Fisher and otter, \$2 to \$6.

## Dexter Pickings.

April 28, '87. Genuine spring weather this week. Barr Bros. and E. P. Williams spent Tuesday night in Eugene. Mr. Wm. Preston, of Eugene, made this place a visit this week. Mr. Ed. Smith has engaged to work in the Pleasant Hill saw mill. Uncle Thos. Barbro has been quite ill during the past few weeks. Several from here were in attendance at church at Pleasant Hill Sunday. We learn that Miss Nora Guilley did not go to Pendleton, as stated in our last. Miss Lizzie Matthews and Lola Dabb are from Eugene this week visiting relatives. Mr. Jas. Parvin returned yesterday from Eugene, where he has been in attendance at Circuit Court. Barr Bros. are talking of putting up a motor with which to run their turning lathe and other machinery connected with their shop. Mrs. Henry Walker was examined before Mr. Harris and others one day last week and judged insane. She was taken to the asylum yesterday. We are sorry to see the Laurean editor shed the editorial harness, but when we look back over his past editions we are conscious of the most ingratitude (?) on our part. However, we offer you a shake of the paw in token of our heart's desire. We now have a tri-weekly mail service between this place and Goshen, on Tuesdays, Thursdays and Saturdays. After this week we will get local papers on Saturday instead of Monday. Most everybody seem well pleased with the changes that have been made. Quite "small," indeed, is the purported correspondent from this place to the Register last week. He's "A. Q. Cumber" in a very new stage, and, instead of progressing toward maturity, he gets greener every day. We return we truly say that "there are 'Small boys' whose visages do cream and mantle like a standing pond; and do a wilful action certain with purpose to be dressed in an opinion of wisdom, gravity, profound comit.

## Uno Hoo.

April 26, '87. Farmers are about done seeding. Mr. William Preston and family are visiting friends in this place. Mr. Isaac Perciful and Mr. T. Barbro are both indisposed. Uncle Samuel Baughman, of Pleasant Hill, has here to-day soliciting funds to be sent to friends who are almost destitute on account of the extreme drouth in the "Lone Star State."

We have mail three times a week now, and it would be much more preferable to all readers of the GUARD and Journal if we could receive them on Saturday, and not have to wait until Tuesday.

While working in her garden recently, Mrs. Mary Griffin, of Fall Creek, had the good fortune to find in a lump of dirt a \$5 gold coin bearing date of 1854. That "bogus" correspondent still continues to furnish what he claims are items from this and other places; and it does seem as if in his last effort he had gathered all the mud and slime possible to hurl at another. The people hereabouts are tired of having such vile language published as coming from some one who resides here. This young man who signs himself "Uno Hoo," never was a resident of this place, but resides in Eugene, and claims to be a student at the University. Just what he will do for language to explain himself when he has used up all the big words found in Webster's Unabridged, is what troubles us.

## A Card.

Dexter, April, 23, 1887.

There was a notice published about a year ago which I wish to call the attention of the readers of this paper to, and also rectify the mistake. I should have done it at the time, but I have known there was such a notice published. It is rather late, but better late than never. The notice read thus: "Notice is hereby given that my wife, Bessie H. Horn, has left my bed and board, and all persons are notified not to trust her on my account, as I will pay no debts of her contracting."—J. W. Horn. Of course this does not concern any one but me, but as it false I do want it rectified for the reason, he left me and took his bed and board with him. This I can prove.

## List of Letters

## A Card of Thanks.

We desire to extend our most sincere thanks to the friends, of Pleasant Hill and other place as well, for their many tokens of friendship and kindness during our sister's late illness and our trial in time of need. ISAAC BARCLAY, SARAH BARCLAY.

