Send Papers East.
If subscribers to the GUARD do not feel
able to send a copy to friends in the east,
wrap up one the one you receive after read-
ing and read it to some one. A constant
reader of a local paper cannot help becom-
ing interested in the locality. A California
exchange speaking on this subject says:
"Hardly a paper leaves the press of Cali-
fornia which does not contain items of in-
terest to the inhabitants of the bleak north-
west and New England. Let every person
who takes a paper mail it to some acquain-
tance east as soon as it has fulfilled its mis-
sion to the household. Every paper con-
tains something, and the perusal of it north
generates warmth, and an earnest wish to
get closer to the lovely climate and the
blooming of which it tells. Send your pa-
pers away. But the libraries and reading
rooms of every city north on the subscrip-
tion books of your newspapers. One hun-
dred thousand copies of the newspapers of
California distributed north before February
will bring 10,000 people to this coast before
April, and if every newspaper reader takes a
hand, it will be no apparent tax to any one."

Give Them a Chance!
That is to say, your lungs: Also all your
breathing machinery. Very wonderful
machinery it is. Not only the larger air
passages, but the thousands of little tubes
and cavities leading from them. When
these are clogged and choked with matter
which ought not to be there, your lungs can-
not do their work. And what they do, they
cannot do well. Call it cold, cough, croup,
pneumonia, catarrh, consumption or any of
the family of throat and nose and head
and lung obstructions, all are bad. All ought to
be got rid of. There is just one sure way
to get rid of them. That is to take Bos-
chee's German Syrup, which any druggist
will sell you at 75 cents a bottle. Even if
everything else has failed you, you may de-
pend upon this for certain.

What is it?
That produces that beautifully soft com-
plexion and leaves no traces of its applica-
tion or injurious effects? The answer, Wis-
dom's Robertine accomplishes all this, and
is pronounced by ladies of taste and refine-
ment to be the most delightful toilet article
ever produced. Warranted harmless and
matchless. F. M. Wilkins, agent, Eugene City.

By the latest methods in use by Eastern
dentists high in the profession, Henderson is
enabled to produce equally as desirable re-
sults in the gold fillings. Office same place,
Hayes' block.

Communication.
EN. GUARD:
Whereas, many citizens have read the mar-
shal's notice in your paper offering to sell Lots
6 and 7, in Block 18, for the sum of \$29.58 for
alleged tax on the East half of so much of a
county road as lies between the South halves
of Block 17 and 18, and also Lots 5 and 8 in
Block 17, for the sum of \$17.84 for the West
half of said road. Notice for sale of W 1/2 be-
ing published in another paper. In regard to
which, and another alleged tax charge heretofore
published, and reported over this county, I deem
it a duty to make a statement of facts. But will
first say that for more than thirty-eight years
I have resided the principal part of the time
on said lots, 5 and 7. That these lots consti-
tute the first real property conveyed by deed
in Lane county. Recorded in Book A, Page
1 and begins the Records of Deeds for the
county. That from the organization of the
county, I have been a contingent taxpayer here,
whether present or absent. That during all
of these years, I have faithfully paid all
lawfully assessed taxes, and all unlawfully
assessed taxes, if any, except the above men-
tioned, and one item on 7th street assessment.
For divers reasons, some of which may appear,
the statement will extend to all items and
charges.

I was present in the council chamber when
the petition for survey, grading and graveling
of 7th street was taken up, and the procedure
of the council thereon was unquestionably il-
legal in departure from the requirements of the
laws of the city. On motion of Councilman
Bilieu the petition was referred to the Street
Committee and the work to be done as the
Com. saw fit. Thereby cutting off publica-
tion of notice required by law, containing a
statement of what was proposed to be done,
and providing for remonstrance, etc. I was
absent from the city most of the time during
the progress of the work, and at the time when
the plank was set up along Block 17. But I
called at the places of business of three coun-
cilmen on the day of my last leaving the city,
prior to the setting up, to request that plank
should not be set along said block, but I found
none of them. Soon after the assessment had
been made I called upon the city treasurer and
tendered payment for the items of survey,
grading, and graveling along Block 17. The
tender was refused. I gave notice of deposit
of the same in the First National Bank, sub-
ject to his order, on delivery of receipt. At
the next meeting of the council an order was
made authorizing the street or judiciary com-
mittee to employ counsel and collect my
taxes. Now, the council well knew that
its proceeding would be published. But why
was not the order made general, while a
great number of citizens said they had never
petitioned for plank, and would not pay for
it, and have not, or have they or any of them
been named or published. I withdrew the
tender at reading the said proceeding and
called upon a lawyer of the committee and
said to him, "you know as well as I do, that
you cannot collect one cent for either grading,
graveling, survey or plank. But I am willing
to pay any tax that benefits me or the
city. But that the plank was a nuisance to
me, preventing ingress and egress with teams.
That it was good there it would be so all over
the city. And at the cost of the people of about
\$50 per block, and a recurring tax about
every five years for replacement, &c. I
talked with a number of councilmen and with
one who had been friendly in like manner
and suggesting that the city needed plank and
that I wanted it taken away. He said in re-
sponse, "This is curbing at my horse." "It is
of no use." "I did not want it." "But they
made me pay for it, and we are going to make
you pay for yours if we can." I said in reply:
"You have now given yourself away. You say
in effect that the tax is not necessary.
Now, sir, let me say to you that an unnece-
sary tax is an UNJUST tax, that an unjust tax
is LEAGUED money and a source of the taxing
power. But that it happens in this case, for
my benefit and that of the people, too, that
you have not the power." He then said:
"Well, I have promised to stand by ———,
and I am going to do it." After a long time
the money offered was accepted and the plank
taken away. And no resident on 7th street
doubts that if a notice containing a statement
of what was proposed to be done, and a
statement of the cost of plank along the dwelling
house portion of said street had been published
by the citizens with few, if any exceptions.
As soon as the assessment was made for grad-
ing, graveling and survey of Pearl street last
Spring, I paid my assessment. But I under-
stand that there are unpayed assessments on
said street, and also assessments on other
streets outstanding for years uncollected. And
now, Mr. Editor, as my whole article was
crowded over last week, I have concluded to
occupy your valuable space this week only to
the extent of one item thereof.

