A Horrible Inheritance.

The transmission of the fearful effects of contagious blood poison is the most horrible inheritance which any man can leave to his innocent posterity; but it can be certainly mitigated and in the majority of cases, prevented by the use of the antidote which Nature furnishes, and which is found in the remedy known all over the world as Swift's Specific—commonly called "S. S. S."

Mr. J. H. Brown, of Hornellsville, N. Y., writes: "Three years I suffered with this horrible disease. Swift's Specific cured me completely."

Prof. Edwin Starr, 224 E. 2nd st., N. Y., writes: "Swift's Specific cured me of a fearful case of Blood Poison."

Dr. R. F. Wingfield, of the Soldier's Home, Richmond, Va., writes: "Swift's Specific cured me of a severe case of Blood Poison."

D. W. K. Briggs, Brooklyn, N. Y., writes: "I was a perfect wreck from Blood Poison. Swift's Specific restored health and hope, and I am well to-day."

W. Langhill, Savannah, Ga.: "I suffered long with Blood Poison. I tried Swift's Specific and am perfectly well."

A. W. Buell, of Power's Hotel, Rochester, N. Y., writes: "It is the best blood remedy on earth. I cured myself with it. I recommended it to a friend and it made him well."

Spit. F. L. Stanton, of the Smithville, (Ga.) News, writes that a friend was afflicted with a case of Blood Poison, and two bottles of S. S. S. effected a complete cure.

The First Sign

Of falling health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alternative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, M. D. D. D. S., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 383 Atlantic avenue, Brooklyn, N. Y.

Camp Creek Items.

May 17, 1888.
School at district No. 70 is progressing finely under the efficient management of Miss Kate Farrington.
A bridge was recently built across the creek just below the mill.
Mr. T. J. Dunten returned last Friday from a week's sojourn in Douglas county.
Mr. Hamilton, who started across the mountains via the McKenzie route, was after repeated efforts to cross, compelled to return on account of the depth of snow. He will start in a few days by rail.
Mr. Geo. Ritchey recent visited in the vicinity of Pleasant Hill and Trent.
An excellent address was delivered here Sunday last at 11 a. m. Services were also held in the evening.
Mrs. Robt. Hawley, of Crosswell, is visiting with her parents, Mr. and Mrs. M. J. Hillegras, this week.
Mr. and Mrs. Ira Hawley and Mrs. S. J. Rutledge, of Eugene, visited this place Monday and Tuesday.
Miss Lulu Matlock, of Eugene, visited friends at this place last Sunday.
Martin Moore has been staying in Eugene during the past week.
Mr. P. A. Wagner and Mr. Limebaugh spent Tuesday night in Eugene, returning Wednesday.
Mr. Limebaugh has let the contract for the erection of a new barn to Mr. T. H. Hunsaker, of Dexter. He will begin work on the building soon.

From reports it appears that E. H. now makes fortnightly visits to the cottage on the hill. We understand also, that he will soon be in possession of a quit claim deed to property given him by mutual consent.
Lost, Last Sunday, somewhere between sunrise and sunset, one mustache color of solid black. No reward is offered for their return, for they are gone forever. We direct inquiring winds to Geo. R.

On the 20th of this month the M. E. church will hold quarterly conference at this place. On the Sunday following there will be services both morning and evening. Basket dinner will be had on the ground.
The crop outlook, both hop and grain, in this part of the country is very flattering. Vegetation of all kinds were never more forward than now, but a few refreshing showers are needed.

Ella Leonard and Mrs. Jas. Allen are recovering from the injuries sustained by the overturning of a wagon some three weeks ago while returning home from a party.
Several in this and the immediate vicinity contemplate erecting new dwelling houses during the coming summer.

The Mill Co., are saving considerable quantity of lumber at present, and are receiving a great many orders for lumber; probably more than they will be able to fill.
We understand that Mr. Geo. Hillegras has in view the office of Deputy Assessor under the present Prohibition nominee. This solves the mystery as to why he frequents the home of the nominee.

Since our last Mr. Clark and family have moved to Eugene, where they will perhaps permanently reside.

Money Used.

Chairman Bush of the State Democratic Committee writes to the Oregonian as follows, which will show how much there generally is in such matters as are referred to: "Please give me space to say that the dispatches repeatedly published in the Oregonian to the effect that the Washington administration is causing money to be sent to Oregon to be used in our pending election, are untrue. If President Cleveland and his administration is taking interest in our election, the Democratic State Committee has not been made aware of it. With the exception of \$200 from a California fund that committee has received no assistance from outside of the state, and very little inside."

Notice of Final Settlement.

NOTICE IS HEREBY GIVEN THAT the undersigned administrator of the estate of T. C. Spain, deceased has filed in the County Court of Lane County, Oregon, his final account of his administration of said estate, and said Court has fixed Monday, the 2nd day of July, 1888, at 10 o'clock in the forenoon of said day, at the County Court rooms in Eugene City, Lane County, Oregon, as the time and place of hearing the same. Therefore all persons interested in said estate are hereby notified to appear at said time and place and show cause, if any there be, why said estate be not finally settled.
GEO. A. DORRIS, Administrator.
Dated at Eugene City, Or., this 19th day of May, 1888.

