Titos & Lambert have moved to the old post-office building. The Dalles Times-Mountaineer is now publishing a daily. The work of graveling Seventh street has been commenced. The trial of Mattie Allison will begin at Salem next Tuesday. Jim Robinson's boy is a girl this time. It happened last Monday. Sam Friendly and his clerks have sold an immense quantity of goods this week. Master Chas Underwood received a pet coon from Oakland yesterday morning. A social dance will be given at Rhinehart's parlors this evening. All are invited. Matlock has put up some very fine window curtains in the front portion of his store. It is said that a party from Salem will soon open a new hardware store in this city. A disastrous fire at Baker City destroyed \$10,000 worth of property last Monday evening. We have received the first number of the Albany Daily Bulletin. It is a newsy little sheet. One night last week 1900 fine Chinook looms were taken by the fishermen on the Lower Siuslaw river. We are pleased to learn that Mr James Huddleston is much better and his speedy recovery is nearly a certainty. By the use of Buckingham's Dye, the whiskers may be easily made a permanent, natural brown, or black, as desired. The Portland Mechanics Fair opened last Thursday. A number of Lane county people are in attendance, and more will follow shortly. Taylor Hayes, at one time a tinner in this city, has been nominated by the Columbia, W T Democrats for the office of County Commissioner. The postoffice, Wells, Fargo's express office, and Patterson & Christian book store have been moved to the old Hendricks' corner on Ninth Street. The Dalles Times-Mountaineer has an advertisement of the University of Oregon, in which it locates said institution of learning at Salem, Oregon. Mr Chas Prim, of Jacksonville, has been appointed U S storekeeper and gauger in that city, vice Wm Turner resigned. A splendid appointment. Rev C A Woody who graduated from the State University a few years since, now has charge of the Weston Normal School. His wife also teaches in the same institution. Mr H G Hadley's new residence on Eighth Street near that of Mr S B Eakin, Jr, is progressing rapidly. Mr Hadley and wife will move into the same as soon as it is finished. John Mackay, the Bonanza millionaire and President of the Postal Telegraph Company will probably arrive in Portland on business connected with his telegraph company to-day. Will parties in reach of town who purchased money orders on Monday last call at the postoffice as soon as convenient. I desire to learn who got money order No 2921. F. W. OSBURN, Postmaster. Mrs A S Duniway of the Portland Northwest, delivered an able lecture at Rhinehart's Hall last Wednesday evening, on the subject "Temperance," to a large and appreciative audience. A few John Deere Moline and a few J I Case's Racine plows can be bought for less than wholesale prices at the closing out sale of Pengra, Wood & Co on Ninth street opposite Rhinehart's Hall. Several gentlemen here this week looking for vacant business buildings in which to establish new lines of business. It is needless to say that they are disappointed as there is not a single vacant house of that class in town. Quantity in medicine is no indication of value. Ayer's Sarsaparilla is concentrated and powerful; requires a smaller dose, and is more effective dose, dose for dose than any other Sarsaparilla. It is the best of all blood medicines. Miss Binnie DeForest will give a reading for the benefit of the University Societies, at Rhinehart's Hall on Friday, October 15th. The lady's reputation as a rare elocutionary artist, assures the public that the entertainment will be most interesting one. This week Joe Hinkle bought the remnants of the Millions' band of cattle for \$1500. Joe is one of the luckiest mortals on earth, as those who are well informed regarding the number of cattle in Mr Millions' band say there are about 100 head.—Prineville Review. The foot race at Astoria last Saturday between Geo Noland and Ed Rea was won by the latter, he coming out five feet ahead. A foot race has been arranged between Noland and Grant, 150 yards, for \$500 a side, to be run at Astoria Oct 27th. Services will be conducted next Sunday at the Presbyterian Church by the new pastor, Rev Geo A McKinley at 11 a m and 7 p m. Sabbath school convenes immediately after morning worship. Young people's prayer meeting at half past five. The public cordially invited. News has been received from the Lower Siuslaw to the effect that the cannery there and the one on the Umpqua are unable to handle the enormous catch of salmon. At no very distant day the fishing interests on the Siuslaw will produce more money than all the wheat fields in Lane county. Little boy (looking up from a newspaper)—"Uncle, what is 'The Great Woman Question' that the papers say so much about?" Uncle, (who is a cynical old bachelor)—"The great woman question, did you say? I suppose it is 'what did she have on,' and did she get the 'rig' at Friendly's?" Thursday's Oregonian gives Mr Geo M Miller, of this city, a severe handling for the manner in which it is claimed he treated the Missouri colony in its efforts to procure a location on the Lower Siuslaw. Mr Miller owes it to himself and the people of Lane county to make a full explanation of the matter, and we welcome him to the use of the columns of the GUARD to thus explain.

STATE UNIVERSITY.

