The State school board, consisting of the governor, secretary, and treasurer, were authorised at the late session of irreducible school fund at as low a rate as seven per centum. The previous rate has been eight per centum, and the board has decided to continue the loans at that rate, because there are enough applicants for loans at eight per centum to cover the entire amount There is somewhere between \$100,000 and \$200,000 in the fund, and it will be foaned out soon at the old rate,

The spectacle of a great Republic in the nineteenth century trying to be a commercial nation under medieval tariff laws is the astonishment of all other countries.

Honorably Acquitted.

In the case of "The State of Oregon vs Louis Seymour," charged with the larceny of a watch from John Coffey, about six weeks ago, the accused was honorably acquitted. Mr Seymour and his partner, Mr Gilbert, have made many severe friends during their temporary stay in this city. They have valuable mining interests in the Cascade Range near Blue river, and have invited all the "Vidette" force, from editorin-chief to lady compositors, to visit
them next summer, in their mountain
home. They report that game, such as
bear, deer, antelope, etc., are abundant,
and the fishing is excellent. The boys
have spent considerable time in develing that mine and are on a fair road to
wealth at last. They say that there is ed all the "Vidette" force, from editorwealth at last. They say that there is twenty feet of snow on top of their house at present writing, and that they have \$200 worth of provisions therein, which are perfectly safe from man or beast. In the summer it is a delightful place, with pure air, pure water, and always in sight of the Three Sisters' "eternal snows." - Salem Vidette.