## Spencer Butte Items.

April 28th, 1887. Fine spring weather. Farmers busy sowing grain. Miss Kate Farrington began teaching in district No. 98 last Monday. Mr. Geo. Breeding and his niece, Miss Mary Cox, are visiting relatives at Lowell. Our school is progressing finely under the management of Miss Mabel Dunn. Mr. Wm. Blanton, Jr., has sold his lease on the Judkins farm to a Mr. Shelly, and will leave as soon as he can cross the mountains. BLUE BELLS. E. G. Keeney and Samuel Holloway to L. Wilson, lot in Shaw's addition to Eugene; consideration, \$290. James J. Riffe to Eli B. Barger, two lots in Shaw's addition; con., \$800.

FINAL REPORT.—The grand jury in its final report say that the different public offices and county jail are kept in a good condition. In ending the report the following recommendation is made: "We also wish to submit that the present court house is an old building, having been built in 1852, and that it has become inadequate to the needs of the county, and we would recommend, that instead of making any addition to the old building, that a new one be built, with a jail in the basement thereof. As an economical measure we regard this as to the best interests of the county." We think this a very sensible and timely suggestion. A good substantial court house, that will be a credit to the county, can be erected for \$30,000. We would advise the County Commissioners Court to annul the contract recently made for an addition to the building. No more money should be thrown away by improving the old building. The grand jury that make this recommendation was composed of solid farmers, therefore we take it for granted that the producing element is nearly unanimous for the improvement. By all means, let's have a new court house.

HEREFORD CATTLE.—Messrs T L and T E Miller arrived here from Beecher, Illinois, last Monday, with a car load of the famous Hereford cattle, which they offer for sale to our stockmen. These cattle are thoroughbred and duly registered in the stock books and are guaranteed. They are just the cattle for this county, as they are heavy and easily fattened on grass. A two-year old steer will weigh from 1,300 to 1,400 pounds. It will be readily seen that it will not pay to raise "scrub" cattle when such stock can be secured. These cattle are now on exhibition in this city. Come and see them; it will cost you nothing if you don't purchase. In another column will be found an advertisement of this lot of cattle which gives fuller information.

SENTENCED.—Judge Bean last Wednesday morning passed sentence on the following persons: Edward Drake, convicted of stealing a coat from the Home hotel, was sentenced to one year in the penitentiary. Wm. Ray, convicted of stealing a horse, was sentenced to four years in the penitentiary and to pay the costs of the action; for stealing a saddle it was adjudged that he pay a fine of \$50 and serve 25 days in the county jail on the expiration of his sentence in the penitentiary. Ellis Eastwood, who was convicted of abduction of a girl under fifteen years of age, after a good lecture, was sentenced to one year's imprisonment in the penitentiary, and to pay the costs of his trial. Sheriff Sloan and Deputy Plaster took the prisoners to Salem last Thursday morning.

PRELIMINARY DIVISION.—On and after to-morrow Eugene City will be the end of a freight division. Freight trains will arrive from Portland at 6 o'clock p. m. and depart at 4 a. m. daily. According to the schedule a daily freight train will leave here at 7 a. m. for Roseburg and arrive here at 4 p. m. However, it is likely that the schedule will be annulled so as to make the last named freight only a weekly.

MATCH RACE.—A match race of a half mile has been made between Hayes and Hadley's mare "Rimrock Belle" and J W Major's horse "Garfield," for the sum of \$500 a side the race to be run on the track of the Lane County Agricultural Society, May 28, 1887. As both horses are known to be flyers an interesting contest of speed is expected.

THE SENTRY.—The Salem Talk has changed its name to "The Daily Oregon Sentry," abandoning its "pent up Utica," and proposing to take in the whole area of the state, if not of the continent. It will at least "fly with its own wings." Its banner is inscribed with the word "Prohibition," and its editor the Rev. McCain.

ADJUDGED INSANE.—Last Tuesday evening Mrs. Parthena Walker, of Fall Creek precinct was brought before Medical Examiners Drs. Shelton and Harris and Judge Washburne who pronounced her insane. The unfortunate lady was taken to the asylum at Salem Wednesday morning by Special Deputy Sheriff McGhee.

DELEGATES.—Last Tuesday evening Spencer Butte Lodge No. 9, elected Messrs. J. W. Cherry, J. R. Campbell and R. M. Day as delegates to the L. O. O. F. Grand Lodge that meets in Portland May 17th.

