STATE CENTRAL COMMITTEE

To the Members of the Democratic State Central Committee of the State of Oregon; Notice is hereby given that a meeting of the Democratic State Central Committee for Oregon will be holden in the city of Portland for such other business as may properly come before the Committee.

B. Goldsmith, Chairman.

A sensational dispatch from Washington conveys the astounding intelligence that the Democrats will try to carry Oregon next June, and that the powers of the administra-tion will be used to that end. The Republi-can politicians of the capitol are greatly sursed and astonished thereat and regard it and Herrman have had their feelings budly lacerated by this rumor of federal interfer-ence and wail over the possibility of such a thing. Of course they long for the good old days of boodle and soap Republican rule when such a thing as the administration con-trolling state elections was never thought of; when officeholders from the lowest to highwhich office holders from the lowest to highest were assessed by the Republican committee for a goodly per cent. of their salary,
which if they refused to pay secured their
dismissal; when a Dorsey and Hubbell were
given full play to corrupt and buy elections

We indorse Cleveland's 'action in refusing to sign 65 bills which Congress passed during its last hours after dawdling six months doing nothing. He refused to put his name to bills unless he had investigated them. He was right, even if such important measures as the General Deficiency Bill and the River and Harbor Bill were among them. Two hours is not a long time to investigate these measures

Here is Herr Most's jail record: Austria sent him to prison for one year in 1869, and in 1870 repeated with five years. On his release he went to Prussia and got successively a year and a half for anarchy, and six months for blasphemy. He then went to England and soon got a year and a half for anarchy. Then he came to this country, where he has done a year already and has just got another.

The Overseer of the Pennsylvania State Grange called the attention of the State Grange to the fact that while the wealth of farmers increased 100 per cent. from 1850-60, a low tariff Democratic period, it only increased 9 per cent. from 1870-80, a high fariff Republican time. He attributed to the contraction of the utes this result a tariff, which enhances the price of everything a farmer buys.

By a recent order of the general land office, all applications to file under the homestead and timber culture acts, must be accompanied with a non-mineral affidavit, or the application will be rejected. Also citi-zens of foreign birth who wish to file on land, must furnish record proof of their citizenship, or declaration. These are recent orders which settlers will do well to heed.

Jefferson stamped to death about 1801, has been revived and introduced into Congress by Representative Adams of Chicago, and the Congress by Representative Adams of Chicago, a Republican representative. Cleveland thinks Iowa will vote the Democratic ticket next year. The most astonishing political revolution in the history of this ntry is the one which has cut down the Republican majorities of Michigan, Minn-esota and Iowa 160,000 votes in seven years.

The National Republican Committee met at Washington City the other day and fixed June 19th, 1888, as the time, and Chicago the place, for holding the next National Re publican Convention. It is amusing to read If English and American politics are to become identical; if the Democratic President becomes a free trader when he asks Congress to reduce taxes we might as well take our bearing now and learn to which English party we belong. The congressmen from the far western states make neat little sums of pin money out of their mileage allowance, which is 20 cents a mile to and from Washington. The A San Francisco dispatch says that 1500 Oregon members each receive \$1,340, and polygamists in Utah are in hiding for fear of arrest, 700 indictments against them have been found, and it continues: "They are miles of the capital, gets only \$3,20.

International Prize Fight.

A dispatch from London, dated Dec. 19, says: The international contest between Jake Kilrain, of Baltimore, and Jem Smith, of England, for the diamond belt and championship of the world took place on the Island of St. Pierre, in the river Seine, France, today, in the presence of about 100 persons G. The fight was remarkable for the persistent wrestling of the men. In the round Smith was knocked nearly silly by a terrific smack on the ear. Though Smith had the worst of the fall, he fought spiendidly under great difficulties, and was as fresh as Kilrain when darkness stopped the fight at 4:15. One hundred and six rounds were fought, lasting two and a half hours. The fight was declared a draw.
