# TELEGRAPHIC SUMMARY.

in Epiteme of the Principal Events Now Attracting Public Interest.

The steamer Great Eastern was sold at auction in Lendon for \$105,000.

Two people were killed and many injured in a jam around a Canton, O., those who make the most of their elothing store, where a gift advertising land, and crop every foot as much as scheme was inaugurated.

Mrs. Jacob Steltzfus and Mrs. Barcaster, Pa., were struck by a Pennsylvania train and instantly killed.

Reports received from Emery Gap, Colorado, say three Americans and one Italian were killed in the premature explosion of a blast at that place.

The Russian schooner Johannes was towed into port at Copenhagan. On the voyage the carpenter murdered the captain and five of the crew and threw the bodies overboard.

A train on the Galveston, Harrisburg and San Antonia Railroad was there then would be no difficulty rt while entering the mail car.

Cheviot has been wrecked at Port as to be just below the surface, the people of North Yakima, W. T. Philip, Australia. Thirty-five passen- hole being made perpendicular, and gers and members of the crew were the set made fast by a back-thrust of drowned. The remainder have are the dibble. If no other crop is to be head was severed from his body.

sunk the German bark Planteur off inches deep. Ordinary cultivation Beachy Head, near London. Eleven during the summer will by fall give a persons were drowned, and the captain solid root-sometimes a half pound in of the bark has since died. Only two weight. As a second crop they are of the crew survived.

Robert Neil's boarding house was burned at Lake Edward. Three of the boarders-Thomas Landus, of Norton Mills, Vermont; Wm. Buchanan, of Little River, and George Sotton, of California-were burned to a crisp.

At Moscow eleven detective officers have just been found guilty of conniving at the crimes of notorious robbers. Five of them were sentenced to hard labor in the mines of Siberia, and the others at various terms of imprison-

Meyer Zulick, Governor of Arizona, in his annual report estimates the population of the territory at 90,000, an increase of nearly 50,000 over the cen-sus estimate of 1880. The aggregate assessed valuation of property for the present year is \$26,313,500, an increase of nearly \$6,000,000 over 1886. By reduced expenditures, increased taxable values, and gradual lessening of the tax rate, the territory is now absolutely

A Butte special says: Wm. Galvey met a terrible death in the yards at the depot. He went between the cars to uncouple them, and the engineer backed the train to facilitate the work. As no signal was given to stop the engineer began to back. Presently it was discovered that Galey had caught his foot in a frog; the train had pushed him down and the wheels ran upon him, cutting him to pieces and wrapping his mutilated remains around the wheels. His heart was torn from him, and teeth were found scattered along the track.

Oneida Cavelho, an Indian woman, died at Oakland, Cal. She was said to be the last of the tribe of Humboldt Indians, who were almost entirely exterminated in the massacre by Modocs and whites in 1860, in Humboldt county. It is said only five were left alive, and of these Oneida was the last to die. Captain Connor, while running a ship between San Francisco upon the land. In spring it should and Eureka, purchased the girl, then eight years old, from her mother. She remained with Captain Connor's family until a year ago, since which time she has been a domestic in the family of S. A. Sanderson.

About 200 Lemhi Indians have been camping on the east fork of Wood river, Idaho, for several weeks, under The report of the Bureau of Star pretense of laying in a supply of venitistics, on the wool product, will be son for winter, and have slaughtered a issued shortly. It will estimate the vast number of deer for the hides wool clip this year at \$70,000,000, and alone, leaving the carcasses rotting in the number of sheep in the country at the sun. Their method of hunting, 40,000,000, an increase of 5,000,000 scattering out over miles of country and driving the game to a common rendezvous, generally a deep ravine where they cannot escape, is so effective that every animal started within the outer circle meets its death, Unless a stop is put to this indiscriminate and useless slaughter the mountains HOW TO BE HEALTHY.

A Penusyivania Philanthropist Favors the World with Words of Wisdom.

The various "health hints" which have been going the rounds of the press for several years, writes J. H. Williams, are becoming rather monotonous, and it is about time they had fallen into innocuous desuctude. Something more practical and sensible is demanded. The subjoined are warranted to go right to the spot and save many valuable Work on the Cascade tunnel will be lives, if the directions are strictly fol-

Refrain from eating toadstools in mistake for mushrooms just after taking a bath, or between meals.

Avoid standing under a ten-ton safe which is being raised to the fifth story of a building with a rope having one broken strand. The safe is liable to make a mash, and the corpse wouldn't look pretty.

It is not conducive to health to bathe in water hot enough to boil an egg. Missionaries who have tried it in heathen countries have lost their lives.

If you go up in a balloon and suddenly remember when at a height of five thousand feet that your life insurance policy has expired, your life may be prolonged by waiting until the air-ship touches terra firma before you step out to have the policy renewed.

Don't go west, armed with a pocket pistol, to exterminate Indians. The loss of the scalp is painful, and wigs are expensive.

Should you secure passage for a trip to Europe and find the vessel had departed with your baggage ten minutes before you reached the pier, don't jump overboard with the intention of swimming across. A shark might grab you by the hind leg before you had proceded five hundred miles.

friends, and wish to leave this world, don't attempt suicide. In case of failure you would get arrested and locked up. Secure a job in the New York aqueduct.

Don't attempt to shoot the whirlpool rapids at Niagara in a barret. Use an iron safe for that purpose, and then there will be one fool less in this world.

If you are a guest at a hotel when a fire breaks out, it will be found quite as healthy to jump from a seventh-story window as to fool with a patent fireescape. The fire escapes, but the man

Don't attempt to eat a bushel of green cocombers at one sitting, on a wager of two dollars and a half. A plain and unostentatious funeral costs nearly one hundred dollars.
