The San Francisco Chronicle says that the C & O railroad has let contracts for the furnishing of 3,000,000 railroad ties, which would build 300 miles of road. From this it seems that the prospects for all rail connections with California are very bright. Many ladies admire gray hair—on some other person—but few care to try its effects on their own charms. Nor need they, since Ayer's Hair Vigor restores gray hair to its original color. It cleanses the scalp, prevents dandruff, and stimulates the growth of the hair as in youth. Two more states—Massachusetts and Ohio—have taken up the Arbor day idea, and Oregon would do well to follow their example. Our State is almost destitute of hard woods, the live oak, which is one of the most familiar of our trees, being as remarkably useless as the hardwood is valuable. Wm Burget, an old resident of King's Valley, Benton county, was seriously injured last Friday while harrowing grain in a field on his farm. The harrow in some way flew up and caught his leg above the knee setting a gash nearly to the foot. It is a fearful wound and will probably cost him his limb and likely his life.

SUNDAY SCHOOL CONVENTION.

Mr. and Mrs. E G Wheeler, of the National Baptist Sunday School Association, were in Eugene this week organizing a county convention for Lane county. The leading object of this convention is to unite all the Sunday schools of the county in a union meeting for consultation and to gain and impart information concerning the work in the different parts of the county. The convention completed a permanent organization Thursday morning, and elected the following officers to serve for a term of one year: President, Rev C M Hill; Vice Presidents, Rev C A Wooley, J C Goodale, W M Pitney, A C Jennings, W M Crow, H C Veatch, V H Baughman and Mrs J B Pengra; Secretary, J G Stevenson; Assistant Secretary, G O Powell; Statistical Secretary, I S Rowland; Treasurer, W A Potter. An Executive Committee consisting of the following persons was elected: B F Dorris, I G Alder, D J P Gill, Geo Martin and Rev J W Smeed. Several subjects relating to Sunday schools were discussed. The convention adjourned Thursday evening, to meet again the second Friday in May, 1885.

THE O. P.

Mr Will B Rice of the Oregon Pacific railroad was in town this week and gave this office a pleasant call. He informed us that his company has purchased in the East a fine new steamship that will make the trips from San Francisco to the Yaquina bar in 30 hours, and that she is now loading with steel rails in New York to complete the road to Albany. When this is effected the time schedule of the Yaquina road will be changed so that passengers leaving Eugene at 4:40 a m will be due in Yaquina at 6:40 p m of the same day. Arrangements will also be effected by which our shippers will receive their freight from Yaquina without break. The O P will then be a paying investment and no mistake.

OREGON PILOTS.

The Oregon pilots continue to struggle with the elements and the tug boat monopoly at the mouth of the Columbia river. During the last month they have piloted three out of ten deep sea vessels that have entered the river. The schooner Gov Moody, which was built by order of the legislature, does not fill the bill, as the owners of the steam tugs will not allow one of their tugs to take out a ship which carries an Oregon pilot, and the monopoly is as bad as it was before. The State should build a steam tug to compete with the monopoly-tug, or else go out of the piloting business.

COMPANY INCORPORATED.

The Willamette, Alsea & Yaquina Railroad Company has recently been incorporated by G B Farra, J B Lee, Thomas Graham and W C Crawford. The objects of the concern are to construct, equip, operate and maintain a railroad and telegraph line from a point at or in the vicinity of Junction City via Alsea valley and bay to tide water on Yaquina Bay. Corvallis is the principal place of business of the corporation and the capital stock is \$1,000,000 in 100,000 shares.

Cresswell Picnic.

May 1, 1885. Notwithstanding the bad state of the weather for the past few days, 10 o'clock found a good sized crowd of people gathered at the grove, where a speaker's stand and seats had been erected. The Cottage Grove and Cresswell Brass Bands were on hand promptly and every thing indicated a day of enjoyment and good feeling.

