**A Horrible Inheritance.**  
The transmission of the fearful effects of contagious blood poison is the most horrible inheritance which any man can leave to his innocent posterity; but it can be certainly mitigated and in the majority of cases, prevented by the use of the antidote which Nature furnishes, and which is found in the remedy known all over the world as Swift's Specific—commonly called "S. S. S."  
Mr. J. H. Brown, of Hornellville, N. Y., writes: "Three years I suffered with this horrible disease. Swift's Specific cured me completely."  
Prof. Edwin Haar, 234 E. 22nd st., N. Y., writes: "Swift's Specific cured me of a fearful case of Blood Poison."  
Dr. R. E. Winfield, of the Soldiers' Home, Richmond, Va., writes: "Swift's Specific cured me of a severe case of Blood Poison."  
D. W. K. Briggs, Brooklyn, N. Y., writes: "I was a perfect wreck from Blood Poison. Swift's Specific restored health and hope, and I am well to-day."  
C. W. Langhill, Savannah, Ga., writes: "I suffered long with Blood Poison. I tried Swift's Specific and am perfectly well."  
A. W. Buel, of Power's Hotel, Rochester, N. Y., writes: "It is the best blood remedy on earth. I cured myself with it. I recommended it to a friend and it made him well."  
Mr. F. L. Stanton, of the Smithville, (Ga.) News, writes that a friend was afflicted with a case of Blood Poison, and two bottles of S. S. S. effected a complete cure.  
Treatise on Blood and Skin Diseases mailed free. The Swift Specific Co., Drawer 3, Atlanta, Ga.

**Day and Night**  
During an acute attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is also attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep.  
I have been a practicing physician for twenty-four years, and, for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the usual remedies  
**Without Relief,**  
I tried Ayer's Cherry Pectoral. It effected a speedy cure.—G. Stovell, M. D., Carrollton, Miss.  
Ayer's Cherry Pectoral is decidedly the best remedy, within my knowledge, for chronic Bronchitis, and all lung diseases.—M. A. Rust, M. D., South Paris, Me.  
I was attacked, last winter, with a severe Cold, which grew worse and settled on my Lungs. By night sweats I was reduced almost to a skeleton. My Cough was incessant, and I frequently spit blood. My physician told me to give up business, or I would not live a month. After taking various remedies without relief, I was finally  
**Cured By Using**  
two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption.—S. P. Henderson, Salsburg, Penn.  
For years I was in a decline. I had weak lungs, and suffered from Bronchitis and Catarrh. Ayer's Cherry Pectoral restored me to health, and I have been for a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief.—Edward E. Curtis, Rutland, Vt.  
Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Pneumonia. After trying various medicines, without benefit, he prescribed Ayer's Cherry Pectoral, which relieved me at once. I continued to take this medicine, and was cured.—Ernest Colton, Logansport, Ind. 11

**Ayer's Cherry Pectoral,**  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5

Eugene City will in a few years have a population of 60,000. The railroad from Coburg will be extended here, thence to Florence and the west road will be extended from Corvallis to Eugene. Huntington and Crocker have been here, looked over the ground and said this is so. Look at what you missed by not buying a few years ago. You are missing just as much by holding off now. Buy ten acres of the Humphrey tract for \$1,000 and in five years it will be worth \$10,000. Don't wait for a boom and pay boom prices but buy NOW.

**Blaine on Thurman.**  
In his "Twenty Years in Congress" ex-Senator James G. Blaine wrote of ex-Senator Allen G. Thurman as follows: "His rank in the Senate was established from the day he took his seat, and was never lowered during the period of his services. He was an admirably disciplined debater, was fair in his method of statement, logical in his argument, honest in his conclusions. He had no trick in his discussion, no catch phrase to secure attention, but was always direct and manly. His mind was not preoccupied and engrossed with political contests or with affairs of state. He had natural and cultivated tastes outside of those fields. He was a discriminating reader, and enjoyed not only serious books, but inclined also to the lighter indulgence of romance and poetry. He was especially fond of the best French writers. He loved Moliere and Racine, and could quote with rare enjoyment the humorous scenes depicted by Balzac. He took pleasure in the drama and was devoted to music. In Washington he could usually be found in the best seat at the theatre when a good play was to be presented or an opera was to be given. These tastes illustrate the genial side of nature and were a fitting complement to the stronger and sterner elements of the man. His retirement from the Senate was a serious loss to his party—a loss, indeed, to the body. He left behind him the respect of all with whom he had been associated during his twelve years of honorable service."

**A CLOUD BURST.**—Saturday afternoon about 4 o'clock a heavy storm swept over the Kliekita valley, across the river, the edge of it passing over Goldendale. The cloud came from the south, crossing the Columbia near Grants, and another came from the east the two meeting west of Goldendale near the Happy Home settlement. The result of their meeting was a regular cloud burst, the rain falling in torrents and washing the plowed ground away, to the full depth of the furrows. On the hillside rocks weighing a ton or more were washed out into the canyons. Near the mountains hail fell to the depth of from two to four inches, literally chopping the growing grain to pieces. John Cummings lost thirty acres of fall grain, and all that in the area covered by the storm was ruined. The storm exhausted itself in the distance of two miles.  
—Ex., June 16.

**NEW SWINDLING TRICK.**—A fellow has been victimizing people in Southern Oregon with a new swindling scheme. He carries around a handsome plush-covered workbox, with which he works his little scheme. He solicits orders for boxes like the sample he shows and offers to supply them at such a low figure that nearly everybody orders one. Each person ordering one is required to deposit fifty cents when the name is taken down, merely as an evidence of good faith. The swindler, however, is not working in good faith, and never comes around with the boxes. It is said that he has reaped a harvest of four-bit pieces in Roseburg. It is to be hoped that some swindled community may get hold of the fellow and make an example of him.

The publisher of a newspaper has one thing to sell and one thing to rent. He has the newspaper to sell and the space in the columns to rent. Can any one inform us why he should be expected to give away either one or the other? He can do so if he chooses, and he does, as a matter of practical fact, furnish a great deal of rent space free. But it does not follow that he ought to be expected to do it. It ought to be recognized as a contribution exactly as would the giving away of sugar or coffee by the groceryman. But strange to say it is not looked upon in that light at all, yet everybody knows that the existence of a paper depends as much on the rent of its space and the sale of the paper as the merchant's success depends on selling his goods instead of giving them away.

Reports from the East tell of intense heat, and in New York and Brooklyn several deaths from prostration are reported. These cities situated on that noble bay, with the Hudson river flowing into it from the cool north, should be refreshing in midsummer while inland places are sultry. But those immense masses of brick and stone that line their streets prevent all circulation of air, and absorb so much heat during the day that night brings no relief. On this western coast with the summer feryors mitigated by the mountain range, and frequent showers keeping the earth moist and the vegetation luxuriant, we are blessed with exemption from this prostrating heat, and can sympathize with those whose lines are not cast in such pleasant places.

From letters received in Baker City it is learned that Malheur county elected the entire Democratic ticket. Test for clerk and Murray for sheriff received majorities of 150 to 175. The vote on representative and superintendent of schools is very close but favorable to the Democrats. Vale, for county seat received the highest vote, Baterville, the Jordan Valley candidate, being second. This result leaves Ontario and other places out of the race two years hence. It is now almost a certainty that Vale will remain the county seat of Malheur county for years to come.
