FOR SALE EVERYWHERE.

Mothers!
Castoria is recommended by physicians for children's teething. It is a purely vegetable preparation; its ingredients are published round each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents.

Lambert & Henderson are the sole agents for the celebrated Superior stoves. Take your wife and look at them.
Moore's Revealed Remedy regulates and builds up all the organs of the human system. Sold by Eugene Druggists.

What is it?
That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Wisdom's Robotine accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

By the latest methods in use by Eastern dentists high in the profession, Henderson is enabled to produce equally as desirable results in fine gold fillings. Office same place, Hayes' block.

A travelling man, stopping at the Lee House, Campbellburg, Ind., on learning that a lady in the village was suffering terribly with cramp colic, gave the lady a bottle of medicine, which he had with him and requested her to take it to the sick woman. The medicine relieved her promptly and she believes saved her life. It was Chamberlain's Colic, Cholera and Diarrhoea Remedy, the promptest and most reliable medicine in use for bowel complaints. Sold by Osburn & Co.

Cholera Morbus is one of the most painful and dangerous diseases, many deaths resulting from it each year, usually because it is not properly treated. The most severe cases may be cured by using Chamberlain's Colic, Cholera and Diarrhoea Remedy. Sold by Osburn & Co.

Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with great success during our epidemic of bloody flux. I do not know of a case that was lost where this remedy was used. One of my friends, about six miles from here, had a child that was given up by the two doctors who attended it. He then used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and the child recovered. All who have used it speak of it in the highest terms. Wishing you abundant success for the good you are doing, I am, Very Truly Yours, — P. E. LANSNER, P. M., Chestnut, Albermarle Co., Va. Sold by Osburn & Co.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Bosche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Notice.
Chas. Baker has leased the Baker house from Mrs. Baker and purchased the business. All bills previous to Aug. 15 are payable by and to Mrs. Baker.

Wood Wanted.
All kinds of good, clean four-foot wood wanted by the Winter Photo-Company.

Inquire over A. V. Peters' store.

Winters
Photo-Company.
Best facilities for enlarging pictures to any size and a superior quality of work guaranteed.
Mr Geo F. Craw has the sole agency for all brands of the celebrated Tansil Punch Cigars. The highest cash price will be paid for wheat by F. B. Dunn

ROYAL
ROYAL BAKING POWDER
Absolutely Pure.
This powder never fails. A marvel of purity, strength and wholeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test, short weight adulterated or phosphate powders. Sold only in cans. ROYAL BAKING POWDER Co., 109 Wall St., N. Y.

He Wanted "Protection" Wages.

A good story comes from Sangerites, says the Kingston, N. Y., Leader. An ardent follower of Harrison in that village told a man in his employment that if Cleveland was elected wages would go down, but that if Harrison was elected wages would go up. It was the familiar attempt of the employer to scare his workman into supporting the Republican candidate. The man was receiving \$9.50 a week. After election, employer and employee settled up for the month of October. The working man then said to his employer: "I want \$10.50 a week from now on." This made "the friend of the American labor" very angry, and he swore with a mighty oath that he could not stand the raise. "But," said the modest laborer, "you said that if Harrison was elected wages would go up. Harrison is elected and I have a right to ask for more pay on the strength of your own statement." The Republican could not see it in that light and as the story is told, the man has quit work, declaring that Harrison, his old employer and the Republican party are all humbugs of the first magnitude.

The moral of the tale is that the truthful gentlemen who have been preaching "Harrison and Higher Wages" will find themselves in trouble before very many moons have waxed and waned.

SETTLED COMPROMISE.—The litigation between the Oregon Pacific and contractor G. W. Hunt has terminated in a settlement. Mr. Hunt had sued the company in the state court at Portland, the case being afterward transferred to the U. S. Circuit court, for \$80,000 for work and \$80,000 damages. The company brought suit in Albany against Hunt for \$150,000 damages for non-fulfillment of contract. The latter suit Mr. Hunt defended and brought in his counter claim for work and damages, and obtained a judgment for \$75,000. On Thursday of last week negotiations for a settlement were ended by Mr. Hunt accepting \$60,000 in full of all demands and \$5,073 for costs. Payment was made in two drafts of Hamilton, Job & Co., of Corvallis on Ladd & Tilton, of Portland. It is supposed that the Bennett suit will be settled but nobody knows about that.

A FATAL ACCIDENT.—Philip Walker, a young man 22 years of age, had his head blown to pieces at Brownsville last Wednesday evening. He was sitting on a bench near a billiard table, where some parties were playing a game. He had a gun in his hands, which he held by the barrel with the butt resting on the floor. It is supposed that he started to raise the gun when it was discharged. The entire load entered at the point of the jaw bone, passing to the crown of the brain where it lodged, killing him instantly. The young man was born and raised in Brownsville, where his parents reside.

"Yes, brethren," says the preacher, in his funeral sermon, "our deceased brother was cut down in a single night—torn from the arms of his loving wife, who is thus left a desolate widow at the early age of 24 years." "Twenty-two, if you please," says the widow, in the front pew, emerging from her handkerchief for an instant.—Ex.

Next to John Wansamser of Philadelphia who raised \$100,000 for the use of Mr. Quay in the late campaign, the highest contributor to the Committee was Leland Stanford, of California. Mr. Stanford has large interests which need to be protected and aided by legislation. He will expect also to be permitted to name a Cabinet official from the Pacific Coast.—N. Y. World.

