

No Democratic renouveau. We commend the following spirited article from the Portland Sunday Evening Oregonian...

A Democratic President has now stood at the wheel for some time, and as yet the ship of State has not been dashed to pieces...

An American is always an American, be he Democrat, Prohibitionist or Republican; and no one party contains all the brains or patriotism of the country...

Intelligent people were not scared off by the "bugaboo" warnings of the hired stumpers of the Republican party; and to-day they scarcely think to call attention to the fact of the Democratic Administration's fidelity to the country...

Louisville Courier-Journal: Fortunately, the Republicans are not in power. Under a Republican administration Mr. Sherman would have satisfactorily proven that the earthquake predicted by E. Stone Wiggins had been averted by the Republican party.

Public Printer Benedict's axe fell again yesterday and with it the head of fifty-three employes in his office. He will reduce the monthly expenses of the public printing office by \$67,000 without delay.

Gen. Buller, who was sent to Ireland to adopt coercive measures reports that in a great measure the disorders existing there are of Government making. In removing this reproach England would perform an act of justice as well as policy.

The New York Herald says that an estimate has been made that at the close of the present administration the reduction of the outstanding interest bearing debt will be such as to bring the amount below \$1,000,000,000.

In the storm of Tuesday night the town of Sabine Pass, La., was utterly destroyed by the wind-driven waters of the Sabine river and bay which were forced in, on the luckless village. Sixty-five people, its entire population, perished.

A. S. Hewitt, Tammany nominee for Mayor of New York, and endorsed by the County Democracy, like Henry George, is a Free Trader. He is brainy, and a good man in every way.

The Hon. Jay Hubbell, it is very sad to note does not like the Democratic Administration. In the meantime the said d. a. will continue in business at the old stand.

Aleck of Battenberg has announced himself as a candidate for the Bulgarian throne. Aleck has a long head and will do his level best to capture that 250,000 per year.

We want to know why it is if the wool tariff enhances the price of wool that the highest price is brought by the article upon which there is the least duty.

Senator John Sherman thinks that the land grants made by the Republican party to railroad companies have been of untold benefit to the nation.

Mr. Blaine will speak in Pittsburg on the 20th inst. All the natural gas wells will be shut off on that occasion.

In the State of Georgia there are 2,283 retail licenses issued by the U. S. Internal revenue officers. A piece of land was sold in the city of London the other day at the rate of \$10,000,000 per acre.

Wm. Dickey, who was in the legislature of 1842, is to sit in the next Maine legislature. There is more silver money in circulation in the United States now than ever before.

That Colony Business. EDITOR GUARD:—Concerning the "severe handling" in the Oregonian to which you called attention in last week's issue I have only to say: The Portland papers aroused by the jealousy of Lane county's progress especially the western part take every possible opportunity to advertise any disparagement they can learn of and totally neglect to tell the truth concerning its advantages. This is all there is in the "Colony Business" the Oregonian delights so much in criticising. As to the insinuation that I received the colony by overrating the country, I simply refer all persons to my published circular which was sent to this colony before they left Missouri.

The surface of its territory is quite broken; beginning at the sea level, eastwards for thirty miles to the summit of the Coast range, the broken hills, timbered with fir, cedar, and small maples, rise to a height of 300 to 1000 feet, then eastward to the same gentle slope of wooded hills lead down 15 miles to the Willamette valley. The idea that there are large tracts of level land in Lane county still vacant is erroneous. There is none worth naming in Oregon west of the Cascade mountains.

If the Missouri colonists have not intelligence enough to comprehend these words they should not blame me. And the charge that I persuaded the colony to leave Missouri to settle on the Sinalaw and then located the land which I had told them was vacant, is without foundation and I defy all persons to produce proof to the contrary. All the land I claim on the Sinalaw was entered in the month of February, 1886, and this colony did not decide to come until after the following May as letters from their organizer Dr Stone now in my hands will clearly show.

This story about my grabbing all the lands with a view to speculating upon them was probably circulated for the purpose of exciting sympathy and the Portland papers gladly seized it as an opportunity to disparage the growth of this colony. I never offered to sell to anyone for I have as yet no title and nothing to sell. This whole affair originated as stated above in the jealousy of Portland papers. Lane county seems to be satisfied with my treatment of immigrants. I have heard no complaint from any quarter, and even if I did not see fit to encourage their settlement on the Sinalaw no one has a right to grumble as I pay the entire expense of the immigration business in Lane county. It is quite likely that this colony would not be the best able to settle up the Sinalaw. They do not understand how to make themselves prosperous on the sea coast having been accustomed to inland prairies. It is thought best by those most nearly interested that persons from the Atlantic Coast who know how to handle tide lands, conduct shipping, fishing, &c, would do more to develop the resources of the county and therefore are preferred as settlers.

Thanking the GUARD for the courtesy of its columns I shall continue to work for the best interests of Lane county and hope to be able with the co-operation of the people to continue its prosperity. G. M. MILLER.

Representative Murphy, of Iowa, has the following to say about the popularity of President Cleveland in the Western States: "The prospects are bright for the Democracy in the Northwest. The discontent within the party and particularly that arising from the distribution of patronage, is rapidly dying out. Men who failed to get places see plainly that office holding after all is not unmixed good fortune, and are contentedly turning their attention to private business. The administration is warmly endorsed. Its honesty, its economy, its firm simplicity are recognized as the trinity of good government, and the people are more than satisfied with it."

A heavy wind on the Gulf of Mexico last Wednesday drove the water in some places inland causing some destruction of property.

THE BEST. Hair restorative in the world is HALL'S HAIR RENEWER. It cures all diseases of the scalp, and stimulates the hair glands to healthy action. It stops the falling of the hair; prevents its turning gray; cures baldness, and restores youthful color and freshness of appearance to heads already white with age. The following are a few illustrations of what is done by HALL'S HAIR RENEWER:

Mrs. HUNTER, 344 Franklin Ave., Brooklyn, N. Y., after a severe attack of Erysipelas in the head, found her hair—already gray—falling off so rapidly that she soon became quite bald. One bottle of HALL'S HAIR RENEWER brought it back as soft, brown and thick as when she was a girl.

Mr. KESLING, an old farmer, near Eugene, Ind., had scarcely any hair left, and what little there was of it had become nearly white. One bottle of HALL'S HAIR RENEWER stopped its falling out, and gave him a thick, luxuriant head of hair, as brown and fresh as he ever had.

Dr. E. H. BIRD, Detroit, Mich., certifies that "HALL'S HAIR RENEWER is excellent for hair growing, and gives back the natural color to faded and gray hair."

Mrs. S. E. ELLIOTT, Glenville, W. Va., says: "One bottle of HALL'S HAIR RENEWER restored my hair to its natural, youthful color." No injurious substances enter into the composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree beneficial to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brash, like the so-called restoratives compounded with alcohol.

Buckingham's Dye FOR THE WHISKERS. Is, in four respects, superior to all others. 1st—It will produce a rich, natural color, brown or black, as desired. 2d—The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact. 3d—It is a single preparation, and more convenient of application than any other hair or whisker dye. 4th—It contains no deleterious ingredients, as do many preparations offered for like use.
