MATLOCK

Has just received direct from New York and Chicago, the largest and best stock of

FALL and WINTER GOODS

Ever brought to Eugene.

THIS IS NO IDLE BOAST,

But call and price them. Remember the place:—The New Three Story Brick, corner Willamette and Eighth St., Eugene City, Oregon.

Give Them a Chance!

That is to say, your lungs! Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boecher's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for a cure.

What is it?

That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Widdow's Rosbottle accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

ADVICE TO MOTHERS.

Mrs. Widdow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving the child it rests the mother. Price 25c a bottle.

Take Notice.

That A. Goldsmith has the largest, finest and best stock of Queensware, Crockery, and Glassware ever brought to Eugene. Give him a call and he will prove it to you.

Mr. C. J. Smith, traveling salesman for Belford, Clark & Co. Chicago, had the misfortune to sprain his wrist most severely. "I was suffering great pain," he says, "and my wrist was stiff and swollen; a few applications of Chamberlain's Pain Balm relieved the pain and reduced the swelling in one night, and in consequence my work and business was not interrupted, for which I am very grateful. I can recommend Chamberlain's Pain Balm from personal experience." Sold by Osburn & Co.

When a person tells you they never had such a cold in their life take their words for it and advise them to use Chamberlain's Cough Remedy and cure. For coughs, colds and hoarseness it has no equal. Sold by Osburn & Co.

Rich food, and lack of exercise, during the winter months, causes the system to become torpid and the blood impure. A dose or two of St. Peter's Pills will cleanse and invigorate the system, purify the blood and do more good than a dollar bottle of blood purifier. Sold by Osburn & Co.

A person is seldom sick, when their bowels are regular and never well when they are irregular. Bear this in mind and keep your bowels regular by an occasional dose of St. Peter's Pills. Sold by Osburn & Co.

The highest cash price will be paid for wheat by F. B. Dunn

Klamath City Dam.

The last crib or bent for the Klamath river dam at the C & O crossing, was launched into the river last Thursday, there being eight or nine in all. These cribs are made of heavy lumber nailed with spikes, being about 60 feet long and 8 feet wide, laid lengthwise up the stream, with shutes between of about 6 feet wide, for the water to pass through. The cribs are run out on a heavy rope across the stream, guided by pulleys and other ropes up and down the river, so that they can be let down into the water where needed. They are immediately filled with heavy rocks to sink them firmly upon the river bed, and then they are to be built up in a similar manner from the present water level to a height of 12 feet and again filled with rock to the top. When the cribs are completed to the proper height required, brush and rock will be thrown into the river at the head of the shutes, to make a complete dam, so that the water will run over it at the top, thus making a large reservoir above the dam for holding the logs sent down the river from the timber forests of California and Oregon, adjacent to the State boundary line. In the shutes will also be gates to let the water off at any time during a freshet, in order to relieve the pressure on the dam. Above this dam, probably four feet, to allow room for the water to escape, will be a fine bridge free for the use of all to prove a great benefit to the community in general, and do away with ferrying.—Yreka Journal.

A TUNER FOR THE WORMS—Salem Statesman.

At the state penitentiary is a mere boy who is in his fourteenth year and is now lying in the hospital in a very critical condition. His name is Johnnie McAllister, and he has been in the hospital for some time sick with malarial fever. A few days ago he showed signs of improvement, but yesterday his case took a turn for the worse and Dr. Jeffries, who is the attending physician, thinks that the chances for his recovery are not very flattering. Everything has been done for the comfort of the young criminal, and he is now under the immediate care of Warden McKinnon's wife.

Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession.

"Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithville, Pa.

"For several years Ayer's Pills have been used in my family. We find them an

Effective Remedy for constipation and indigestion, and are never without them in the house."—Moses Greiner, Lowell, Mass.

"I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."—L. N. Smith, Utica, N. Y.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. Two boxes of Ayer's Pills effected a complete cure."—D. Burke, Saco, Me.

"I have used Ayer's Pills for the past thirty years, and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia."—James Quinn, 90 Middle St., Hartford, Conn.

"Having been troubled with constiveness, which seems inevitable with persons of sedentary habits, I have tried Ayer's Pills, hoping for relief. I am glad to say that they have served me better than any other medicine. I arrive at this conclusion only after a faithful trial of their merits."—Samuel T. Jones, Oak St., Boston, Mass.

Ayer's Pills,

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Dealers in Medicines.

CROP WEATHER BULLETIN NO. 12.

For Week Ending May 25, 1889.

Oregon State Weather Bureau co-operating with U. S. Signal Service, central office Portland, Or. con:

The rain fall has been below the average; the temperature has been about or slightly above the average, and the amount of sunshine has been very much above the average.

