Wash-burne said he had been used to Newfound land dogs all his life, and could tell a fullland dogs all his life, and could tell a full-blood pup wherever he saw it, while Bilyeu asserted that no man appreciated fine stock (dogs) more than he, and he would have one of the pups if it cost him a fortune. As Good as a U. S. Government Bond.

A policy in the State Insurance Company of Salem, Oregon, in case of an honest loss is as good as a U. S. Government Bond. It is as good as a U. S. Government Bond. It has nearly one-quarter of a million of clean, first-class available assets, all of which is held in this State, for the payment of losses in Oregon and Washington Territory. It has paid losses in nearly every locality in the Pacific Northwest. Its payments have been prompt, clean and honest. It issues the best and most liberal policy that is to-day issued in Oregon. This policy contains no 60 or 90 days clause, (which causes a delay of that time in payment of losses, or a deof that time in payment of losses, or a de-duction for interest.) It is, we believe, the only policy issued in Oregon that does not contain such a clause. It contains no twothirds or three-fourths clause. It promises in the policy to pay the full loss up to the amount insured, and in case the agreed or amount insured, and in case the agreed of appraised loss is less than the amount in-sured it agrees to return the uncarned prem-ium upon the excess. It is the only com-nany doing business in Oregon, we believe,

sured it agrees to return the unearned premium upon the excess. It is the only company doing business in Oregon, we believe, that so agrees in its policy.

Its officers and managers are from among the ablest, most successful and honorable business men in this State, and are well known to our people as such. It does not attempt to build itself up by decrying its rivals, but quietly attends to its own business—which takes all of its time—prefering to leave such methods to the irresponsible and jealous representatives of certain rivals, simply saying that there is not an honorable, acusest and responsible man or newspaper in Oregon, (which knows anything of its financial condition) that will, or ever has said, oregon, (which knows anything of its financial condition) that will, or ever has said, but that the State Insurance Company possesses all that it claims to possess and is a perfectly responsible, trustworthy and prompt paying institution.

All of its policies provide that in case there is any difference of opinion as to the amount of any loss the matter may be left to disinterested and competent arbitrators.

between one and two thousand dollars taxes in Oregon, and it is the only Fire Insurance Company doing business in this State that pays a dollar taxes in Oregon, with the exception only of two other local companies.

These are facts that are indisputable, and should convince every intelligent and reasonable man who is at all interested in the growth and development of Oregon and reliable Oregon institutions, that it is to his interest to patronize the State Insurance Co. in preference to any and all others. mt4-6w

On Trial For Merit.

Verdict in Favor of Wisdom's Robertine - Found Seperior to Anything of its Kind Ever Discovered.

THE CLAIM OF THE PROPRIETORS FULLY ENDORSED.

Read the following Opinion from the leading society ladies of Port-land, San Francisce and Chicago:

"I have been prejudiced against all cos-metics in liquid form, believing, like many others, that they always contained some harmful ingredients, but at the urgent solici-tation of a friend who was using your Rob-ertine, I tried it, and to my surprise and sat-isfaction it produced the most charming effect of anything I had ever used, leaving the skin soft and smooth. Robertine will always form an important part of my toilet. Knowing it, I consider it an important ac-cessory."

"I have used nearly every preparation for improving the complexion to be had, and I can say frankly Robertine suits me better than anything I have ever tried."

"Having used your Robertine, and liking it so well, I have introduced it to my friends. All pronounce it perfect." "I have bid farewell to powders since

using Robertine. Its powers are won A lady in San Francisco writes: "Please send me one dozen Robertine, but don't imagine it is all for myself, but for friends who have clubbed together. All have sam-pled mine, and say it is just lovely."

"Unlike anything I have ever used, it gives the comploxion such a delicate tint, and does not leave the skin dry and rough." "It does all you claim for it. Its virtues will advertise it wherever known."

"In commending your excellent Robertine I cannot refrain from mentioning the artistic and suggestive design of the label, portray-ing innocence, purity and art, all of which it gives me pleasure to say it justly merits." An operatic star known so well to Port-land has spoken so highly of it that it is but proper to quote the lady's testimony among others: "It is the finest preparation I have ever used, and is a decided acquisition to a lady's toilet."
