**Cure of Cancer and Ulcers.**  
Judge T. C. McLendon writes to the  
Swift Specific Co.: "About three years  
ago, Jerry Bradley, had a cancerous  
sore on his face, near the right eye. It  
caused him a great deal of pain, and he  
lost the sight of the eye, but was finally  
cured by the use of Swift's Specific.  
This case is well known in Wilkes Co.,  
Ga., where he lived."  
Mr. L. Cox, of Arkabutla, Tate Co.,  
Miss., writes: "I suffered a great deal  
from ulcers for years. Your medi-  
cine was recommended, and after using  
six bottles I was completely cured.  
Your medicine does even more than you  
claim for it. I have known it to cure  
cases which were thought hopeless."  
Mrs. A. M. Giddens, No. 624 Warren  
St., Brooklyn, N. Y., writes: "I com-  
menced using S. S. S. about three years  
ago. I had suffered with a sore throat  
for over a year. I used a great many  
other remedies with no good results.  
My little girl, also, had sore fingers; it  
commenced from the quick, and then  
the nails would come off. We doctored  
her for over two years, and when I com-  
menced using S. S. S. I thought I would  
see what it would do for her. I am  
thankful to say that it entirely cured  
her. It is the best remedy I know  
of for the blood. I really believe  
it was the means of saving my life.  
The doctor told me I had a throat dis-  
ease similar to General Grant's. I  
cheerfully recommend it to all suffering  
from disordered blood."

**Mica Mines.**  
A few years ago a large ledge of mica was  
discovered in Idaho, thirty miles east of  
Moscow, which, after passing through sev-  
eral hands, was finally purchased by Peck  
Bro. & Co., of Chicago, for \$125,000. In  
1887 one hundred and thirty tons of the  
mineral were mined, seven of which were  
sent to England, where it was pronounced of  
superior quality, as sheets eighteen inches  
long can be prepared. The value of mica  
depends largely upon the size of clear  
sheets which can be split from the ledge.  
Sheets eight by ten inches are worth \$14 a  
pound. The small pieces and broken parti-  
cles are used for various purposes, such as  
lustrous for wall paper, etc. An extension of  
this ledge is now being opened by another  
party. A few months ago a ledge of mica  
was discovered within a mile of Boise city,  
and its value is now being tested.

**FATAL ACCIDENT.**—Albany Democrat, Aug.  
11: Geo B. McKinney, living about six  
miles above Lebanon in Waterloo precinct,  
was accidentally killed yesterday afternoon  
in the following manner. He was engaged  
in hauling straw into a shed on his farm  
and while at the shed unloading his team  
became frightened and started to run. Mr.  
McKinney was standing on the back part of  
the load, and in attempting to get hold of  
the lines he was thrown off in front of the  
wagon, under the horses' heels, the wagon  
passing over his head and shoulders. Dr.  
Foley was sent for but Mr. McKinney died  
before he arrived. His face and head were  
badly mashed. Mr. McKinney was a highly  
respected citizen and the bereaved family  
have the heartfelt sympathy of the entire  
community. He was about fifty years of  
age.

**RATHER REMARKABLE.**—Our people who  
have seen the school teachers passing through  
Albany mornings have taken occasion to  
"poke fun" at the aged and old maidish ap-  
pearance of the school ma'ams. Had they  
been at the depot a few days since they  
would have had an opportunity to comment  
at least in one case. One of the teachers  
was 73 years of age, and had taught school  
fifty-two years in the same room, where she  
is now teaching. Here is a chance to talk  
about an old maid; but it is too serious for  
poking fun. —Albany Democrat.

**THE CHILD RECOVERED.**—My little girl,  
aged seven years, was afflicted with a severe  
cough and cold. She could not sleep  
but coughed almost incessantly. I was in-  
duced by a friend to try Chamberlain's  
Cough Remedy and was astonished at the  
immediate relief it gave her and the cure it  
produced. I would not be without it in the  
house for any price. I have tried many  
remedies for coughs and colds, but this is  
superior to anything I have ever tried.  
Prof. J. M. Moehan, Capital City, Iowa.  
Commercial College, Des Moines, Iowa. Sold by  
Osburn & Co.

Try St. Patrick's Pills and compare their  
effect with any other kind made. They con-  
tain the good properties of the older prepa-  
rations combined with the most valuable  
medicines discovered in modern times.  
As a cathartic and liver pill, St. Patrick's are  
perfection. Sold by Osburn & Co.

Before you start on a journey go and see  
Osburn & Co. and procure a bottle of Cham-  
berlain's Colic, Cholera and Diarrhoea Rem-  
edy. It is a great safeguard for travelers  
and gives immediate relief.

There is one medicine rightly named,  
that one is Chamberlain's Pain Balm. It is  
the best Liniment ever introduced in this  
country and is certainly a Balm for all body  
pains. Any one suffering with neural-  
gia, rheumatism or lameness of any kind,  
should try it at once. Sold by Osburn & Co.

Try Chamberlain's Cough Remedy and  
you will be convinced that it is a perfect  
treatment for coughs, colds and hoarseness.

**AN EXPLANATION.**  
What is this "nervous trouble" with which  
so many seem now to be afflicted? If you  
will remember a few years ago the word  
Malaria was comparatively unknown—to-  
day it is as common as any word in the  
English language—yet this word covers only  
the meaning of another word used by our  
forefathers in times past. So it is with  
nervous diseases, as they and Malaria are  
intended to cover what our grandfathers  
called biliousness, and are all caused by  
troubles that arise from a diseased condition  
of the liver which in performing its func-  
tions finding that it cannot dispose of the  
bile through the ordinary channel is com-  
pelled to pass it off through the system,  
causing nervous troubles, Malaria, Bilious  
Fever, etc. You who are suffering can well  
appreciate a cure. We recommend Green's  
Angust Flower. It cures are marvelous.

