C. CONTRACTOR

That portion of our prospective new navy whose construction has already been sanctioned by Congress numbers eighteen ships of all classes, to cost an aggregate of something more that \$20,-900,000, and most of which, barring accidents or failure of appropriations, is expected to be affoat four years hence, They are required to be built entirely of metal, and no device known and ayproved at the date of their planning to secure efficiency as fighting machines has been or is to be omitted in their construction. Their armament throughout will be of modern high power guns, the largest weapon at present conten plated being 12 inch breech loading rifles, carrying a projectile which weighs more than 800 pounds and requiring more than 400 pounds of powder for each discharge. The theoretical range of such weapons is about twelve miles, but difficulties in the matter of elevation and otherwise serve to reduce this somewhat in practice

Tennessee politics have been badly mixed by the nomination of "Alf" and "Bob" Taylor for Governor by the two great parties. It seems that there are four other brothers, each of whom thinks he ought to lead a party, while the father is willing to be a prohibition candidate and the mother is a "woman's rights woman." It is a sort of political happy family.

When Jules Verne wrote "Around the World in Eighty Days," it was a sensation as showing probabilities. . It is now shown to be a matter of making transfer connections, to go around this planet in sixty-nine days.

A Chinese physician has offered to cure W. S. Ladd, of Portland, of paralysis, for \$100,000, no cure, no pay. The great banker does not see it in that light and offers \$3,000. The Chinaman is no hog, he knows when he gets enough.

The conscience fund in the United States treasury amounts to nearly \$250,000.

That the reader may fully understand what constitutes a good Cough and Lung Syrup, we will say that Tar and Wild Cherry is the basis of the best remedies yet discovered. KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected,
the disease perpetuates its taint through
generation after generation. Among its
earlier symptomatic developments are
Eczema, Cutaneous Eruptions, Tumors, Bolis, Carbuncles, Erysipelas,
Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Serofulous Catarrh, Kidney and Liver Diseases,
Tubercular Consumption, and various other dangerous or fatal maladies, are
produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine Hondaras Sursaparitla, with Fellow Bock, Stillingia, the Iodides of Potassium and Iron, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world,
