Purify Your Blood.
Bodily and mental health depend upon a healthy condition of the blood. The blood, particularly in the spring and summer months, becomes clogged with impurities, which poison it and generate disease. A harmless blood purifier is necessary to restore a healthy tone. The best purifier and tonic known is Swift's Specific (S. S. S.). Of its wonderful purifying and tonic powers we give a few testimonials:
Mr. Wm. A. Sebold, with George P. Rowell & Co., 10 Spruce Street, New York, writes: "I feel it my duty, for the benefit of others who may be afflicted as I was, to write you this letter, which you can use in any way you choose. I suffered great pain from boils, all over my neck; I could not turn my head without a severe pain. After trying all the usual remedies, and finding no relief, I used one bottle S. S. S., and very soon I was entirely relieved of my 'Job's Comforters.' Now not a sign of my affliction can be seen."
Mr. M. S. Hamlin, Winston, N. C., writes: "I use it every spring. It always builds me up, giving me appetite and digestion, and enabling me to stand the hot summer days. On using it I soon become strong of body and of easy of mind."
Mr. C. E. Mitchell, West 23d St. Ferry, New York, writes: "I weighed 116 pounds when I began taking your medicine, and now 132 pounds. I would not be without S. S. S. for several times its weight in gold."

Government Work at Yaquina.
The appropriation for the improvements at the entrance to Yaquina Bay is now available, and Capt. Young has ordered that the damage to the jetty—caused by early Spring tides this season—be at once repaired, and precautions taken to prevent a recurrence of the disaster. The major portion of the appropriation will probably be expended in the construction of a short jetty upon the north side of the bay, in pursuance of a resolution of Congress adopted at its present session.
The depth of water has been largely increased by the work already accomplished, but the people of that section cannot brook delay, and through Congress have secured the withdrawal for the commencement of work upon the north side; leaving the south side work to be finished hereafter.

A PECULIAR THREAT—Loo MoVay, in jail at Corvallis for stabbing his brother, has issued this card Corvallis people: We publish it simply on account of its curious nature: "I have worked for the Republican party for thirty years and never received a cent. Now I stand in need of a little help. I want some two men to go on my bond for two hundred and fifty dollars; or, to get that amount of money, on the 20th day of November next. Now come up you woolly headed Republicans, for if you don't I will vote for Grover, Old Roman and the woolly horse. That money or bonds has got to come with n twenty days from date of this article. Yours respectfully.

Advices from Grant county report that Lake Malheur, a body of water that covers more than 75 square miles and has been without outlet, is rushing through a subterranean passage with a great roar. The noise is so loud and the shrinkage of water is so great as to attract much attention. It is said that miles of formerly submerged land is now visible. The account is meager. The lake receives the waters of the Blitzen river and never overflows. It is situated on a rich, level plain with low shores. It is connected with Lake Harney by a shallow channel 60 feet wide and 600 feet long. If the subsidence prove permanent it may throw the Oregon Pacific survey some miles further south.

Charles T. Smith, candidate for the legislature on the Democratic ticket at the last election, in Portland, was taken ill with erysipelas on the 20th and was conveyed to the Good Samaritan hospital, where he died the same day. About two months ago he won fifteen thousand dollars in the Louisiana lottery, with which he recently purchased an interest in the wholesale seed store of J. Bowen & Co., in Portland.

A WARNING.
The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption, and to the head causing insanity. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boscche's German Syrup. It will give you immediate relief.

The Pendleton Cow.
The Pendleton cow now climbs trees to eat the foliage out of her reach when on the ground—at least she does the next best thing. Last night about 12 o'clock a specimen of the terror known as the Pendleton cow came along Webb street in front of the Catholic church, and saw the green leaves and tender branches of the trees that were good, but out of reach. But she was equal to the emergency. The trunks of the trees are yet small, and the ground loose, and the protection around one or two of them has been removed. So she simply stilled up to the tree, laid her weight against it, pushed it over until the top was within easy reach, and then proceeded to eat it up. The Pendleton cow is a daisy. Several dozen of them are at large all night, and every one of them is as full of the d-v-it as an egg is of meat—East Oregonian.