The principle feature of the programme was the "Broom brigade," composed of twelve of Cresswell's most fascinating young ladies under the command of Mr Franklin. They looked splendid and drew forth their full share of the favorable comments of the day. Prayer was offered by Mr Howe, which was followed by a short address by the speaker which was very attentively listened to. Recitations were delivered by Misses Nellie Gilroy, Lillie Scott, Lillie Winter and Charlie Stanton and Ripley Scott, which were very ably delivered. The Cresswell Choir was on hand with some choice songs. The bands discoursed some good music which was greatly appreciated by all present. The next thing on the programme was to replenish the inner man and according an appetizing basket dinner was partaken of. Your humble servant, although being alone, was invited by a kind friend to dine which was thankfully accepted.

At 2 o'clock the greater portion of the crowd repaired to the ball ground to witness a base ball contest between the Cresswell and Goshen clubs, which resulted in the defeat of the Cresswell boys with a score of 21 to 35, which was not so bad, considering that they had practiced but twice since their organization. This closed the amusements for the day, although many lingered and chatted until evening. Quite a number attended the dance given at the hall in the evening, after which they repaired to their homes after having spent a very pleasant day. JUDGE.

Died.

April 23, 1885, after a brief illness, Montgomery Hays, only son of Craig and Harry Hays, aged 7 years. The funeral services were conducted by Rev Mr Quinby. Albany papers please copy. The follow all unwept, And the voice of sweetest music Is hushed with the early dead; No wild-spring childish accent, To make sad-sadness in every part, Nothing remains but memory To the desolate mother's heart. But the fold of God will shelter The little one safe from harm, And the tender Shepherd circles Your lamb with his loving.

WRECKAGE.—One day last week Jeff. McGonigley picked up a broken rudder on Northbeach. It was from quite a large vessel, being nearly twelve feet long, very heavy, and apparently nearly new and newly painted. It was bruised on the bottom as though it had struck there, the shock had broken both the hinges off and the stock was also broken. It was furnished with ring-bolts for chains, giving it the appearance of having belonged to a steamer. The extreme heavy weather for the past ten days was probably the cause of the accident by which it was lost, as it had been long in the water.—Yugonia Mail.

CONVICTS REVOLT.—Thursday about 1 o'clock in the forenoon, as the territorial prison guards at Seaton were leading several convicts to work in the sash and door factory, four of the prisoners made a bold break for freedom. One man was shot and instantly killed and two wounded, one of whom will probably die. The fourth escaped unhurt, and as the west-bound train passed the prison late in the afternoon, he was still at large.—Tacoma Ledger.

THE BLENKAP SPRINGS.—Mr D H Caswell, of Astoria, passed through Eugene this week on his way to take charge of these celebrated mineral springs. The springs are now owned by Mr Hill, a brother-in-law of Mr C, and will be opened to the public at an early day, when a passenger hack and freight wagon will be placed upon the route between the springs and this city. Mr Caswell's family will join him later in the season.

DIED.—Mrs Nancy H Cornwall, wife of the late J. A. Cornwall, who was one of the pioneer ministers of the Cumberland Presbyterian Church in this county, departed this life at the home of her daughter, Mrs Anna C Shinn; May 2, 1885, at the age of 75 years, 4 months and 2 days. Deceased came to this county with her husband in 1816. She was a noble Christian and died in great peace. She leaves a number of children, relatives, and a host of friends to mourn her loss.

PICNIC.—It is reported that the Good Templars of Coburg will give a grand picnic in the near future. As the Coburg people claim to be the boss on picnics, we may look out for a good time.

LOST.—Rev Dr Geary, Pastor of the Presbyterian Church, lost a fine gold watch the first of the week. The watch was valued at \$300.

Big Opium Seizure.