GIRL WANTED.—A girl to do general housework. Inquire at the residence or store of Mr S H Friendly.

The improvements made on the front of the National Bank block adds greatly to its appearance. After this week our Dexter and Pleasant Hill subscribers will receive the GUARD on Saturdays. Choice groceries the best in the market at the lowest cash price at Cottle & Howard's City Grocery. Shall Eugene celebrate the coming Fourth of July? If so, arrangements should be commenced soon. It is expected that the O & C R R, including the Siskiyou tunnel will be completed by September 15th. Mr. J. R. Ream's new business building, to be occupied by Gus. Hickethier, is rapidly nearing completion. Mr. Russell Wyatt, of this city, will graduate in June from the business course of Willamette University. Maud Miller, Joquin Miller's daughter, who married Actor McCormack, is acting at a dime museum in Washington. The O. & C. R. R. will build a water tank here and use water to fill the same from the Water Co's mains. If there is anything in the grocery line you wish you should get prices at the City Grocery before buying elsewhere. Judge J. J. Walton Jr. has been appointed Deputy Prosecuting Attorney for Lane county by Prosecuting Attorney Hamilton. Governor Pennoyer has decided not to appoint successors to the members of the State Immigration Board who recently resigned. We understand that Conductors Conser and Wilson will be the ticket punchers on the Eugene Express train in two or three weeks. Don't fail to hear Miss Parrish. Has crowded houses elsewhere. The musical people of Eugene will be sorry to miss such a treat. Curtis Baird, ex-Superintendent of Schools in Clackamas county, has been sentenced to four years in the penitentiary for crookedness in his office. The races May 30th and 31st on the Lane County Agricultural Society's track near this city will be largely attended. Already many horses are in training. We have just received a large lot of job stationery direct from New York, and therefore are prepared to do job work at "way down" prices. Give us a call. Mr Sampson McConnell has been appointed superintendent of the poor farm. It is probable that all county paupers will be removed to the farm next week. Chief Engineer Day and Geo. A. Dorris, of this city, have been assigned topics to be discussed at the State Firemen's Association to be held at Vancouver, W. T. Day & Henderson have just received from the East an invoice of very handsome window cornice poles and window shades. Step in and take a look at these new goods. Geo. M. Miller will furnish information and sell farm rights for the combined wire and picket fence during our absence. J. P. SWEET & CO.

Mr Henry Villard will soon visit Oregon in his private car which has not been used since the gold spike days. If Mr Villard should visit Eugene our people will give him a hearty welcome.

Messrs White & Galliber of Salem, agents for the celebrated Everett pianos can be found at Baker's Hotel for a few days. If you want a good piano or organ at reasonable rates give them a call.

The insulting incensation against the grocerymen of Eugene made by the correspondent of the Oregonian from this place, was uncalculated and unprovoked. The correspondent, to judge from this article, seems to be neither naive, fool nor idiot, but a mixture of all three. Who is he, anyway?

Articles of incorporation of the Eugene Electric Light Co have been filed in the Secretary of State's office, with J F Robinson, H C Humphrey, F B Dunn and J C Church as incorporators. Capital stock, \$20,000. The Company means business and will purchase the machinery necessary in a few months.

Miss Hallie Parrish, Oregon's Prima Donna, will sing at Rhinehart's hall Friday, May 6th. Come everybody and secure seats early, as all lovers of music will not fail to be present. Admission 50 cts; reserved seats 75 cts. Proceeds for religious purposes. Tickets for reserved seats at Crain Bros.

Levi R Ellmaker who lives about eleven miles from Eugene in the vicinity of Long Tom postoffice, says he is tired of scrub stock and he has made up his mind to have some good Hereford cattle. With this end in view Mr Ellmaker has purchased from T E Miller who has the Hereford cattle here the very choice two year old bull, Sankey, 19386, sire Downton King 14897, Dam Violet 24, 18189, for \$500. Mr Ellmaker has a fine animal.

