Democratic Ticket.

For President: GROVER CLEVELAND, Of New York.

For Vice President:

ALLEN G. THURMAN, Of Ohio.

For Presidential Electors: Of Multnomah W. H. EFFINGER, E. B. SKIPWORTH,Of Umatilla.

Thurman's Letter.

The Democratic vice presidential caudidate has made public histetter of acceptance. We take the following from it:

I approve the pistform of the St. Louis convention and I cannot too strongly ex-press my dissent from the heretical teachings of the monopolists, that the welfare of the people can be promoted by a system of ex-orbitant taxation far in excess of the wants orbitant taxation far in excess of the wants of the government. The idea that a people can be enriched by heavy and unneccessary taxation; that a man's condition can be improved by taxing him on all he wears, and all that his wife and children wear, on all his tools and implements of industry, is an obvious absurdity. To fill the vaults of the treasury with an idle surplus for which the government has no legitimate use and to thereby deprive the people of the currency needed for their business and daily wants, and to create a powerful and dangerous stimand to create a powerful and dangerousstimulus to extravagance and corruption in the expenditures of the government, seems to me to be a policy at variance with every sound principle of government and of politi-cal economy. The necessity of reducing taxation to prevent su h an accumulation of surplus revenue and the consequent depletion of the circu ating medium, is so apparent that no party dares to deny it: but, when we come to consider the modes by which the reduction may be made, we find a wide antagonism between our party and the monopolistic leaders of our political op-We seek to reduce taxes upon the necessaries of life; our opponents Seek to to increase them. Can any sensible man doubt as to where he should stand in the controversy? Can any well-informed man be deceived by the faise pretense that a system so unreasonable and unjust is for the benefit of laboring men?

Chinese Exclusion.

A San Francisco dispatch of Oct. 14, says: Congressman W. W. Morrow of this city ar-rived from Washington City to-day. Speak-ing of the Chinese exclusion bill he said: "There was some talk before I left Washing ten of introducing a bill requesting the president to enter into negeriations with Canada and M-xico with a view of getting those countries to adopt. Chinese, exclusion laws. Such a bill will doubtless be intro-duced in congress next session. If adopted Halvor. there will be no necessity to guard these frontiers. I think it is likely such negotia tions will be successful. Although Mexico has been encouraging Chinese cheap labor, I think the Mexican government can be in-duced to favor the United States so far as to exclude Chinese . The Canadian house of commons, at its last session, did not appear much opposed to Chinese, but I think it will also operate with this country. Until that is done the United States will have to beignarded at every point.

Just Before the Newark Election.

N. Y. Tribans (Rep.) October 9, 1888. The election is watched for with great interest throughout the State, as affording some indication of the political drift and for its moral effects upon the elections next month. Republicans are confident of a good majority.

Free Trade.

The Senate Tariff bill puts 50 articles on the Free List. If this is not Free Trade, what's the other name for it? Remember that Ben Harrison said that "it is not the length of a step but the direction of it that is important."

Robt, McLean spoke at the Court House Wednesday evening to a fair audience. He is one of the Republican candidates for pres idential elector. He repeated the old Re-publican chestnuts that the Democratic party engaged in a rebellion against the United States twenty-five years ago, and that the Mills tariff bill was passed because it favored the South. We are informed that the gentleman is a minister of the Gospel.

In a Chinese habeas corpus case before Judge Sawyer at San Francisco this week, the constitutionality of the Scott Exclusion Bill was affirmed. Already one steemer has returned with her load of Chinese. Hereafter no Chinese will be permitted to land except such as can prove themselves mer-chants or that they were born in the United States. It is a great thing for the Pacific Coast. White labor in the future will not be forced to compete with a rival whose cost of living is nominal.

La Voce del Popolo, of San Francisco, which has been a leading Republican paper for twenty-nine years, has come out for Cleveland and the Democratic party. It advises all Italian citizens to do likewise, on the grounds that the Republicans hate the Italian and love the Chunaman. For the first time in the history of the county. fir t time in the history of the country, an Italian has been nominated for Presidential elector. M: Caminetti being a candidate for that office in California on the Democratic ticket.

B. F. Jones, of Pennsylvania, who was chairman of the National Republican Com-mittee during the presidential campaign in 1884 soid in an interview on the 18th day of October of that year: "Further more we will carry every no thern state, and apon a car-ful calculation. New York state by 50, 000 majority." Matthew Quay is telling the same story to-day.

Yesterday the city of Newark, N. J., rolled up a D mocratic major-ty at its charter election—the first time in twenty years that such a thing has happened in the month preceding the Presidential election. The gain for the Democrats is something like 2,000. Is this not a big y-llow straw, brethren?—N. X. World, Oct. 10th

The Indianapolis Republicans have tried three times to organize a German Republicans club, and at last formed a club with 30 members. On the other hand German Democratic clubs exist in every ward in Indianapolis, besides a German Business Men's and Tenth Streets, Engene City, Or. THOS. CHAPPEL.

Last week the San Francisco Examiner issued a tariff supplement, which for comprehensiveness in treating the Democratic side of the tariff question has not been equaled in the United States. The first page is cutellished with portraits of many emi-ment Republican, who in the past favored tariff retorm. A few of these gentlemen

were and are:
Ex-President Lincoln;
Ex-President Grant; Ex-President Garfield; Ex-President Arthur; Jas. G. Blaine;

John A. Logan; Ben. Herrison; Levi P. Morton.

Extracts from their speeches are given. Chir Stammer could have added the portraits of William H. Seward, Chus. Summer and Henry Wilson, the latter speaking in favor of a tariff reduction bill, used these

The manufacturers, Mr. President, make no The manufacturers, Mr. President, make no war upon the wool grower. They assume that the reduction of the duty on worl, or the repeal of the duty altogether, will infuse vigor into that droeping interest, stimulate home production, diminish the importation of foreign woollen manufactures, and afford a steady and increasing demand for American wool. Since the reduction of duties in England, after wool was admitted free, her woolen manufactures wool was admitted free, her woolen manufactures.

The Wheat Swindlers.

The \$15 a bushel wheat swindlers have again bobbed up with their notes, obtained from Linp county farmers, on which they demand payment, says the Albany Herald. These notes were given by about a dozen substantial farmers of the county who were the gentleman is a minister of the Gospel. but his speech gave ample proof that his edition of the Bible does not coutain the passage: "Thou shalt not bear false witness," &c.

substantial farmers of the county who were swindled in the aggregate of about \$3000. It is understood that these men will employ able counsel and vigorously defend the case. They certainly ought to do so, as the whole transaction was one of the most outcome. swindles ever perpetrated in the vicinity, and the managers of the so-called company ought to behind the prison bars.
