Addition to Springfield.

Kelly's addition to Springfield is now  
upon the market, and persons desirous of  
purchasing lots, blocks or larger tracts of  
from five to forty acres, can be accommodated  
at low prices and upon liberal terms. The  
object is more to build up and settle the  
locality than to skin the emigrant or por-  
chaser. This is a most desirable tract of  
land, and for richness of soil, business facili-  
ties and all other advantages which go to  
build up a prosperous community, is not ex-  
celled by any location in the state of Oregon.

Give Them a Chance!

That is to say, your lungs. Also all your  
breathing machinery. Very wonderful  
machinery it is. Not only the larger air  
passages, but the thousands of little tubes  
and cavities leading from them. When  
these are clogged and choked with matter  
which ought not to be there, your lungs can-  
not do their work. And what they do, they  
cannot do well. Call it cold, cough, croup,  
pneumonia, catarrh, consumption or any of  
the family of throat and nose and head  
and lung obstructions, all are bad. All ought to  
be got rid of. There is just one sure way  
to get rid of them. That is to take Bos-  
chee's German Syrup, which any druggist  
will sell you at 75 cents a bottle. Even if  
everything else has failed you, you may de-  
pend upon this for certain.

ADVICE TO MOTHERS.

Mrs. WINSLOW'S SOOTHING SYRUP, for chil-  
dren's teething, is the prescription of one of the  
best female nurses and physicians in the  
United States, and has been used for forty  
years with never-failing success by millions of  
mothers for their children. During the pro-  
cess of teething its value is incalculable. It  
relieves the child from pain, cures dysentery  
and diarrhoea, griping in the bowels, and wind  
colic. By giving health to the child it rests  
the mother. Price 25c a bottle.

Long-Standing

Blood Diseases are cured by  
the persevering use of Ayer's  
Sarsaparilla.

This medicine is an Alternative, and  
causes a radical change in the system.  
The process, in some cases, may not be  
quite so rapid as in others; but, with  
perseverance, the result is certain.  
Read these testimonials:—  
"For two years I suffered from a se-  
vere pain in my right side, and had  
other troubles caused by a torpid liver  
and dyspepsia. After giving several  
medicines a fair trial without a cure, I  
began to take Ayer's Sarsaparilla. I  
was greatly benefited by the first bottle,  
and after taking five bottles I was com-  
pletely cured."—John W. Benson, 70  
Lawrence St., Lowell, Mass.

Last May a large carbuncle broke out  
on my arm. The usual remedies had no  
effect and I was confined to my bed for  
eight weeks. A friend induced me to try  
Ayer's Sarsaparilla. Less than three  
bottles healed the sore. In all my expe-  
rience with medicine, I never saw more  
wonderful results.

Another marked effect of the use of this  
medicine was the strengthening of my  
sight."—Mrs. Carrie Adams, Holly  
Springs, Texas.  
"I had a dry scaly humor for years,  
and suffered terribly; and, as my brother  
and sister were similarly afflicted, I  
presume the malady is hereditary. Last  
winter, Dr. Tyson, (of Fernandina,  
Fla.) recommended me to take Ayer's  
Sarsaparilla, and continue it for a year.  
For five months I took it daily. I have  
not had a blotch upon my body for the  
last three months."—T. E. Wiley, 149  
Chambers St., New York City.

"Last fall and winter I was troubled  
with a dull, heavy pain in my side. I  
did not notice it much at first, but it  
gradually grew worse until it became  
almost unbearable. During the latter  
part of this time, disorders of the stom-  
ach and liver increased my troubles. I  
began taking Ayer's Sarsaparilla, and,  
after faithfully continuing the use of  
this medicine for some months, the pain  
disappeared and I was completely  
cured."—Mrs. Augusta A. Furbush,  
Haverhill, Mass.

In Memoriam.

SANCTUARY OF HARRISBURG, OR., ASSEMBLY  
5375, K. of L. March 22, 1889.  
In submission to the universal decree of  
the Great Master on the 18th day of March,  
1889, Hon. Enoch Hunt departed hence to  
receive the award that awaits the faithful  
and the just. The record he leaves for the  
living is bright and untarnished.  
In all his public trusts he was plain and  
firmly honest, and so devoted to the main-  
tenance of right and the public good, and  
so impressing those exalted virtues upon  
the minds of the people that his name will  
be endeared and honored by them long after  
all who now live have gone to join the great  
majority.

As a private citizen he was the soul of  
honor, dignified, noble and charitable in all  
his secular dealings. In his domestic rela-  
tions he was a model of the highest order;  
kind and provident, his teachings correct and  
elevating in the family left to mourn his  
loss. The Harrisburg Assembly of the Noble  
Order of the Knights of labor extend sym-  
pathy to the bereaved family of our departed  
brother.