Post Intelligencer, Seattle, May 5. Several days ago Major Jones, inspector of customs at this place, received word from Victoria that a sloop with several hundred pounds of opium on board had sailed from that place for Port Madison, from which place the stuff would be sent to Seattle for shipment to Portland. Since that time Major Jones has kept a close watch on the boats coming from the direction of Port Madison. He was on Harrington & Smith's wharf and yesterday when the steamer Augusta arrived, and noticed an unusually large number of trunks on the bow of the little steamer. There were several passengers on board, all of whom looked like workmen. The first one who came on shore carried a small black valise. On reaching the wharf, Major Jones said to him: "I must examine your baggage, sir." The man set down the valise with the remark, "Pitch in; it is not my baggage," and walked on up the wharf. On opening the valise it was found it was found to contain thirty pounds of uncut opium. All the passengers came ashore and no one laid claim to the three trunks and one tool chest yet remaining on board. Inspector Jones soon satisfied himself that they all contained opium and took possession of them. A dray was employed and the stuff hauled to his office in the Post building. The packages opened were found to contain prepared opium in the following quantities: Large Saratoga trunk, 110 pounds; leather valise, 30 pounds; tool chest, 30 pounds; small tin-covered trunk, 45 pounds; paper covered trunk, 75 pounds, making a total of 300 pounds, valued at \$12 per pound—\$3,600. The packages were then sealed and sent to the custom house at Post Townsend. A report called upon the captain of the Augusta to find how the stuff got on board of his boat. He said just before he started from Port Madison some men came to him and told him they were ship carpenters on their way to Seattle, and wanted to borrow his small boat to bring their tool chests and baggage on board. He loaned them and they brought those trunks and baggage on board and came to Seattle. He says he suspected something wrong and would have laid the matter before the customs officers if he had not been seen on the wharf. During the afternoon Inspector Jones arrested two men who came over on the Augusta, but failing to find what he considered sufficient proof against the men; he released them again.

HALEST, Oregon, May 6, 1885. EDITOR GUARD:—My name was placed before the public by the Prohibition Party as a candidate for County School Superintendent without my consent or knowledge, and I refused to allow it to be so.

MINERVA STARR.

MISS BELLE DU BOIS.—The music loving people of Eugene City are promised a musical treat at Rhinehart's Theatre Saturday evening, May 15. On that evening Miss Belle Du Bois, the talented songstress, assisted by Mr Lowndale, Miss May Cook and others, will give a concert which from press comments is deserving the liberal patronage of our people. On that occasion Miss Du Bois will render the "Mad Scene" from "Lucia," Donizetti; likewise "Shadow Dances" from the "Deborah" of Meyerbeer. Miss Du Bois is an Oregon girl but has been abroad for several years, the last four years of which she has been in Italy. In her gifted talent and happy pleasing manner she never fails to please her audience.

HORSE THIEF.—A man by the name of Brown, and claiming to be a horse trainer, borrowed a horse from Geo M Miller on Sunday last, and told Miller that he would not be back till Monday morning. Brown not putting in an appearance by Tuesday, Miller had a warrant issued for his arrest. Deputy Sheriff Cochran found the horse near Corvallis on Wednesday, where Brown had left it with a man to sell. Brown made good his escape.

L. SALAMON TAKES.—He says that all those indebted to him must come forward and settle or else they may have the unpleasant matter brought to their attention by a lawyer. A word to the wise is sufficient.

RAIN STORM.—Thursday afternoon about 3 o'clock a hail, rain and thunder storm poured down in torrents for about one minute. It was the heaviest rain that we have ever seen, and seemed more like a water spout than any thing else.

REMOVED.—Mr J Davis has removed his tailoring establishment up stairs into the rear room of Walton's brick building. Anyone wanting good work done should give him a call.

NEW BRICK.—Mr F B Dunn intends to build a fine brick building this fall on the ground now occupied by a two story frame building, just north of his store.

INSANE.—A lady living near Coburg by the name of Mrs Vaughn, has been adjudged insane and was taken to the asylum yesterday morning.

Brevities.

