### Give Them a Chance!

That is to say, your lungs! Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

**What is it?**  
That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Wisdom's Roseine accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

### The Assessment Frauds.

Here is a case in point under the present assessment law which, whether suppositious or not, matters not. John Doe in 1887 bought of Richard Roe, of The Dalles, 3000 sheep, giving him his note for \$6,000. In 1888 the note being still unpaid, the assessor tackled him with the following results: Real estate valued at \$6,000, assessed at 50 per cent.; 3000 sheep, assessed at \$4000; total, \$7000. Indebtedness and interest at 10 per cent. from winter of '87 to summer of '88, \$5500. Total value of property assessable, \$12,500. It will be seen from this that the purchase of the sheep, instead of increasing Doe's taxes, at once relieved him of paying taxes on \$6000 worth of real estate. In the meanwhile Richard Roe, with the note in his pocket, is out of the State. The consequence is that the sheep, which were taxes white owned by Roe, upon being turned over to Doe, not only become untaxable, but actually make the real estate of their purchaser untaxable also. And yet our recent Legislature could not find time to amend the assessment law.—Wasco Sun.

### The Fly Crop.

The common fly lays more than 100 eggs, and the time from egg-laying to maturity is only about two weeks. Most of us have studied geometrical progression. Here we see it illustrated. Suppose one fly commences "to multiply as rapidly as the earth" about June 1st. June 15, if all alive, would give 150. Suppose 75 of these are females; July 1st would give us, supposing no cruel war or other untoward circumstances to interfere, 11,250 flies. Suppose 5625 of these are females, we might have, July 15th, 843,750 flies. It might cause bad dreams if carried on further.

This is a "protection" administration! see how it protects American labor and capital! in giving out a contract for 500,000 enameled bricks to be used in the construction of the new National library building in Washington City. The contract was given to an English firm because by reuniting the duty they can be delivered here a little cheaper than they can be bought in America. So could almost everything else, and the question naturally arises, why should the Government do what it refuses to let the people do?

Davis, the tailor, has just received a large stock of imported and domestic goods of the latest Spring and Summer styles. Call and examine his stock.

Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, sick headache, cramp colic, cholera morbus, complaints peculiar to females, cold or cough, hoarseness, chills and fever, pains around the heart, erysipelas, phthisis, etc. Geo. W. Taylor.  
Sold by Osburn & Co., druggists.

### Mr. Cleveland's Contribution.

Under the above caption the New York Times (Mag.) says:  
The Santa Barbara Herald publishes the following letter from Grover Cleveland, sent in response to a request for a contribution in aid of the new M. E. church:  
THIS VICTORIA, New York, April 8, 1889.  
Mrs. ANNIE C. FYLER: Letters like yours asking for help for churches and other worthy causes are sent to me so incessantly that I find it impossible to respond to them all. I am pleased, however, with your plan to do something or give something for the money you ask, instead of being content with merely asking for it.  
I enclose you \$5, and in return I expect you to send me a nice card with some pretty moss pressed upon it. Don't send me anything other than you can well afford—leaving you a very large profit from the transaction.  
I expect to pay well for what I get, and shall no doubt be perfectly satisfied with what you send. Yours truly,  
GROVER CLEVELAND.

A simi ar request by the young lady was sent to President Harrison, and in return she received a letter, signed Mrs. Harrison, enclosed in which was the sum of 10 cents.

**Fatal Accident.**  
A fatal shooting accident occurred July 6th at the residence of William Collins, three miles north of Albany. Miss Kate Fenwick, who was aged sixteen, was visiting Mrs. Collins about ten o'clock. Miss Fenwick saw a rifle leaning in a corner of a bedroom. Picking it up, she asked Mrs. Collins if it would do any harm to snap the hammer. The latter thoughtlessly replied, "No," when the girl thoughtlessly drew back the hammer and snapped the trigger. The gun, which no one knew was loaded, was discharged and the ball entered Mrs. Collins' left breast, penetrating the heart and coming out at her back, killing her instantly. Deceased was aged thirty-five and leaves a husband and three small children. Her father, Thomas Hunt, resides at Germaine, Maine; where the remains were taken for interment July 7th. Both families are grief-stricken at the shocking occurrence, and the girl who heedlessly fired the fatal shot is prostrated with remorse.

