Eugene City will in a few years have a population of 60,000. The railroad from Coburg will be extended here, thence to Florence and the west road will be extended from Corvallis to Eugene. Huntington and Crocker have been here, looked over the ground and said this is so. Look at what you missed by not buying a few years ago. You are missing just as much by holding off now. Buy ten acres of the Humphrey tract for \$1,000 and in five years it will be worth \$10,000. Don't wait for a boom and pay boom prices but buy NOW.
