

Democratic Ticket.

For President: GROVER CLEVELAND, Of New York. For Vice President: ALLEN G. THURMAN, Of Ohio. For Presidential Electors: W. H. EFFINGER, Of Multnomah. E. R. SKIPWORTH, Of Umatilla. W. R. BILYEU, Of Linn.

"A Free Trader."

President Arthur believed that the system of tariff taxation, which has brought \$100,000,000 of the people's money into the treasury, was wrong. In these words, which are in less beyond anything Cleveland has spoken or written, the last Republican President told Congress Tuesday, and not a Republican paper at that time asserted that a reduction of the tariff is "Free Trade."

A Significant Omission.

When the Oregonian publishes another editorial from the S. F. Alta, it would print an open, honest course, if it would print the article entire, as it did not last Tuesday. To leave out three or four sentences, the very gist, pith and marrow of the production, and then to comment on the omission, is the height of insincerity and dissimulation.

Cobdenclubbitchgold.

Mr. Matton, Republican candidate for the Vice Presidency, turns out to be a Director in British railways in Canada, which taking advantage of the treaty of 1871 are taking all the American transportation they can grab.

How the Irish Go.

Mr. John Fitzgerald, the president of the Irish National League of America, is for tariff reform and low taxes. It is not probable that Mr. Fitzgerald owes anything to either the Cobden Club or the London Times.

The public tariff discussion reveals some strange inconsistencies. For instance, the editor of the Press, which prints so smoothly about protection for the rich being an American system, is an Englishman.

Another good Republican step out and says the Chicago platform will not do. Mr. N. O. Nelson, a large manufacturer of St. Louis, refuses to train with a party that is against reform of any sort.

Knute Nelson is a Republican Representative from Minnesota. He made a very conclusive argument in the House against the subsidy schemes for merchant marine and steamship lines. He is a Norwegian and his illustration drawn from his own country was telling and unanswerable.

A correspondent writing to the Rochester Union from Geneva, N. Y., says: "A tariff reform club is being organized in this vicinity, to be composed of Republicans who cannot support the free whisky platform."

Frederick A. Benjamin, of Hartford, Conn., was a Lincoln elector in 1860, and has acted with the Republican party ever since. He has written a letter for publication, saying that the attempt to deliver the G. O. P. to the support of a policy of unjust taxation is fraught with mischief to the best interests of the nation.

Gen. Dix won immortal fame through the utterances of one single patriotic sentiment: "If any man attempts to haul down the American flag, shoot him on the spot." A new rendition might be: "If any man attempts to blow his nose on the American flag, spit him on the spot."

Gen. Philip Sheridan died last Monday. He was one of the greatest living soldiers of the late civil war. The funeral will take place to-day. Gen. Schofield will probably succeed him in command.

Hon. Calvin Egbertson, of Los Angeles, a life long Republican, has joined the Democratic party on account of the robber tariff and Chinese proclivities of the Republican party.

The Oregonian distinguishes them as "colorful Republicans" and "Democratic niggers."

The Sugar Duty.

Salem Capital Journal, Rep. Several Republican organs of the Oregonian stamp, which clamor for a revision of the tariff, but do not favor the particular mode of revision proposed, ground their objections on the Mills bill on its alleged unpopularity.

It proposes to remove the duty from wool, lumber and other northern staples, they say, while such products of the south as sugar, rice, lemons, etc., remained untouched. Representative Cannon, of Illinois, threw some light on this phase of the question, the other day, when he proposed as an amendment to the pending bill, a reduction of the sugar duties.

The statesman last named, in his speech in this city, told of a neighbor laying before him for signature a petition to congress asking that the duty on lumber be not touched. The governor looked at his visitor quizzically and said: "You know my views on this matter; why do you bring that paper to me?" "Because you are largely interested in lumber," was the reply.

ORIGON KNIGHTS OF LABOR. A Portland Assembly Indorses Cleveland and Thurman. At a meeting of Resolute Assembly, K. of L., No. 4,870, of Portland, Ore., the following resolutions were passed:

Resolved, That we will help to defeat any party who favor Chinese emigration to the Coast. Resolved, That it is the duty of every labor man or labor party in this order, or whatever order that has labor for its motto, to keep the Chinese from our doors.

Resolved, That as the Labor party prefer cheap food and clothes in preference to cheap whisky and tobacco, and this assembly cannot vote for any party who has free whisky on its platform; therefore Resolved, That this assembly will work hard for the election of Cleveland and Thurman next November so that labor may have a hearing and not be trod down by railroad kings.

Umatilla county will probably raise 2,000,000 bushels of wheat this year, requiring a million sacks, costing \$100,000. Of this about \$40,000 is a tariff tax. The Democratic party proposes to reduce it 40 per cent, or save \$40,000 for the farmers of Umatilla county alone on the one item of just sacks. The Republicans propose to give them free whisky.—East Oregonian.

The death of Dr. Robert Morris, the distinguished Mason, at the age of 70 years, is announced as having occurred at Louisville on July 31. Dr. Morris was enthusiastic in his devotion to Masonic lore, had traveled in the Holy Land, and was famous throughout the world wherever Masonry prevailed.

Another good Republican step out and says the Chicago platform will not do. Mr. N. O. Nelson, a large manufacturer of St. Louis, refuses to train with a party that is against reform of any sort.

500 Tons of Hay Wanted. Frank Rankin wants 500 tons of hay for which he will exchange the finest photographic work. Come and see him.

For Sale. Town lots in Packard's and Shelton's addition at \$50 and \$100. Also 10 and 20 acre lots of No. 1 fruit land, in cultivation, 1 1/2 miles from Eugene; price 35 per acre. Dr. T. W. SHELTON.