## STATE UNIVERSITY.

A column devoted to the interests of the Laurean and Etaxian Literary Societies, and the State University.

## NELLY HILL.....EDITOR.

However light may seem the production in this column from my pen, it is a task heavy and laborious. I do not profess to be a wit nor a sage; then how is it possible to interest you, kind reader? Any help from friends will be kindly received, and I will also try to profit by just criticism. A column from the society of the State University bears upon my mind with great dignity and wisdom. Never having been so greatly honored before, it is with a timorous feeling that I undertake this work. I shall try to please you all, and my aim will be to further the interests of our society in particular, and to make it known through the press. In this way I shall tell to the public our doings and all news about the school that is proper for this column. Any thing I can do by this means to promote the prosperity of the Etaxian society will be my greatest pleasure. Our society column should be filled every week, for there is enough work and business to fill a good space. It is a great advantage, a step in advance that girls may manage societies governed by parliamentary rules and debate upon the live questions of the day. The greatest study is to tell what we know. Our learning will amount to little if we cannot impart it. Here is the place to learn to talk in public and debate. We now live in a time when our brains are not considered inferior to those of our brothers; and to be equal with them in learning, you must have this part of a University's education. Therefore we ask and urge upon those who are not members to take advantage of this privilege. We have some able debaters, and can learn much from them, and have more command over ourselves. We shall then be a greater benefit to the world and to people who surround us. It is well that we have lived if the world is better for it. We must then learn self control, and to debate is the place to be taught.

## Who fell down stairs?

Students have the boating fever. The seniors finished geology this week. Miss Bessie Day was with us last Friday. "Are you sure they got in before eleven?"

Mr. Herbert Johnson will be the valedictorian. We will comment this week on Pattison's beard.

Miss Bristol has invested in a cottage trunk. Some of the seniors have had their pictures taken.

Judge Greene will deliver the University address. Every one can now wear a button hole bouquet.

Miss March is interested in Mr. Johnson's upper lip. Miss Alice Dorris will write the annals of the alumni.

Miss Katie Buick will attend the commencement exercises. While in Portland Miss McClung almost pawned her hat.

The Latin reader class commenced Esop's Fables Tuesday. Mr. Ed. Potter has had his cottage built out on the Siuslaw.

Rev. John W. Sellwood will deliver the Baccalaureate sermon. I wonder if it would be safe to attack the seniors and Laurean editor.

The new railroad schedule will be a great convenience to the students. Mr. McClain at present is very much interested in the raising of turkeys.

Of all classes around the University, we think the juniors the most musical. Mr. Embree has been down on his knees, E—D— says, but it was accidental.

Miss Ella Burbridge, a former student, commenced teaching school at Mable. Miss Jennie Taylor commenced teaching school last Monday near Spencer's butte.

The attendance at the society last Friday was larger than at any other time this year. Quite a number of the educators of this state will attend the commencement exercises.

Our Pres. Johnson has been very jovial this week, maybe because tempus is fugiting so fast. The preparation of the wardrobe of the pettycoat seniors will be of great interest to the girls.

The speeches of the new officers last Friday were not tedious, and were heartily applauded. Senator Mitchell has been asked to address the societies, all the boys voting for him, the girls asking.

The next Y. W. C. T. U. sociable will be held at Prof. Condon's, exclusively for honorary and active members.

Some of the ex-Entaxians meet with us, which is a pleasing addition; we should like to have more of them with us.

We thought by the looks of things and by the noise that one of the seniors had lost his hat in the mill race last Sunday.

Many of the students have been attending the phrenological lectures. It is to be hoped the time was well spent.

With the absence of Miss Ida Porter our society is left without a librarian. She will remain at home to have her ears treated.

Our new president, Miss Jessie McClung, entered upon the duties of her office, and we expect a profitable turn while she officiates.

Don't any one dare, even through kindness, to pull out one of the three gray hairs in our ex-president's head. She is now serving her third term as marshal.