The Mills Bill.

Congressman Scott expresses the opinion that the Mills Bill will pass the House without radical change. Other supporters of the measure are not so sanguine. But in view of the contingency, and of the general endorsement of the bill by Democratic Conventions throughout the country, it is well to recall just what it proposes.
The Mills Bill proposes to cut off, in round numbers, \$75,000,000 of the surplus revenue. Of this amount \$54,000,000 is taken from the tariff and \$24,000,000 from the internal taxes on tobacco. It adds to the free list flax, hemp, jute, salt, tin plate, wool and a few other articles.
The present average rate of the tariff on dutiable goods is 47.10 per cent. The Mills Bill would leave it at 40 per cent. The present average rate on articles affected by the bill is 54.16 per cent. The proposed rate would leave it on these articles at 33.36 per cent.
And this is the bill that is called the "Free Trade" measure! It leaves the average duty 10 per cent. higher than it was under the Morrill Tariff of 1862, and within two points of what the average was in 1881 when a Republican Tariff Commission recommended a Republican Congress pretended to make a reduction of 20 per cent., which would have left the average duty 33.60 per cent.

The schedules of luxuries in the present tariff are left untouched. All the reductions are made on the essentials of manufactures the necessities of the people. If the champions of protected monopolies shall defeat this moderate revision they will see some "tariff-smashing" in earnest next time.
Gearin is In Better Health.

John M. Gearin, the Democratic nominee for congress, returned to the city Saturday. Last week he spoke at Roseburg, Corvallis and Newport to large crowds. He and John P. Irish jointly addressed the Roseburg people.
Mr. Gearin was taking things easy in his law office when a reporter called yesterday. His face was ruddy and he looked as if he was enjoying good health. In reply to a question as to how he felt, he said that he was still weak but in much better health, and had almost fully recovered from his recent illness. He said that he intends to finish the canvass. He will leave to-day for Lafayette.

"What do you think of your chances of election, Mr. Gearin?" asked the reporter.
"I am not given to boasting," replied the candidate good naturedly. "However, I will say that I am very hopeful and feel that I shall be successful. I am confident that I will poll many more votes than the Democratic nominee for congress did two years ago, and that I shall come into Multnomah county with a handsome majority. Where I will lose one vote I will gain ten. There is a feeling among the people that the state should be represented in the house by a Democrat considering that Oregon has two Republican Senators.—Oregonian.

Tariff on Borax.

The firm of W. T. Coleman & Co. failed a few days since in San Francisco. Among other assets the house owned borax mines of the estimated value of \$2,000,000. There is at present an impost duty of three cents per pound on borax, which the Mills bill proposes to lift. The San Francisco Bulletin makes this condition of things the subject of a long article warning the people of California that if the proposed reduction will kill so great an establishment as Coleman & Co., an incalculable amount of injury will be done if the bill becomes a law.

This is but a fair sample of the argument used by the protectionists to bolster up their theories. The Bulletin in the same issue states that this borax is laid down in San Francisco at a cost to Coleman & Co. of but five cents per pound! With a selling price of over thirty cents per pound, showing a net profit on the working of their fields of 500 per cent., the house of Coleman & Co. had better close its doors if a protective tariff is required in their business to pull them out even!

As a matter of fact the proposed reduction of tariff duties had nothing to do with the failure of the great commercial house of Coleman & Co. as the illogical Bulletin knows.

An Illustration.

[Madison (Wis.) Democrat.]
In 1879 quinine was put on the free list. There were then four manufacturers in this country. They just rose up and raged against the bill taking the duty off their product. They preached the usual tariff doctrine. It would ruin their infant industry. When they were crushed their foreign competitors would control the market and quinine would be dearer than ever.

Now mark the result. In 1888 there are twelve manufacturers. The original four are still in operation and prospering. The price of quinine in the high tariff days was \$3.52 per ounce. It is now but 55 cents per ounce. The consumption is now double what it was then. This is a fine illustration of meddling with the tariff of an over-protected industry. It shows the value of the predictions which high tariff men like to make to scare people from meddling with an iniquitous tariff—framed Republican fashion to rob the people.

Carrie Bradley Murdered.

The following item from Tucson, Arizona, under date of the 9th inst., will be read with interest by many persons in Oregon. It shows the truth of the scriptural text that those who live by the sword shall die by the sword, or similar words:
"Carrie Bradley, the notorious baggion keeper of Portland, who was sentenced to the penitentiary five years ago for murdering a man in her deadfall and was afterwards pardoned out with the understanding that she should leave the state, was murdered last night by her macque John Wadleigh. Wadleigh came to Bradley's house in an intoxicated condition and insisted on entering, but was refused admittance. This enraged the brute to such an extent that he grabbed the woman by the head, pulled her out of the door and cutting her throat from ear to ear. Wadleigh was at once placed under arrest."

POSTAL TELEGRAPH.—Office hours on Sunday from 8:30 to 10:30 a. m., and from 4:00 to 6:00 p. m. Week days, all business hours.