Representatives.
The Salem Journal in its Pen Pictures
gives Hon. S. W. Condon the following
notice:
Mr. Condon, Republican representative
from Lane county and a resident of Eugene
City, is engaged in the practice of law. He
was born in Oregon, Feb. 5, 1850, at the city
of Albany. Mr. Condon is a young man of
rare promise, who is destined to assume a
prominent place in the ranks of his profes-
sion. In 1882 he was elected state libra-
rian by a handsome vote; in 1880 he ac-
cepted a position as clerk in the office of
Hon. R. P. Earhart, then secretary of state,
where he remained until January 1881, dur-
ing which time, by his quiet and gentle de-
partment and unflinching integrity, he won
the well merited esteem of not only his em-
ployer, but of everyone with whom he came
in contact. In January, 1881, he realized
the importance of the completion of his col-
legiate course before entering upon the active
duties of his chosen profession. He resigned
his position and returned to Eugene, where
he resumed his studies in the State Univer-
sity and graduated in the class of '82, and
afterward returned to Salem and resumed his
old position in the office of the secretary of
state. Mr. Condon is now serving his first
term in the House of Representatives and is
ably representing Lane County. Mr. Con-
don's oratorical powers are excellent, as his
voice is clear and ringing and he imparts a
certain degree of vim into his talks which
snows in making a good impression on his
listeners. We bespeak for Mr. Condon many
more terms in the halls of the state house to
serve for the people.

Girard's Will.
The clause in Girard's will over which
there has been so much controversy is as
follows:
"I request and require that no ecclesi-
astical, missionary or minister of any sect
shall ever hold or exercise any station or
duty whatever in the said col-
lege; nor shall any such person ever
be admitted for any purpose, or as a visitor
within the premises appropriated to the
purpose of the said college. I desire to keep
the tender minds of the orphans, who are to
derive advantage from this bequest, free
from the excitement which clashing doc-
trines are so apt to produce; my desire is,
that all the instructors and teachers in
this college shall take pains to instill into
the minds of the scholars the purest prin-
ciples of morality, so that on their entrance
into active life, they may, from inclination
and habit, evince benevolence toward their
fellow-creatures and a love of truth, sobriety
and industry, adopting at the same time
such religious tenets as their matured rea-
son may enable them to prefer."

RELIC OF EARLY DAYS.—Hon. F. X. Mat-
thieu, of Butteville, was in the city yester-
day, and in the course of a conversation, he
unearthed his pocket book for the delecta-
tion of a reporter's curiosity a specimen of
the form of a bill of credit issued by the
territory of Oregon and reads: "Oregon City,
Oct. 4, 1847. Oregon Territory promises
to pay to the order of A. A. Skinner,
Sixteen dollars and fifty cents, with interest
at the rate of six per cent per annum from
date. Jno. H. Couch, Treasurer, per Jno.
P. Brooks." Mr. Matthieu has another of
these bills issued to S. W. Moss in 1846 and
transferred to him on a debt. Mr. Moss is
still living at Oregon City. None of the parties
are living whose names are on the one
above given. The bills were never presented
for payment and now Mr. Matthieu would
not take any price for them. He wants to
leave them in the assets to help pay his
funeral expenses, he says.—Statesman.

The commissioner of the general land
office has decided a case which was brought
before him in the interest of some settlers in
Oregon, and is of importance to many oth-
ers. Heretofore the department has re-
quired new publication and new proof in
cases where the claimants have made proof
at a day other than that named in the
notice. The practice now will be to receive
the proof and submit the entry to the board
of equitable adjudication, where, if there
are no other irregularities, the entry will be
approved and recommended for a patent.

Everywhere merchants have at first pro-
posed homestead exemptions everywhere
they have learned that such exemptions are
to their interest in the long run. Why?
Simply because those who have evaded debts
keep just within the border of the exemption.
If there is no exemption such men
have nothing and do nothing; if there is a
considerable exemption, they have what the
law allows and get ambitious for more and
either get above striking or can't help ac-
quiring more.

The proposed extradition treaty with
Great Britain follows the fate of the fisheries
treaty with the same country. The United
States Senate is evidently determined that
no treaty, good or bad, shall be negotiated
under the present Administration. Mean-
while the exodus of embezzlers to Canada
continues.

The average wages of the silk weavers of
New Jersey will be \$16 a week; they are

Persons troubled with rheumatism should try

has cured many cases of chronic and inflama-