In passing through the valley we meet many who wish to attend this school, and some who intend to enter next year. They for most part are energetic students and will do honor to the institution.

We were taught this week that "our lives were dependent on the air we breathe." Our days are numbered if we are compelled to use the air in some of the rooms much longer, "give us" air "or give us death."

Some do not attend society on the plea that they are worn out when Friday comes. While this may be true, the Etaxian society is at a convenient hour and is a recreation, while those who are successful make it a study; but it is so different from the others that it gives pleasure instead of weariness. Others complain that it is too far to walk back; the walk is greatly needed for their health.

"In the spring a fuller crimson comes upon the robin's breast; In the spring the young man for a mustache does his best; In the spring a livelier iris changes upon the burnished dove; In the spring the girls are hunting for a new young man to love."

Calico Ball. The dancing people of Eugene and vicinity are notified that a Calico Ball will be given at Lane's Hall, Friday evening, May 6th. The ladies attending are expected to dress in calico. Good music has been engaged for the occasion and gentlemanly floor managers will be in attendance. An enjoyable time is expected.

## Junction City Items.

April 28, 1887. Hiram Brasfield of Newport is in town. Mr. N. Gilmore returned from his Eastern trip Tuesday. Mrs. Wilkins and children returned from Corvallis Saturday last. Johnson's restaurant will be ready for meals in a very few days. W S McFadden of Corvallis spent Sunday among relatives in this vicinity. John Kirk said he would not have an inch of ground unless he owned acres. Look through the down town field glass if you want to see what is going on up-town—so say the inquisitors. Tommy Blew shot at a snipe last Sunday, hit his valuable dog, and now the snipe is better off than the dog. A dance next Friday night by Jim Casteel; supper at Johnson's restaurant. Give us good music Jim, and we will all go. Judge Walton of your city, and Geo. Pickett of San Francisco went down on Monday's train. Former to Salem, latter to Baker City. The boys who play the French harps with banjo accompaniment are possessed of more than ordinary musical ability. Their playing is fine. The lost, strayed, or stolen look being worn by Jim Milliron is on account of his wife visiting her brother, B. M. Mulholland, in Pendleton. If Misses Sarah Bushnell and Minnie Scott, of your city, visited here last Friday, Mr. C. F. Rupel told the truth; if they did not he knows what he told. Two young men went to a dance last Friday evening and tried to remove a stump en route, but owing to the firmness of same they now have damages to pay. The Misses Howard have opened a millinery establishment in the rear of Solomon's store. Their industry and good taste commend them to patrons in their line. Everybody who attended speaks highly of the musical entertainment given at Haber's Hall last Friday evening. There is good musical talent in the neighborhood if well cultivated. The conspicuous absence of W. H. Hoffman I find due to his inaugural to housecleaning. If he appears with dust on his knees you can bet that it was not put there during devotional exercises. Pat Blew left for Corvallis Tuesday to accept a position in Stock's cash store. He is competent from a hunk of bacon to a silk dress, and that's the kind of salesman you want in a general merchandise store. The change in railroad time, going into effect May 1st, meets with general approval. Time of trains going north and south will differ one-half hour from time when due at your place. All freight trains formerly remaining here over night will remain in Eugene. A night operator or wide awake operator is needed. It makes one eternally hornsawgled or something like that to have persons complain about an inoffensive remark made occasionally through these columns, and I many times wonder if Shakespeare (I think) wasn't rattled when he wrote: At every little scorn to take offense Shows great pride and very little sense.

Members of the Ladies' Aid Society offer a reward for the GUARD reporter. Should you kind hearted and noble women fasten your opinion upon an unsophisticated, unpretentious, knock-kneed, spangle-footed, pigeon-toed, hump-shouldered, fire-headed, lop-eared, long-nosed, bunion-proof representative of the stronger sex, won't you be surprised to hear that a lady wrote preceding and THESE ITEMS.

REOULAN. Office Hours, Eugene P. O. Mails for both North and South on through trains close at 8 o'clock p. m. On day trains for Portland and points beyond only at 8:30 a. m. Money order business from 7:30 a. m. to 5 p. m. Open Sundays from 8 to 10 a. m. and 6 to 8 p. m. F. W. OSBURN, P. M.