A column devoted to the interests of the Laurean and Eutaxian Literary Societies, and the State University. MARY BONNETT.....EDITOR. Can't always be with you.—E L P. Mat Fenton enters school next week. Mr Arthur St Clair visited the society last Friday. C A Condit, Normal graduate of '84, is teaching at Halsey. Space will not permit publishing our President's address. Miss Anna Patterson began teaching last week near Junction. The furniture for the new Library will soon be completed. Frank Hays, a former student, visited friends here last week. Rev Smeed has entered the University, taking up special studies. Lena McCown is engaged in setting type for the Oregon City Courier. The society was favored by a reading by Miss Emily Bristol last Friday. Mrs R M Reese and Mrs Sutherland and son, visited the University this week. C A Duniway, son of Mrs A S Duniway, is a student of the University this year. Alex Brandon, one of last year's students, is attending the Willamette University. At the last meeting of the Eutaxians Miss Amanda Chrisman signed the Constitution. The resignation of Francis Cushman having been accepted, Mark Bailey was elected Librarian. The first Rhetorical classes of this year handed in their essays last week to Prof Hawthorne. All college students have been organized into Elocution classes under the instruction of Prof Spiller. The regular annual possession of the Eutaxians will be held next—188—. All are cordially invited. The University library is at present being moved from the old building to room prepared for it in the new. The names of Elva Galloway, Anna Crain, Bell Pattison and Dell Walton were proposed for membership last week. Great difficulty is found by the Eutaxians Treasurer in securing sufficient bonds, owing to the enormous sum in the treasury. Frank Neil, an ex-student, has accepted a position in the Jacksonville public school. Frank is giving entire satisfaction—especially in his fair sex. Messrs A C Woodcock and W S Shaw visited Salem this week and were admitted to the bar, and doubtless will distinguish themselves in their chosen calling. Mr E O Potter fills the enviable position of tutor during the absence of Mr Woodcock. Good lessons and willing and cheerful obedience are the order of the day. The usual annual sociable, under the auspices of the junior classes, was held last Saturday night. An uncommonly good time was reported by all present, students and visitors. The Eutaxians elect the following officers for the present term: President, Lura Murch; Vice Pres, Leathe McCornack; Sec, Glen Shaw; Treas, Emma Dorris; Editor, Mary Bonnett; Marshal, Emily Bristol. Miss Binnie De Forrest will read under the auspices of the Laurean and Eutaxian societies in Eugene on the 15th. Miss De Forrest is an elocutionist of rare power and we predict a treat for all who hear her. The following officers were elected by Laureans for the ensuing term: President, E O Potter; Vice Pres, A J Collier; Secretary, E O Orton; Asst Sec, Darwin Yoran; Treas, Geo Finley; Censor, F M Mulkey; Editor, M G Butterfield; Sergeant-at-Arms, L E Woodworth. Among the names, discovered by the senior class, on the top of the middle sister, is that of D W Bass. By what mysterious means it got there is unknown, as he did not pass through Eugene on his way, unless his soul got loose from his body and went soaring past above our heads. The question to be debated next week by Eutaxians is: Resolved, "That Washington Territory should be admitted as a State." Affirmative leader, Fannie Condos; colleagues, Emily Bristol, Etta Moore, M Bonnette. Negative leader, Ida Porter; colleagues, Glen Shaw, Minnie Uren, Len Holt. The question debated last Friday by Eutaxians was, Resolved, "That officeholders should be assessed for expenses of a party campaign." Affirmative leader, Glen Shaw; colleagues, Emily Bristol, Ida Porter, Sue Dorris. Negative leader, Emma Dorris; colleagues, Etta Moore, Lura Murch, Minnie Uren. Being considered peculiarly fortunate (?) after the usual strife and rivalry among the Eutaxians for this office, the honor and responsibility has devolved upon one who will not hope to excel her predecessor, but will earnestly endeavor to acquit herself creditably. We cordially welcome the new Laurean Editor into his new field of labor, and hope his duties will be pleasant and agreeable. "BOOMING" TOWNS.—The papers over the State are talking overmuch about the booms being enjoyed by Salem and Albany. Notwithstanding the bragging and fairy talk by the dailies of the two towns above named there is scarcely any building going on at either of the places. During the past Summer and this Fall there have been more residences and business houses erected in Eugene City, than in Salem and Albany combined, and no blowing or bragging has been indulged in either. Right at this writing there are 10 to 15 residences being built, one three-story hotel, two two-story brick business houses, and one brick business house is having another story added. But Eugene is not "booming" she is just keeping pace in the procession with the growth and development of the surrounding country. Only that and nothing more.

Personal.

The O P R R has let a contract to O W Hunt for building a thirty mile extension of its line east of Albany. Application has been made for a daily mail from Portland to Coburg on the narrow gauge. By all means the petition should be granted. Matt Hendricks has just received direct from the manufactory a large invoice of plows, harrows and seed drills which he will sell cheap. Call on him and examine his goods. The delivery team took a spin Monday evening and run into Clark's truck team which made a run up Willamette street. Considerable noise and confusion and no great amount of damage resulted. The dispatches state that Jack Dempsey, knocked down four dudes in San Francisco who not knowing him were bantering and insulting the redoubtable Jack. Sam Friendly is like Jack Dempsey for he has beaten all the other merchants in Lane county, in knocking down the high prices of goods. If you want to get the most for your money call on Friendly. Postmaster Osburn has about concluded to take the contract of carrying the U S Mail to and from the depot. Yesterday morning the mail wagon got the mail and Mr Osburn thought nothing about the matter until he heard the train whistle, when he shouldered the mail sack and by good running caught the train. One more returned than went and that was a baby boy. Judge Walton and Hon I Blyeu have been in Salem the greater portion of the week in attendance upon the Supreme Court. Mr Chas Hays will leave for Eastern Oregon in a few days where he will permanently locate and go into the stock business. We wish Charlie success in his new home. Mr John Weaver, of Waltherville, last Sunday received a dispatch from Sussex, Wis, stating that his father was quite ill and not expected to live. Mr Weaver left for that place Monday, and by this afternoon will be at his father's home. The old gentleman is 85 years of age, and it is hardly probable that he will recover.