The effect of these conditions have been exceedingly favorable to crops of all descriptions. Better weather could not have prevailed for the benefit of growing crops. The recent rains which were somewhat cold, had a tendency to retard the maturity of strawberries and cherries and to cause the wheat to lodge and go to too rough straw.

The warmth and sunshine of the past week matured rapidly the strawberries and cherries and materially affected the wheat and other crops favorably. Had the weather been suddenly hot after the rainy spell the result would have been detrimental; however the weather was tempered just right to harden the straw and to gradually prepare them for the more ferret heat yet to come.

Reports from all parts of the state are of a most encouraging nature. Wheat is from 36 to 40 inches high, the heads about four inches long which are well formed, indicating a forty bushel yield per acre. In Eastern Oregon the cereals are in an excellent condition, most of the barley and wheat having headed out. The fruit is of fine quality and promises to yield abundantly.

In Western and Southern Oregon the conditions are all that could be asked for. The yield will be better than ever before. Strawberries are being picked and shipped by the ton. It is especially noted that they are very large, many of them measuring from 7 to 9 inches in circumference. Cherries are rapidly maturing, but the previous cold rainy weather caused them to blight somewhat. Peas are setting more fully than for years. The cool rainy spell retarded apples slightly. The pure and plum crop will yield excessively. Peaches are greatly troubled with ear leaf, which prevails in most sections. All danger from the cold rainy weather is over. The prospects for all crops are exceedingly favorable.

A continuation of fair weather and a moderate temperature will prove of benefit and value to all crops. In sections where the soil has a tendency to bake a few showers would prove of benefit. B. S. PAUER, Observer U. S. Signal Service.

At the State Prison.

[Salem Journal, May 27th.]

The W. C. T. U. state convention in session in Salem last week passed a resolution asking superintendent Downing of the penitentiary to prohibit the use of tobacco among the convicts, for the reason that it injures them morally, mentally and physically.

Having a curiosity to know what per cent of the convicts were habituated to the use of tobacco, a representative of the Journal paid a visit to the prison yesterday. The melancholy fact was revealed that of the 285 convicts, all were users of tobacco by two.

That is excepting the boy convicts—those under seventeen. When they came to the institution the use of them was prohibited. All were used both smoking and chewing tobacco. They have consented to abandon the habit. Among a majority of the convicts the enforcement of the ladies' resolution would work a great hardship, they being men who have been addicted to the use of tobacco for years and years until their systems are filled with it.

The roster at the prison at present shows the names of 291 men—some of whom are guilty criminals being punished, and not a few of whom are innocent men whose families are suffering while an innocent man is serving a sentence through some delinquent's work. Johnny McAllister, the boy murderer, is rapidly failing and is receiving attention at the hands of the warden's wife, Mrs. McKinnon. The little fellow has grown thin and weak, and it is not unlikely that his sentence will be commuted by death before many years, as he is falling into consumption. He is a boy who never used tobacco nor strong drink in any form.

The prisoners yesterday were given a treat in the form of a dish of strawberries to each one. The berries were highly relished. This morning work was commenced at the brick yard. Twenty-one men will be employed there until they shall have made 600,000 bricks for use in the construction of the new asylum wing. They will turn out 20,000 per day.

Geo. W. Kinsey, Auctioneer.

When you want your goods, household furniture or land sold at auction, call on Geo. W. Kinsey, the pioneer and most successful auctioneer in Lane County. He will attend to all sales on a reasonable commission.

Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, such headache, cramp colic, cholera morbus, complaints peculiar to females, cold or cough, hoarseness, and fever, pains around the heart, erysipelas, phthisis. GEORGE TAYLOR, Sold by Osburn & Co. druggists.

Harney Items: The formal transfer of the Todhunter & Devine property, including all the stock and lands, has been made to the Pacific Stock Association, which firm is now composed of Miller, Lux, Mason & Devine, each of whom owns a one quarter interest. All the property owned by the L. F. Co. is also included in the transfer. It is understood that the debt have all been paid, after which Todhunter had \$50,000 left as his share.

The State Board of Horticulture in session at Salem discovered that the work of combatting the fruit pests was inaugurated none too soon. Besides the green aphid and codlin moth they find the "San Jose scale" gaining a dangerous foothold in the Rogue river valley, and the woolly aphid in Western Oregon. The board will issue Bulletin No. 1 in a few days, and invite all persons interested in fruit to send for copies to the secretary.

Davis, the tailor, has just received a large stock of imported and domestic goods of the latest Spring and Summer styles. Call and examine his stock.

Delinquent Tax Notice.

Notice is hereby given to all owing taxes, now delinquent, that the County Court at its late session ordered me to collect the same forthwith. This is therefore to notify all concerned that if they wish to save costs they must come forward at once and pay the same or I will be obliged to proceed against them legally.

J. M. SRAOK, Sheriff Lane Co.