About The O. P.

The Review of Princeton, dated March 16,  
contains the following: "Col. Eckleson, chief  
engineer for the Oregon Pacific, arrived here  
from Albany last Saturday, and left on Mon-  
day's stage for The Dalles. He crossed the  
Cascades from the front of the O. P. on foot.  
What mission the Col. was on we were unable  
to learn, but he said something would be  
known within one month of the company's in-  
tentions. Col. Eckleson says the company can  
complete the road from Albany to the Des-  
chutes river within six months from the time  
active construction is begun. When asked  
whether the road would be located through  
Prineville, Col. Eckleson said that was a mat-  
ter entirely with the managers, and a thing  
over which the engineers had no control, but  
the object of the company was to get a direct  
route, and he thought the most direct line was  
across the desert. The Colonel said there was  
nothing in the report that a surveying party  
in the employ of the Union Pacific were  
locating a line on the summit of the Cascades."

The Polk County Murder.

SALEM, March 23.—Great excitement still  
prevails throughout Polk county over the killing  
of Perryman and the action of Justice  
Frink in admitting Beardsley to bail in such a  
small amount. A petition has been signed by  
a large number of solid citizens and presented  
asking Frink to resign as justice. Neither  
Beardsley nor Frink could be seen to day and  
a rumor is among Beardsley's enemies that  
both have left the country, but others do not  
believe this. Many Polk county people were  
in Salem to day and the case was the whole  
talk of the street all day. It would be unsafe  
for any man to speak a good word for Beards-  
ley in Polk county just now. The feeling  
against the justice is almost as bitter as against  
the criminal.

A Coming Political Boss.

A man who wanted to learn what profession  
he would have his son enter, put him in a  
room with a Bible, an apple and a dollar bill.  
If he found him when he returned reading the  
Bible, he would make a clergyman of him; if  
he found him eating the apple, a farmer, and if  
he found him with the dollar bill, a banker. When he  
returned he found the boy sitting on the Bible,  
with the dollar in his pocket, and the apple  
almost devoured. He made a politician of him.

HUSBAND AND WIFE.—The following will  
be of great and vital interest to a great many  
people of Oregon as well as of California:  
By a decision of the supreme court of Cali-  
fornia rendered recently, the principle of  
law is laid down that husband and wife, in  
the privacy of their apartments, may say of  
each other, or of anybody else, anything  
they may choose. The judges aver that the  
relationship of husband and wife is of such a  
character that in the seclusion of their own  
home, whatever each may say to the other,  
shall be regarded as having been said each to  
himself or herself.

Pendleton East Oregonian: Jethro Hard-  
wick recently lost 300 head of sheep on Drap-  
pach, the animals having eaten of salt-petre  
spread on the pasture by some unprincipled  
mercenary. Sixteen head of cattle were also  
lost by a neighbor of Hardwick. This is  
doubtless the first case of salt-petre poisoning  
that has ever occurred in this section. Mr.  
Hardwick is at a loss to know who the hidden  
enemy is.

The logging camp on the upper Calapoosia,  
where a force of men have been waiting for  
many months in hope of rain enough to afford  
water to float a drive of about two million feet  
of logs to Albany, have at last given up the  
job and disbanded. This will leave the logs in  
the mountains another year and will probably  
put an end to supplying the saw mill at  
Albany with logs this summer.

There are now in the hatchery at Oregon  
City ready to be turned into the river, about  
500,000 young fish, making total number  
hatched since last August, 5,000,000. It is  
expected that the output for this year will  
be between 6,000,000 and 8,000,000 young  
fish.

Oregon has 1518 school districts, 86,574  
school children, 2,091 teachers, 1,384 school  
houses, \$1,295,217.50 invested in school prop-  
erty. Average salary paid male teachers,  
\$46.29; female, \$39.97. Amount paid for  
teachers' salaries in 1888, \$424,036.50.

Here is an argument in favor of the much  
abused number, thirteen: Thirteen men  
were sleeping in a freight caboose on a Ne-  
braska railroad the other day, when another  
freight train dashed into it and broke it into  
kinding wood without injuring a man.

The People Pay the Bills.

The Salem State-man has been investi-  
gating the appropriations made by the last  
legislature, and comes to the conclusion that  
a tax of nearly 7 mills will be required for  
the ensuing year for state expenses. This is  
about double the levy of the present year.  
The Statesman says:  
Several short expressions in current num-  
bers of the public journals indicate that the  
total of appropriations which must be met  
by taxation and its consequent effect on the  
next levy of state taxes, has not been prop-  
erly considered, and therefore the conclu-  
sions are at variance with the actual facts.  
The writer will endeavor to give these facts  
with such a degree of accuracy or as near as  
can be ascertained at the present time as fol-  
lows:

Appropriations as contained in  
the regular appropriation bill, \$719,411.68

APPROPRIATIONS IN SPECIAL ACTS.