By ALL MEANS.—By all means there should a regular United States mail agent on the express trains between Portland and Albany especially when the distance of the run is extended to Eugene City. It will be a positive necessity to protect the interest of valley points and it is to be hoped that the action of the authorities be not delayed.—Salem Statesman. All of which should be done.

APPOINTMENT.—Last Wednesday the State Board of School Land Commissioners made the following appointments for Lane county: Treasurer J J Walton, local agent vice J G Gray; L Blyen, attorney, vice G S Washburne.

MARRIED.—At Harrisburg, April 24, 1887, at the residence of the bride's father, by Rev N Sweeney, of Brownsville, Miss Dora Brown Hendrix to Dr W H Davis, both of Harrisburg. The many friends of the bride in this city offer their congratulations.

Change of Time on the O. & C. R. R. Commencing to-morrow, Sunday, May 1st, the new time card of the Oregon and California Railroad will go into effect. It is as follows: Through trains south will leave East Portland 4:15, Oregon City 5:02, Albany (supper) 8:05, Eugene 9:55, Roseburg 1:45, a. m., Medford 8:35, (breakfast), arriving at Ashland 9 a. m. North bound, the train will leave Ashland at 5 p. m., Medford 5:45 (supper), Roseburg 12:15 a. m., Eugene 4:05 a. m., Albany 6:30 (breakfast), Salem 7:34, Oregon City 9:08, East Portland 9:45, Portland (O. & C. ferry) 10:10.

The local passenger train will leave Portland at present time 8 a. m., East Portland 8:15, Oregon City 9:08, Salem 11:02, Albany 12:40, arriving at Eugene 2:40 p. m. North bound, the train will leave Eugene at 9 a. m., Albany 11:35, Salem 12:52 p. m., Oregon City 2:40, East Portland 3:30, Portland 3:45.

The California express train will be the regular mail train, carrying clerks, but there will be a pouch mail by the Eugene express between Portland and the following stations on the east side: Millwaukie, Clackamas, Oregon City, Aurora, Hubbard, Woodburn, Gervais, Salem, Turner, Jefferson, Albany, Shedd's, Halsey, Harrisburg, Junction and Eugene, and vice versa. Any other stations which desire a pouch mail may receive it by applying to Postmaster Roby. Under this arrangement there will be no service between intermediate stations by the day train. This will be the only inconvenience occasioned by the change. The mail service by stages from different stations along the line will continue as heretofore, as the pouch mail from Portland will arrive at the same time.

Taken all in all, the new time card will be no small benefit to the valley as regards California and eastern mails. Hitherto only Oregon City, Salem and Albany have received mail from the East on the evening of its arrival here. Now all the towns in the valley will receive their mail in the evening. Roseburg will have her eastern mail practically one day earlier.

Two days' time will be saved between Portland and San Francisco under the new arrangements. Application has been made to the department for a service by clerks on the Eugene express, and it is thought will be granted. The California express will run every day. The Eugene express every day except Sunday.