Davis, the tailor, has just received a large  
stock of imported and domestic goods of the  
latest Spring and Summer styles. Call and  
examine his stock.

**FOR SALE.**—Four yoke of broken work  
oxen and rigging for sale cheap. Cattle and  
other are at Elmira, Lane county, Oregon.  
ALEX. A. FOSTER.

**The Columbia Cable.**  
Mr. H. A. Sturges, who contracted to sup-  
ply and lay the new Columbia river cable  
from Astoria to Fort Canby, is on pins and  
needles over the slow progress it is making  
across the continent. He has good reason  
to be uneasy, for if the cable is not in place  
by the 25th inst., he forfeits \$100 for every  
day that transpires after that date until the  
cable is in place. As the cable was on the  
Northern Pacific lines, Mr. S. G. Fulton  
was the gentleman to give the following ex-  
planation to the News of the cable's delay:  
"The cable is in two tanks of water, which  
are loaded on Pennsylvania railroad cars.  
The two tanks, including their contents,  
weigh 68,000 pounds. When it is considered  
that a freight car's load is 20,000 pounds it  
will be seen that the car containing the cab-  
le is overweighted. As a result the jour-  
nals are being overheated, burning out the  
brasses, necessitating the cars being side-  
tracked until new brasses could be put  
in. In order to avoid further delay the car  
will be thoroughly overhauled when it  
reaches Hereon, and a mechanic will accom-  
pany it to Portland, supplying brasses when-  
ever needed on the trip. A car has never  
passed over the road with as heavy a load.  
The cable was imported from England and  
is covered with a gutta percha coating,  
which protects it from the water. If the  
head cable is exposed to the air it becomes  
cracked and practically useless, which ac-  
counts for its being transported across the  
continent in water. On the arrival of the  
car here the car will be run down to the wa-  
ter's edge and the cable will be taken out of  
the car tanks and recoiled into similar ones  
on a barge, which will convey it to its des-  
tination at Astoria.

**Important Land Decision.**  
The Supreme Court has affirmed the de-  
cision of Judge Boise in the circuit court  
granting a peremptory writ of mandamus re-  
quiring the state board of school land com-  
missioners to make a deed to John Gleim of  
320 acres of school land assigned to him by  
one Karnes, the original purchaser. The  
board has refused to make the deed, claiming  
that as the law would not allow them to  
"sell" more than 320 acres of land to any  
one person, and as they had already sold  
Gleim 100 acres, they could not deed him  
this 320, even though he had become the  
holder of the land through another party.  
Gleim claimed that the giving of a deed was  
not the sale; that the land was sold to  
Karnes, and that he being a bankrupt, had  
to either assign the land to Gleim or lose it  
with all he had already paid on it. The law  
says that when the land is assigned by the  
original purchaser, the board shall make a  
deed to the assignee when he makes the final  
payment on the land. The supreme court  
decided that the law was plain, and that the  
board would have to make the deed.

**Good News for Wheat Growers.**  
LONDON, Aug. 26.—Europe will need more  
wheat than she can raise this year. Russia  
is the only country having a good yield. The  
cold wet weather has affected both the  
amount and the quality. The estimated  
deficiency in Great Britain is 150,000,000  
bushels, in France 28,000,000 and in Ger-  
many 10,000,000 bushels. India will exceed  
the yield of 1887 by 20,000,000 bushels and  
Russia by 15,000,000. No great demand is  
expected at once, but higher prices must  
come.

**Large Cattle.**  
F. M. Hyde, of Harriburg, sold to Mr.  
McGregor, of Portland, recently, the finest  
lot of twenty-two beef cattle that ever left  
Linn county. One 4-year-old steer, raised  
by E. E. Upmeyer, two mile-east of Harri-  
burg, tipped the scales at 1,850 pounds. The  
animal is a pair Shorthorn Durham breed, and  
certainly was a magnificent specimen. He  
will be saved for exhibition at the next fat  
cattle show in Portland. The price Mr.  
Hyde realized for him was \$78.40.

**ALMOST CAPTURED.**—Umpqua Herald:  
Deputy Sheriff Miller and Beckley came  
near bagging the Oakland burglar last  
Thursday night. They discovered him en-  
tering the northern part of town and ordered  
him to halt. Instead of doing so, he  
started off in a run, the deputies emptied  
their pistols at him causing him to drop a  
pair of boots which he was carrying. The  
last shot fired is thought to have taken ef-  
fect, but the thief escaped into the brush in  
the direction of the river and further search  
proved futile. The boots dropped by the  
burglar contained seven silver watches, and  
five chains and \$85 in silver coin. The  
watches of Messrs. Russell and Dodge, of  
Oakland, were among those recovered.

**Telegram:** Most of the adventuresome  
young folks here are afflicted with a mania  
to reach the summit of Mt. Hood, which  
heretofore has been regarded as a perilous  
undertaking. It is understood that within  
the next few weeks eight parties numbering  
seventy-five people in the aggregate, will try  
to make the trip. The craze is growing so  
prevalent that it may be expected next sea-  
son a party will leave every day. The  
contagion is likely to spread among tourists,  
and none will believe that he has "done the  
Northwest" without taking in the mountain  
pride of Oregon.