CROOK COUNTY JUDGESHIP—The case of the County Judgeship of Crook county is causing considerable talk, on account of the death of Judge Johns. The case is somewhat like this: Judge Johns was elected County Judge in 1886, in place of a predecessor who resigned, and in 1888, Barnes stood as candidate for the office, claiming that Johns had been elected to fill only an unexpired term, and that his successor should be chosen in 1888. Johns claimed that he was elected for the regular term of four years, and his term of office would therefore not expire until 1890. Governor Penney says he will investigate the matter and act according to what he believes to be just.

SAN FRANCISCO, Aug. 27—The steel ram of the new cruiser San Francisco now being constructed at the Union Iron Works in this city, was cast to-day at the Pacific Rolling Mills. The result of the casting will not be known until the metal has cooled, which process will take several days. Nearly two months have been consumed in getting the mold made. About twenty seconds were occupied in pouring in the metal after it had been properly mixed. There were over 20,000 pounds of molten steel in the huge ladle when it was trundled to the mould. The operation was witnessed by a large number who had been invited. When finished the prow will weigh 135,000 pounds, making it 2000 pounds heavier than that of the Charleston, which was cast at the same place.

Jacksonville Times: White returning from Cinnabar and near Kettle Camp last Tuesday, J. C. McColly had a big fight with a she bear of the "mealy nose" species. He had shot the animal in the mouth and she ran off. Jim pursued her and espied one of her cubs in the brush. Without thinking of consequences he shot it, and howling loudly it rolled down the mountain side. With a fierce growl the old bear turned and charged on him, but his gun did not work well and he could not fire until the animal was within twenty feet of him. Fortunately the shot was fatal.

From the report of J. F. Brown, Grand Recorder of the A. O. U. W., it is learned that there was but one death in this jurisdiction during August. This was Mr. C. M. Chambers, of Victoria Lodge No. 19, Victoria, B. C., who died August 3, of bronchial phthisis. There is no assessment for this month. There is a balance of \$3215 70 in the treasury. In the eighty-nine lodges in the jurisdiction there are 4242 members. Of this number 462 are in good standing, while 180 are suspended for non payment of dues, etc.

Fifty white laborers arrived in Albany Saturday from California, via Yaquina, and went at once to the front to work on the Oregon Pacific railroad says an Albany exchange. About 100 Chinamen also came on the last trip of the Willamette Valley to engage in this work, and other white laborers from San Francisco will arrive on the next trip of the steamer. The scarcity of men occasioned by the busy harvesting season, is what brings men from California to engage in this railroad work.

An exchange says there are three characters for whom he thinks there is no forgiveness here or hereafter: The man who mistreats the wife of his bosom and the children whom God has given him; who refuses to pay his subscription or advertising bill, and he who imbuces his hand in the blood of a fellow.

The Democracy of Oregon are going to have a bran new \$20,000 printing office in Portland, 8-nator Heurst, of California, takes \$30,000 of the capital stock and the Democracy of Oregon take \$20,000. Under the plans proposed, with practical management, there need be no such word as fail.—Astoria Transcript.

Davis, the tailor, has just received a large stock of imported and domestic goods of the latest Spring and Summer styles. Call and examine his stock.

Mothers!
Castoria is recommended by physicians for children teething. It is a purely vegetable preparation; its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

City Taxes.
For the year 1888 are now due and payable to F. W. A. Crain, Treasurer, at his office. All taxes not paid by the 20th day of September, 1888, will become delinquent, and subject to an additional fee per cent.
B. F. DORRIS, Recorder.
Eugene City, July 26, 1888.
Don't Believe it
When told that F. M. Wilkins, the druggist, is not selling "Wisdom's Robentine" for the complexion, the most elegant and only really harmless preparation of its kind in the world, and giving a beautiful picture card with every bottle.
