### Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation; its ingredients are published round each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pam, corns diarrhou and wind colic, allays leverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend.

MORRISTOWN, TENN., July 4, 1888. The Swift Specific Co., Atlanta, Ga.: Gentlemen-Five years ago I was so unfortunate as to contract an extremely bad case of blood poison. Then, through the advice of a friend I began taking S. S. S. Your medicine seemed to have an immediate effect. I took six bottles, and to-day am sound and well. That was two or three years ago, but I have seen no evidence of the return of the disease, and I take this opportunity to thank you for what it has done for me. It saved my life. ### A Huge Steer.

Owen Lafferty, of the People's Market in Oakland and the mammoth quarters hung up attracted the attention of epicures, who looked with longing eyes on the feast in store for those de-irons of securing choice, juicy steaks. This steer was stall feed, and it would be difficult to estimate the exact number of tons of barley consumed by him before he fell a sacrifice. He was led around the streets of Oakland before Christmas, on exhibition, to advertise what was in the for customers at the People's Market en Christmas day, and the demand a loved greater than the rush for turkeys of any other meat. This huge specimen of beef was the largest ever seen in Oakland, or was the largest ever seen in Oakland, or probably anywhere else, and Deter, of Little is pronounced by ladies of taste and refinement to be the most delightful tollet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

Mr. J. K. Jones has lost about seven year lings, and a great many others have lost from one to three head. A few days since Mr. John Pugh and John Davis, living near Shedd, came this way looking for strays, and on examining some cattle in possession of A. C. Merritt, claimed and took charge of two of them, and accused Merritt with theft. Merritt agreed to them taking the cattle they claimed to Harrisburg, being a few miles dis-tant, and he would meet them there and settle the matter, but he failed to put in an appearance. We do not stand up in judgment against Mr. Merritt to the effect that he stole these particular cattle, nor that he has been carrying on the business of trimming ears, but must say that if he were innocent of these charges he would not be afraid to put in an appearance. It is ru-mored that he has gone over the mountains

The United States Army has been engaged in driving white tresspassers out of this part of the Indian Territory for a good many years, and deserves credit for being a patient and lot-g-suffering bedy.