Don't Believe It
When told that F. M. Wilkins, the druggist, is not selling "Wisdom's Robotine" for the complexion, the most elegant and only really harmless preparation of its kind in the world, and giving a beautiful picture card with every bottle.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things that ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

The young man with his best girl, the old man and woman, the farmer and laborer, when they come to town to Eugene to purchase goods, should not delay but proceed at once to Friendly's store, where is kept a large stock of men, boys and children's clothing, ladies dress goods, fancy articles, hats, caps, boots and shoes, carpets, etc.

Direct from the Front.
KNOXVILLE, TENN., July 2, 1888.
The Swift Specific Co., Atlanta, Ga.:
Gentlemen—I can cheerfully and truthfully say that S. S. S. is the greatest blood purifier on earth. In 1884 I contracted blood poison. Physicians treated me with no good results. I took a half dozen different kinds of blood medicines, but, without receiving any permanent relief! I was induced to try S. S. S. I began the first bottle with the gravest doubts of success. I had been so often deceived. But improvement came, and I continued its use until perfectly well. I have since married, and have a healthy family. No trace of the disease is seen. Swift's Specific did all this for me, and I am grateful. Yours truly,
J. S. SRAEDER,
118 Dale Ave.

KEMP, TEXAS, June 23, 1888.
The Swift Specific Co., Atlanta, Ga.:
Gentlemen—A sixteen-year-old son of mine was afflicted with bad blood, and broke out with an eruption on various parts of his body. I put him to taking S. S. S., and a few bottles cured him entirely. I live at Lone Oak, but my post-office is at Kemp. Yours truly,
W. S. ROBINSON.

Three books mailed free on application. All druggists sell S. S. S.

Drawer 3, Atlanta, Ga.
New York, 756 Broadway.

Oregon Fisheries.

The fish commissioners will be through with their work at the Clackamas hatchery by the middle of January. By that time all the eggs will be hatched out and the young fish placed in the river to work out their own destiny. Early in the present month a freshet washed out the rock, and all the salmon went up the river to deposit their spawn. Prof. Stone painted the house at the hatchery and otherwise improved everything about the hatchery by the middle of January and turned it over to the fish commissioners in good shape. Professor Livingston Stone, United States fish commissioner, is at the McClung hatchery. He expects to turn out a large number of young salmon. At R. D. Home's hatchery at Ellensburg, on the Rogue river, there are about 400 salmon in the basin. These will yield enough eggs to hatch out 1,500,000 young salmon. The eggs are being placed in the hatching troughs at the rate of from 80,000 to 100,000 per day. This hatchery is owned by Mr. Home, but the state appropriated \$2000 to help him in his good work. At the present rate of hatching salmon it will not be long before Oregon waters will produce more salmon than ever before. The good work should go bravely on.—Portland News.

The Oregon Pacific.

[Albany Herald.]
A gentleman who had just returned from the front on the Oregon Pacific, was seen by a Herald reporter Monday, and interrogated concerning the work on the road eastward. It was learned that regular trains are now running to Mills City, eight miles above Medford, the road being completed to that point.

The approaches to the 400-foot tunnel are about finished, and the work of excavating and putting in the timbers is fairly commenced. A good many men are quitting work on account of the cold weather and these usually find their way to the city. A large force of men are still at work for Seales & Duane, however, and these gentlemen expect to keep a considerable force at work nearly all winter, engaged principally on rock work and the tunnel.

The construction has progressed in a satisfactory manner during the comparatively short season's work, the road being now completed over 40 miles eastward from Albany.

The Yaquina Steamship Line.

Albany Herald, Dec. 1: Mr. J. F. Crosby, the well-known wheat buyer of this city, received a dispatch from San Francisco yesterday stating the Oregon Department Company's new steamship the Yaquina Bay arrived in that port yesterday morning, and will at once enter into the service of the company, plying between San Francisco and Yaquina Bay. The dispatch states that it is also semi-officially announced that the steamship Eastern Oregon, which has been withdrawn from the line on account of some litigation, will again be put on about the middle of December. This will make three vessels on the Yaquina ocean route, which will greatly facilitate the traffic to and from that port.

We referred recently to the right of the State of Texas to dissolve into several states without consulting the Federal Government except to demand admission for such new states. This statement having been questioned, we beg to quote from the Act of Annexation:

No States of convenient size, not exceeding four in number, in addition to said State of Texas, and having sufficient population, may hereafter, by the consent of said State, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the Federal Constitution." Here, then, is the authority for making five states where there is only one, and getting ten Senators where now are two. Texas is as large as all the original thirteen colonies, leaving out North Carolina. If the Electoral College of 1892 she will have twenty-four votes, and in ten years more will cast the heaviest electoral vote of any state in the Union. It is said that her school fund will amount to \$80,000,000, and her Democratic majority is 150,000. It must be said for her that she is the most American of any state in the Union, and is likely to remain so, for she attracts American rather than foreign immigration.—S. F. Alta.

A LARGE WOMAN.—At Cove Union county, Saturday Nov. 17th, a Mrs. Reynolds, who was perhaps the largest woman on the Pacific coast, died. Her weight was 450 pounds. It required for her interment a coffin seven feet long, three feet high and four feet wide. It was said she was a sister to the "big woman" with Sells Bros.' circus that visited Oregon this past summer.

Harrison's vote in Illinois is 7,642 less than the aggregate vote for Cleveland, Curtis and Fisk. Mr. Pifer, who is elected Governor, is in a still greater minority, his vote being 11,723 less than a majority of all. It will be seen that Illinois offers some very interesting future political possibilities.

Use Oregon Electric Relief for all pain, internal or external. Ask your druggist for Oregon Electric Relief. It will help you.

Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, sick headache, cramp colic, cholera morbus, complaints peculiar to females, cold or cough, hives, chills and fever, pains around the heart, erysipelas, phthisis. GEORGE TAYLOR.
Sold by Osburn & Co., druggists.
