portion of the letter reads: 'Hurrah for Southern Oregon! S. W. Mizer has discovered a lead in Southern Oregon near the Jackson county line. Width of lead is from five to six feet. A sample of the rock from Mizer's claim has just been assayed by Crane, of this city, which shows \$63 free gold to the ton. Specimens of the rock are on exhibition at Crane's assay office.'
