Purify Your Blood.

Bodily and mental health depend upon a healthy condition of the blood. The blood particularly in the spring and summer months, becomes clogged with impurities, which poison it and generate disease. A harmless blood purifier is necessary to restore a healthy tone. The best purifier and tonic known is Swift's Specific (S. S. S.). Of its wonderful purifying and tonic powers we give a few testimonials:

Mr. Wm. A. Seebald, with George P. Rowell & Co., 10 Spruce Street, New York, writes: "I feel it my duty, for the benefit of others who may be afflicted as I was, to write you this letter, which you can use in any way you choose. I suffered great pain from boils, all over my neck; I could not turn my head without a ut pain. After trying all the usual remedies, and finding no relief, I used one bottle S. S. S., and very soon I was entirely relieved of my 'Job's Comforters.' Now not a sign of my affliction can be seen."

Mr. M. S. Hamlin, Winston, N. C., writes: "I use it every spring. It always builds me up, giving me appetite and digestion, and enabling me to stand the hot summer days. On using it I soon become strong of body and easy of mind."

Mr. C. E. Mitchell, West 23d St. Ferry, New York, writes: "I weighed 110 pounds when I began taking your medicine, and now 133 pounds. I would not be without S. S. S. for several times its weight in gold."

The Cause of It.

The Benton Leader clearly and succinctly states the causes of the defeat of the Democratic party. Its comments apply exactly to Lane county in every particular. It says: If Oregon had gone Republican by its usual majority, there would have been no need to seek for causes of the result. But it has gone R. publican by such an increased majority as to indicate some unusual causes. They are not hard to find.

One cause is the notion industriously insisted on by the Oregonian that the administration was making a special effort to carry Oregon. It was urged with such persistence that not only Republicans believed it, but the Democrats built up hopes that we should have aid from the national committee. For this notion there was not the semblance of proof. The coming of Col. Irish was made the pretext for the assertion. No aid was rendered by our Eastern friends as we happen to know. But the notion was sufficient to awaken all the party spirit of the Republicans. That is one cause.

Another is that the selfish interests and erroneous ideas of woolgrowers induced them to desert the Democrats in body on free wool. While party spirit, induced by the notion above mentioned, held the revenue reform Republicans in line with their party, the Democratic protectionists parted company with us. It was a loss without compensation.

Another cause was the use of money. The evidences are open, and palpable that a large Republican sack was distributed. The golden arguments were sown all over this county. A double eagle is the hardest thing to refute in the world. It can be refuted only by two more double eagles. The Democrats debated that line as far as their means would allow, but the sack was light. The arguments were not at hand.

In the face of the result, the wonder is that the Democrats could have had a hope of winning. Never was political prophecy so much at fault. Never did the Democracy of Oregon enter the fight with more hope of at least reducing the usual Republican majority. We are all off on both county and state.

Of course the result determines the electoral vote of Oregon. Nothing but a miracle would give us the state in November. Oregon is safely Republican until the tariff shall have been reduced and the benefits therefrom shall have been seen to be beneficial to our state. The outcome is inevitable.

In the meantime, the Democrats must keep up the fight on the same line if it takes all summer. The reduction of war taxes is the plank we must stand on. From now until November we must continue the discussion. We have reason and right on our side. We tip our hat to President Cleveland, and while Oregon Democrats can't help him, we can fill the Federal offices in this state with the greatest good will.

Eugene City will in a few years have a population of 60,000. The railroad from Coburg will be extended here, thence to Florence and the west road will be extended from Corvallis to Eugene. Huntington and Crocker have been here, looked over the ground and said this is so. Look at what you missed by not buying a few years ago. You are missing just as much by holding off now. Buy ten acres of the Humphrey tract for \$1,000 and in five years it will be worth \$10,000. Don't wait for a boom and pay boom prices but buy NOW.

Geo. M. MILLER, Real Estate Broker.

Having perfected arrangements with parties in Portland, I am able now to find purchasers for lands, more readily than heretofore. If you have land for sale, improved or unimproved, you cannot do better than to entrust your business with us. Terms reasonable. Your patronage solicited.

Make an appointment with Henderson Dentist, and have your operations performed in a skillful manner.

Senator Hoar of Massachusetts proposes a novel army regulation, in the shape of a law providing that in time of peace no married man shall enlist in the army without his wife's permission. The Israelites had a rule that applied in time of war, by which a man was compelled to stay home a year after his marriage, and then he could join the army. It has been supposed that this regulation was for the purpose of giving him a chance to learn how to fight before he entered active service. The Senator's new rule will cut off one avenue by which men have become accustomed to escape their domestic responsibilities.

The swiftest thing that has appeared in collars for several years has recently been introduced in Portland. It is known as the "Furgatory" collar, and probably owes its name to the fact it keeps men having thick necks and double chins out of the purgatory into which the conventional collar has plunged them. It is a combination of a turn-down and stand-up collar. It is simply a low straight collar, with lapped ends surmounted at the sides and back with flaring top, into which a big chin can nestle comfortably without breaking either the chin or the collar.

A man fell overboard in the harbor of San Francisco the other day, and sank to the bottom in eighteen feet of water. He remained there twelve minutes when the body was recovered by grappling-hooks. Efforts to restore breathing were at once begun, and after an hour and a half of constant work, he was brought back to life, although he had been supposed to be dead. This case shows that under intelligent treatment there is often a chance for the recovery of persons apparently drowned. The first effort should be to restore breathing, and after that, warmth and circulation.

A lot of the biggest salmon ever taken on the Columbia river was received at Cathlamet Friday. In the lot of 4500 pounds there were forty that averaged fifty-five pounds each, and four that averaged sixty-eight pounds. When a sixty pound salmon is regarded as a monster, some idea can be gained of the extraordinary size of this catch, which is without a parallel in the history of the salmon business on the Columbia.

The postmaster at Cowletz, reports that Mount St. Helens is smoking. A gray smoke or steam can be plainly seen issuing from the south side near the summit. Observation through a strong glass convinces the beholder that it is from the mountain.
