Mexican Mustang Liniment

CURES
Scalds, Sprains, Contracted Muscles, Lumbago, Rheumatism, Strains, Eruptions, Burns, Stitches, Hoof All, Sores, Swellings, Worms, Scalds, Backache, Galls, Swinny, Bruises, Sore, Saddle Galls, Bunions, Spavin, Fills, Corns, Cracks.

THIS GOOD OLD STAND-BY
accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Lumberman needs it in case of accidents. The Housewife needs it for general family use. The Mechanic needs it for his team and his men. The Miner needs it in case of emergency. The Pleasure rider can't get along without it. The Farmer needs it for his horses, his stable, and his stock yard.
The Steamboat man or the Boatman needs it in liberal supply aboard and ashore.
The Horse-fancier needs it—it is his best friend and safest reliance.
The Stock-grower needs it—it will save him thousands of dollars and a world of trouble.
The Railroad man needs it and he will need it so long as his life is a realm of accidents and dangers.
The Hacksman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pleasure.
The Merchant needs it about his store among his employees. Accidents will happen, and when they come the Mustang Liniment is wanted at once.
Keep a bottle in the House. 'Tis the best of company.
Keep a bottle in the Factory, to immediate relief in case of accidents, burns, scalds, loss of wages.
Keep a bottle Always in the Stable for use when wanted.

Dr. Gill's Catarrh Cure.
I purchased a box of "Gill's Catarrh Cure," finding my nephew, C. A. McMahon, in need of such medicine. I let him have the box. He now sends for three more boxes, saying it is the best thing that was ever tried by him and his friends.

THE WEST SHORE
PORTLAND-OREGON
The West Shore is the only illustrated magazine published on the Pacific coast, and aside from its excellent literary features, its object is to convey information, by text, pen and pencil, of the great resources of this region, and the progress of their development.
Special illustrated articles appear in each issue; also, several pages of notes of the progress being made in every section. Oregon, Washington, Idaho, Montana, Alaska, Utah, California, British Columbia, and the Pacific Northwest in general, are being illustrated. The subscription price is only \$1.00. It is not only the cheapest illustrated magazine in the United States, but contains articles and engravings of great interest to every resident of this region, which can not be found in any other publication.
Subscribers for 1888 receive a large supplement every month. The first one is a beautiful description of the "Emerson to the Columbia River" printed in this issue, and each of the others represents some feature of our sublime scenery. The supplements are alone worth more than the price of the magazine. Try it for 1888, and after reading, send it to your friends and relatives. You will find it both interesting and instructive.

COMBINATION WIRE AND PICKET FENCE.
Improved Combination.
Patented May 22, 1883. No. 277,871.
Wire and Flock Farm Fence and Machi e for its Manufacture.
The Cheapest and Most Perfect Fence in Use.
Pig Tight, Horse High, Cattle Strong; STEEL & WOOD INTERWOVEN.
We use from six to eight wires interwoven solidly, with iron tery to forty-five light wooden slats to the rod, thus producing a fence that will hold all stock, from the smallest pig to the largest beast.
It is the most durable fence made, as the slats are in a vertical position, clear of the ground. There are no bars to cut or maim stock or tear the wool from your sheep. It is as visible to the eye as a board fence and ten times as strong. It will stand a side pressure of from 12,000 to 15,000 pounds.
It is woven or manufactured on the spot. One man and a boy can build from 40 to 60 rods in a day. Farmers can build their own fence and use material that would otherwise be lost or used as fuel, and thus save from \$100 to \$150 per mile.
We can refer to thousands of farmers in Kansas, Iowa and Missouri who are using our fence. We feel great pleasure in presenting this fence to the farmers of Lane County, billing as it does a want long felt. Being practical farmers we know what we say.
Farm and Precinct rates Sold.
