

Not What Was Wanted.

The inventor of a patent car-coupler was lately admitted to an interview with a Chicago railroad president, and started off with:

"Last year twenty-six men were killed or crippled on your road while coupling cars. I warrant this invention to—"

"To have how much wear and tear on the bumpers?" interrupted the president.

"I warrant it to save the lives of employees, sir."

"Um! Don't want it. We are after something to save the bumpers."—Wall Street News.

A singular visitation of death happened at Digby, N. S., lately. Peter Milanson, 86 years of age, died after a short sickness. His wife Mary, 84 years old, for some time had evinced a strong desire that her husband should be the first to die, as she did not want to leave him alone in the world. After his death she expressed her willingness to follow him, and four hours after her husband's demise she too breathed her last.

Statistics of mortality in France show that almost the healthiest occupation is that of dueling. Of 847 duels recorded since 1870, only nine caused either party to be disabled. In 98 per cent of these affairs the desperate contestants came out uninjured.

There are now 200,000,000 German carp in the United States, the descendants of thirty-five fish brought to the United States less than a dozen years ago.

Twin Foes to Life

Are Indigestion and Constipation. Their primary symptoms are among the most distressing of minor human ailments, and a host of diseases, specifically resultant from them, mutually aggravate each other and assail at once the whole machinery of life. Nausea, Foul Breath, Sour Stomach, Bloating, Headaches, Bilious Fever, Jaundice, Dyspepsia, Kidney Diseases, Piles, Rheumatism, Neuralgia, Dropsy, and various Skin Disorders, are among the symptoms and maladies caused by derangement of the stomach and bowels.

A Thorough Purgative

medicine is the first necessity for cure. Then the cathartic effect must be maintained, in a mild degree, just sufficient to prevent a recurrence of constipation, and at the same time the liver, kidneys and stomach must be stimulated and strengthened.

Ayer's Pills

Accomplish this restorative work better than any other medicine. They are searching and thorough, yet mild, in their purgative action. They do not gripe the patient, and do not induce a costly reaction, as is the effect of other cathartics. Withal, they possess special properties, diuretic, hepatic and tonic, of the highest medicinal value and

Absolutely Cure

All diseases proceeding from disorder of the digestive and assimilatory organs. The prompt use of AYER'S PILLS to correct the first indications of constipation, averts the serious illnesses which result from that condition would inevitably induce. All irregularities in the action of the bowels—looseness as well as constipation—are beneficially controlled by AYER'S PILLS, and for the stimulation of digestive organs weakened by long-continued dyspepsia, one or two of AYER'S PILLS daily, after dinner, will do more good than anything else.

Leading Physicians Concede

That AYER'S PILLS are the best of all cathartic medicines, and many practitioners, of the highest standing, customarily prescribe them.