City Taxes. For the year 1888 are now due and payable to F. W. A. Crain, Treasurer, at his office. All taxes not paid by the 20th day of September, 1888, will become delinquent, and subject to an additional fee per cent. B. F. DONNAN, Recorder. Eugene City, July 20, 1888.

THE CHILD RECOVERED.—My little girl, aged seven years, was afflicted with a severe cough and cold. She could not sleep but coughed almost incessantly. I was induced by a friend to try Chamberlain's Cough Remedy and was astonished at the immediate relief it gave her and the cure it produced.

Pleasant Hill Items.

The hop crop was never more promising. Uncle Steve Jenkins has regular appointments to preach at Trent.

Thrashing is now the order of the day with good yield so far as known.

A Sabbath school was organized in Lost Valley, in the Upper District on last Sunday.

Mr. Perrell, who has resided for some time on Dr. Sharples' farm, thinks of moving soon to Colorado.

It is so distressingly healthy that our physicians, of which we have two, do not seem to have much employment.

The band will meet again at the bridge on the Coast Fork on Sunday the 19th at 4 p. m. All are cordially invited to be present.

Mr. O. P. Adams passed here last week on his way to the mountains where he expects to spend some time in prospecting for the precious metal.

Two men from Douglas Co., but who have been prospecting the mountains for four months, came to this place recently, disposed of the furs and skins which they had caught, and buying a fresh supply of provisions have gone again.

"Billy" Kelsay, a former resident of the valley, but whose home is now at Antelope in Wasco county, arrived here on Sunday via the McKinnis route. Mrs. K. has been visiting her parents, Mr. and Mrs. John Blackley on the Middle Fork for some weeks. We are pleased to learn that the old acquaintances of long ago who are residing there are prospering.

Drowned in the Willamette. Last Sunday afternoon at about 5 o'clock Joseph and Benjie Thimer, aged 17 and 20 years, and Charlie Baker, aged about eleven years, went swimming in the Willamette above the breaker built above the Eugene bridge. Young Baker took his bath on the edge of the stream, and after being in some time, went to go out at that moment Joe and Benjie were swimming a few feet apart. He turned his attention to dressing, and when he looked on the river again, his companions were nowhere to be seen. He stayed there until nearly six o'clock, when he came home and told the circumstances. The next morning a search party with a boat discovered the bodies of the boys in ten feet of water about fifteen feet from the shore, and about that far apart. The funeral took place from the home of their parents on Eight Street, last Tuesday afternoon, to the Old Fellows' cemetery.

The deceased were mainly hard working, and their loss is a most sorrowful one to those nearest to them. The sympathy of all our citizens goes out to the family.

Pensions for Oregonians. WASHINGTON, Aug. 5.—Representative Herrmann has called up and passed two pension bills for old Oregonians—one for J. W. Porter of Cottage Grove, who enlisted in Pettel's battalion of Missouri mounted volunteers at the outbreak of the Mexican war. The regiment was detached from its purpose to unite with our Mexican forces, and was used in laying out a route for Oregon. The original purpose being to march to Mexico influenced Congress to pension the claimant. The other bill pensioned John Kottman of Portland. He had served twenty years in the military service and suffered severe disabilities in the late war, and is now in a soldiers' home in the east.

The Pierson boys, after several years of patient, hard work in the mines of the Golden Star Mining company, are certain that they now have strong indications of a rich reward. The Golden Star mine is located in the B-hemia mining country, in a straight direction from Drain, of about thirty miles, but one to reach the location must travel fifty five miles. Mr. Pierson was in town the first of the week, and had some beautiful gold which had been pounded out of very solid rock by hand. He also had sample rock with him showing very rich gold indications. He has taken a four stamp mill in on the trail by piece meal, and now has it up and will soon be ready for work. We hope the mines will prove as rich as the prospect now indicate.—Drain Echo.

Salem Statesman: The very heavy and continuous rains of the early part of last month caused large fruits, and especially apples, to grow very rapidly. The extremely hot weather following close upon the rains had the effect of making apples grow very fast and, also blistering them on the side toward the afternoon sun. A gentleman who returned yesterday from a trip through the country is our authority for the statement that in many orchards may be seen trees loaded with half-baked apples, which are rotting and falling to the ground. The yield of fruit in several Polk county orchards will be materially decreased from this cause this year.

On Monday night Rev. J. L. Parrish, of Salem, and father of Chief of Police Parrish of Portland, aged 86 years, wedded a widow, Mrs. Pieter, aged 33 years. The marriage ceremony was performed by a clergyman in Washington county.

Imperial Caesar's Day Revived.

By reference to advertising columns it will be seen that the most popular of all the tented exhibitions will be with us on Wednesday August 29th, 1888. It is praise-worthy and meritorious in each of its departments, and will commend itself to everybody as a respectable, reliable and artistic exhibition. The false advertisement of shows in general seldom make good their promises, but with the Sells Brothers the rule is exceptional, and although their announcements read like a tale of the "Arabian Nights," the exhibition always verifies their claims. This year it comes to us with the important augmentation of a Roman hippodrome, presented on an immense elliptic track, on which are faithfully reproduced the chariot, standing and Roman races of Caesar's day, in connection with the steeple chases and jockey races of our modern era. Other important additions to the show are the world-famed trapper, hunter, scout and frontiersman, Capt. A. H. Bogardus and his four equally remarkable sons. Captain Bogardus has been designated by the Indians as "The Man Who Shoots to Kill," and has general recognition as the world's rifleman of the West, champion wing shot of the world and winner of 1,000 contests.