Personal. Mrs. C. W. Fitch returned from San Francisco last Tuesday. Mr. E. M. Warren will leave on a visit to Canada next Monday. Mr. Max Friendly, of Corvallis, was in Eugene last Wednesday. Mr R B Hayes paid the metropolis a visit the first of the week. Mr E L Bristow of Salem is confined to his room with sickness. Dr McClure of Silverton visited Eugene friends last Wednesday. Mrs. J. O. Rhinehart last Wednesday left for San Francisco on a visit. Judge Walton attended the Supreme Court at Salem the first of the week. We were pleased to see Mr Wm Durant about our streets last Thursday morning. Hon T G Reames of Jacksonville has resigned his position as postoffice inspector. Mrs Gov Whiteaker of Portland is visiting at the residence of her son, Dr Whiteaker. Mr. Perry Baxter left for Baker City last Thursday, where he will permanently locate. Mesdames J. M. Thompson, J. F. Robinson and J. C. Church paid Portland a visit this week. Hon T G Hendricks left last Monday on a visit to Morrow, Unatilla, Union and Baker counties. Misses Lena Edris and Hattie Luckey, of this city, will graduate from the Academy of Sacred Hearts, at Salem, in June. Mr Wm Walker of the Lane County Bank has been confined to his room several days this week with sickness. Judge Bean will leave for Roseburg to-morrow evening, where he will hold the regular term of the Douglas County Circuit Court. Attorneys L Blyen and Geo S Washburne left for Prineville Thursday morning on professional business. Mr Blyen goes to defend Mr Felix Curran. Mrs. Jas. W. Hamilton visited friends in this city last Tuesday. Accompanied by her husband, she returned to her home at Roseburg Wednesday. Mr Geo T Hayes of Victoria, B C, is visiting in this city at the residence of his brother Mr R B Hayes. The folks at home had not seen him for 26 years. Mr Luther Rowland who has been working in this office for several months, leaves for Portland this morning, where he will work at his trade. He is a sober, industrious young man and an excellent printer. We wish him success in his new home.

REOULAN. Office Hours, Eugene P. O. Mails for both North and South on through trains close at 8 o'clock p. m. On day trains for Portland and points beyond only at 8:30 a. m. Money order business from 7:30 a. m. to 5 p. m. Open Sundays from 8 to 10 a. m. and 6 to 8 p. m. F. W. OSBURN, P. M.

By ALL MEANS.—By all means there should a regular United States mail agent on the express trains between Portland and Albany especially when the distance of the run is extended to Eugene City. It will be a positive necessity to protect the interest of valley points and it is to be hoped that the action of the authorities be not delayed.—Salem Statesman. All of which should be done.

Change of Time on the O. & C. R. R. Commencing to-morrow, Sunday, May 1st, the new time card of the Oregon and California Railroad will go into effect. It is as follows: Through trains south will leave East Portland 4:15, Oregon City 5:02, Albany (supper) 8:05, Eugene 9:55, Roseburg 1:45, a. m., Medford 8:35, (breakfast), arriving at Ashland 9 a. m. North bound, the train will leave Ashland at 5 p. m., Medford 5:45 (supper), Roseburg 12:15 a. m., Eugene 4:05 a. m., Albany 6:30 (breakfast), Salem 7:34, Oregon City 9:08, East Portland 9:45, Portland (O. & C. ferry) 10:10.

The local passenger train will leave Portland at present time 8 a. m., East Portland 8:15, Oregon City 9:08, Salem 11:02, Albany 12:40, arriving at Eugene 2:40 p. m. North bound, the train will leave Eugene at 9 a. m., Albany 11:35, Salem 12:52 p. m., Oregon City 2:40, East Portland 3:30, Portland 3:45.

The California express train will be the regular mail train, carrying clerks, but there will be a pouch mail by the Eugene express between Portland and the following stations on the east side: Millwaukie, Clackamas, Oregon City, Aurora, Hubbard, Woodburn, Gervais, Salem, Turner, Jefferson, Albany, Shedd's, Halsey, Harrisburg, Junction and Eugene, and vice versa. Any other stations which desire a pouch mail may receive it by applying to Postmaster Roby. Under this arrangement there will be no service between intermediate stations by the day train. This will be the only inconvenience occasioned by the change. The mail service by stages from different stations along the line will continue as heretofore, as the pouch mail from Portland will arrive at the same time.

Taken all in all, the new time card will be no small benefit to the valley as regards California and eastern mails. Hitherto only Oregon City, Salem and Albany have received mail from the East on the evening of its arrival here. Now all the towns in the valley will receive their mail in the evening. Roseburg will have her eastern mail practically one day earlier.

Two days' time will be saved between Portland and San Francisco under the new arrangements. Application has been made to the department for a service by clerks on the Eugene express, and it is thought will be granted. The California express will run every day. The Eugene express every day except Sunday.
