STATE UNIVERSITY

The skating is almost over. Composition classes reported this week. Who is going to be the Valedictorian this year?

The last (?) of the peanut fuss this Friday evening. A brother of Mr. L. E. Woodworth was in Eugene last week.

That cold weather proved very disastrous to the glass in the University doors. Messrs. Stovon Spencer and Robert Johnson visited the University Tuesday.

The class in Chemistry finished their work this week and will now begin logic. It is moved and seconded that Anarchy shall rule America; all those in favor—

The Eutaxians have something quite novel in the way of a ballot box; thanks to Mr. Johnson. Miss Leathe McCormack has been absent from her classes this week on account of sickness.

Messrs. Fred Wagner and Alvin McClain are absent from school this week on account of sickness. Mr. Frank McCormack has removed his genial countenance from our class rooms. What will those three girls do?

We wonder if Mr. Brattain and Mr. Pattison have come to an agreement concerning the adornment of their placid countenances. At the last session of the Laureans a following officers were elected to fill vacancies: Secretary, J. M. Wise; Asst. Sec., J. Bronaugh; Censor, H. T. Condon.

Last Saturday evening Mrs. Chas. Collier entertained the seniors and a few of their friends at her home. A very pleasant time was spent in conversation, music and refreshments. Quite a cor-tescension, to come from the wielding of the gavel in the presidential chair down to the menial office of building fires; yet that seems to be the fate of one of our presidents.

"Turn about is fair play"; so think batch ranch No. 1, for they are now exchanging biscuits (death balls) for equally tempting viands from the main ranch on the corner of Eleventh and Pearl streets. The following are the officers elected for the ensuing term of the Eutaxian Society: Pres., Agnes Greene; Vice Pres., Clara Condon; Sec., Emma Dorris; Treas., Anna Crain; Editor, Julia Hamilton; Marshal, Eta Moore.

Darwin Yorran has stopped school in order to accept a position as clerk. How the University will prosper without Darwin is a problem. He certainly does his share of promoting fun and sociability among the students, and his jolly presence will be missed. Resolved, That the study of the Classics should cease, is the question for debate in the Eutaxian Society this Friday. Affirmative leader, E. Dorris, colleagues, E. Moore, M. Uren and B. Day; negative, A. Green, colleagues, S. Dorris, F. Condon and L. Hendricks.