For eleven different wagon roads.....	\$113,000.00
For horticultural commission.....	7,000.00
For bureau weather service.....	2,000.00
For purchase 14 and 15 Or. or- ports.....	3,500.00
For two Eastern Oregon and one Southern Oregon agricultural societies at \$1500 each per annum.....	9,000.00
For purchase of one-half block east of state house.....	5,000.00
For additional salary of state librarian.....	1,000.00
For relief Mrs. N. J. McPherson.....	1,000.00
For relief of John Stapleton.....	150.00
For relief of A. J. H. Hubree.....	478.00
For relief of Fred Yunker.....	250.00
For relief of I. Harker.....	100.00
For relief of J. Dinmore.....	110.00
For Agricultural college.....	37,500.00
For Portland Refuge Home.....	5,000.00
For State Reform School.....	31,000.00
For expenses of session.....	42,000.00

Total..... \$776,499.68

This does not include appropriations made  
from trust funds.

This is the total amount, then, that is to  
be paid out of the general fund during this  
year and next.

If the state were even at the beginning of  
this year and received nothing into the  
general fund from any other source than tax-  
ation this would be the exact amount to be  
raised by taxation during this year and next.  
But as shown by the last statement of the  
commission for the computation and appor-  
tionment of state levy of taxes, made Dec.  
5, 1888, the state was deficient \$15,515.99.  
Instead of a deficiency the law contemplates  
and requires a surplus of \$5,000. Adding  
these amounts to the total of appropriations,  
we have \$997,015.67.

From other sources than taxation the  
state will probably receive the following  
amounts:

From the general government on In- dian war claims, after commission is paid.....	\$34,200
From other sources.....	20,000
Balance of old appropriations not likely to be drawn.....	25,000

Total..... \$79,200

Deduct this and there is left the sum of  
\$917,815.67 to be raised by taxation. Of  
this amount \$317,805.68 has already been  
provided for by the present levy, leaving  
\$600,010.01. On an estimated valuation of  
\$88,000,000, the next state tax for current  
expenses would be about 6.8 mills.

The legislature of 1885, that made larger  
appropriations than that of 1889, had some  
\$350,000 surplus in the state treasury to go  
on. The recent session had no such surplus,  
and the whole amount of the vast appropria-  
tions must be provided for in the state levy  
of taxes.

It is not a very encouraging outlook for  
the reputation for economy of the late leg-  
islature, but the truth may as well be told now  
as later on.

The return of the Government of New  
South Wales to the principal of taxation for  
revenue only is an event of more than usual  
interest from the fact that the experiments  
of protection and anti-protection have been  
carried on side by side in Australia for a  
number of years under circumstances most  
favorable for comparison. The province of  
New South Wales has been developed under  
free trade and that of Victoria under protec-  
tion. The latter at first forged ahead, the  
growth of manufactures answering to the  
stimulation of the tariff. The gold discov-  
eries must be credited also for some of the  
effect, but not for all. In the latter manu-  
factures grew more slowly under the natu-  
ral laws of trade, but more surely, and now New  
South Wales outstrips Victoria both with  
respect to manufactures and general pros-  
perity. The study of the statistics of the  
two provinces is most instructive and clearly  
denotes which is the more advantageous  
plan. An attempt to institute protective  
taxes in New South Wales has been recently  
made against the light of its own experience,  
and the Ministry responsible for the effort  
has just been forced to resign to give way to  
one representing the former order of things.

Mr. C. J. Smith, traveling salesman for  
Belford, Clark & Co., Chicago, had the misfor-  
tune to sprain his wrist most severely.  
"I was suffering great pain," he says, "and  
my wrist was badly swollen; a few applica-  
tions of Chamberlain's Pain Balm relieved  
the pain and reduced the swelling in one  
night, and in consequence my work and

Rich food, and lack of exercise, during  
the winter months, causes the system to be-  
come torpid and the blood impure. A dose  
or two of St. Patrick's Pills will cleanse and  
invigorate the system, purify the blood and  
do more good than a dollar bottle of blood  
purifier. Sold by Osburn & Co.

A person is seldom sick, when their bow-  
els are regular and never well when they are  
irregular. Bear this in mind and keep your  
bowels regular by an occasional dose of St.  
Patrick's Pills. Sold by Osburn & Co.