Buy Hayward hand grenades. Wild strawberries are ripening. How does Brother Penoyer strike you for Governor. The highest cash price will be paid for wheat by F B Dunn. Work on the Catholic Church building is nearing completion. Photographs finished neatly and artistically at Winter's. Mr W H Watkins has a painful boil on the index finger of his right hand. Mr Grant Osburn has accepted a position in the drug store of Osburn & Co. We acknowledge the receipt of some passenger bread from Mrs S H Friendly. Work has been commenced on the foundation of the Conser brick building. Recorder Shaw was bitten by a dog belonging to Robt Ball on Thursday evening. Mr F P Henkle has sold out his business in Salem and will move to Independence. Commercial travelers say that Eugene is the best town between Sacramento and Portland. The best candies and oranges can always be found at E Baum's confectionery store. All men are created equal, but the majority will not take the trouble to live up to it. The public school of this place intends to give a grand picnic on Skinker's butte May 28th. Wm Zimmerman, formerly a carpenter of this place, is now a partner in the hall and skating rink at Melford. Mr C R Harwood showed us some fine pencil sketches recently. They show considerable talent and originality. Owing to sickness in his family it is rumored that Gov St John will not speak in this State during the campaign. Miss Belle DuBois Portland's favorite Pina Donna, will probably visit Eugene next week. She is assisted by good talent. The report that Mr David Berkshire of Goshen had his jaw bone broken while playing base ball, is a mistake. His injuries were slight. In a short time the Brownsville Woolen Mills will institute a large tailoring establishment at that place, and will make up suits from their own cloth. Mr Frank Blair, who had his arm torn off while attempting to put a belt on the main shaft in the fence manufactory, is able to be out and around again. Work is progressing finely on the new M. E. Church building. The frame work is all up, and the contractor intends pushing the work as rapidly as possible. Marshal Day has been busy sweeping streets this week, he has also had several loads of gravel hauled, and leveled down in the worst places on Willamette street. Mr Frank Rankin, assisted by Mr J A Crawford of Albany, has been engaged this week taking pictures of the most prominent residences and views of Eugene. Renshaw & Abrams and Hovey & Humphrey have had the fronts of their brick buildings treated to a fresh coat of paint, which improves the looks of the same very much. The Delightful New Step Polka, by Will L. Thompson is one of the most beautiful pieces of music ever published. Any music dealer will mail it to you on receipt of price \$50 cts. Elder R M Messick, of Portland, will preach in the Christian Church in this city this evening (Saturday) at 7:30. Also tomorrow at 11 a. m. and 7:30 p. m. All are invited. There is more building going on in Portland at this time than any year since the boom of 1883, and people seem to be there to fill the new places as fast as they are completed. A mantle in Mr Jas L Page's residence came loose from its fastenings last Wednesday, a fine pair of vases, the clock and many other articles of value were distributed in pieces on the floor. Mr E O Norton, the popular editor of the Salem Vindicator, has been nominated by the Democrats of Marion county for State Senator. He would make a good Senator and should be elected. No other preparation so concentrates and combines blood-purifying, vitalizing, enriching and invigorating qualities as Ayer's Sarsaparilla. Quality should be considered when making comparisons. A fire at Walla Walla, W T, on the night of May 4th destroyed property to the amount of \$15,000. The fire was principally confined to livery stables, twenty-one horses being burned, one a fine stallion valued at \$3,000. Last Wednesday 18 carloads of cattle from the southern part of this county were shipped to Montana. They numbered 800 head. Thursday a train of 20 cars passed through here for Cresswell where they will be loaded with cattle for the same destination. Mr W H Badler, of Linn county, returned from the Blue River mines this week. He reports twenty-one men engaged at prospecting for the precious metal in that district, and says that Mr Hatch is confident that he has found a rich tin ledge. The Carson Appeal suggests that in these anti days it would be a wise plan to organize an "anti-send-away-for-your-goods" organization. If the coast is ever to succeed in manufacturing, customers must make the demand for the home-made goods. It will take another \$15,000 to get the statue of "Liberty Enlightening the World" in position. About the best paying business we know of is to be connected with a monument building association, as doubtless and certainly some of our citizens know.

BENICIA BOYS

THE ONLY EXTENSIVE CONCERN

manufacturing farm implements on this coast is the Benicia Agricultural Works, of California. They manufacture all kinds of farm machinery, and coast farmers will do well to correspond with their Portland office. Their celebrated STEEL MOWER, which the people of California have named the "Benicia Boy," is outstripping all others in this year's heavy alfalfa in California. One hundred only of these mowers are to be scattered through Oregon and Washington Territory this year as an advertisement for another year. Four is the number allotted to Eugene, and Mr E R Leshy has secured one of this number.