**Go Way, Chif!**  
Here is a yarn about the incorrigible small boy, that was related to the editor yesterday. An Albany lady was telling a Corvallis lady, who was visiting in this city, of the rapidity with which rents were shooting skyward in Albany. The Corvallis woman, not to be outdone, after listening awhile, began to tell of Corvallis rents. Then her small son interrupted her just as she had finished telling what she paid per month in Corvallis, by remarking: "Why, that wasn't for a month, Mama; that was for a day. Both the women laughed at the Corvallis woman, but the latter kept right on and paralyzed his mother by adding, "It must have been for a day, any way, because the man used to come every day for the rent." Reports say the Corvallis woman hurriedly moved to indefinitely postpone the whole subject matter of rents.—Democrat.

**Deadly Rocket Sticks.**  
HELENA, July 5.—Helena added one to the list of victims of the Fourth of July celebration and another is dangerously wounded, but may recover. Clayton Yeager, 17 years old, was killed and his sister dangerously wounded, but may recover. The accident occurred at the time of the pyrotechnic display last night. Yeager was struck by the stick of a rocket which pierced his breast. One of them struck Kinna in the right side, penetrating between his ribs.

Let us give the readers of the GUARD a little timely advice. Wet weather is coming, and with it, cholera, cholera morbus, dysentery and diarrhea. The only safe way to combat these diseases is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by Osburn & Co.

The Walker, Iowa, News says: "Our old friend, Robert Baird, of Muscatine, Iowa, has been secretary of the state senate, and an active politician for years, but was never generally known until he had the colic and used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and got into one of their advertisements. Now he is famous." Here is what Mr. Baird said: "While in Des Moines I was taken with a severe attack of bowel complaint. For two days I suffered intensely, trying several drug stores and paying them for relief, but in vain. I finally bought a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and two doses of that brought me out all right. It costs less than the drug store preparations and I have the balance for future use. I consider it a grand remedy." 25 and 50 cent bottles for sale by Osburn & Co.

There is nothing uncertain about the effects of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The fact is, it is the only preparation in the market that can always be depended upon, and that is pleasant and safe to take. 25 and 50 cent bottles for sale by Osburn & Co.

### A Suicide on Padding River.

Saturday night a courier rode into Woodburn and informed Coroner Byland that a man by the name of Finner, living across Padding river, had committed suicide by hanging. Dr. Byland hastened to the dwelling where the unfortunate man had lived, for the purpose of conducting an inquest. The body was found lying on a "shake down" in one corner of the upstairs or loft, it not having been finished.

It appears from the testimony adduced at the inquest that deceased had not been enjoying good health for the last few months, and was ever afraid that some persons were following him for the purpose of robbery or murder. He had told Mrs. Miller, for whose husband he was working, that he "had to die some time and might as well die here (in the sawmill) as any place." He left Mr. Miller's place and went home, arriving there about 6 o'clock in the evening. He stood around the house for some time talking about the hay, etc. He then went up stairs, as Mrs. Emmer supposed to rest on the bed, and she saw no more of him for about five minutes, when seeing Mr. Hostetter and her son, Elmer, coming down the road, she went upstairs to call her husband and was horrified to find him hanging by the neck to a rafter. She rushed down stairs and called to Mr. Hostetter, and her son to "Come quick, for God's sake! Pa's hanging!"

Young Fisher rushed upstairs, closely followed by Mr. Hostetter, who cut the man down. They laid him down on the bed, and although he breathed once or twice, he could not be revived.

It seems that he went to the head of the stairs and three pulled off his boots and laid his hat down. He then made a slip-noose of a clothes line, fastened one end to a rafter and put the noose around his neck. He then threw his weight on to the rope, drew up his knees and strangled himself to death. So quietly did he go about it that his daughter, who was working in the kitchen just beneath him, heard no noise. The deceased was a native of Switzerland. He moved to Oregon from Tuscaloosa county, Ohio, about ten weeks ago, and since that time has been living about five miles northeast of Woodburn.—Woodburn Independent.

**The Ellensburg Fire.**  
A dispatch from Ellensburg, dated July 5, says: The city presented a sad spectacle this morning. Where long blocks of business houses stood yesterday nothing remains but ashes and smoking embers. Scores of new brick blocks in process of erection suffered the same fate as other buildings. The only four remaining untouched are Moffit's hotel and the Nash, Hargan and Smith blocks, which were saved by being some distance from the conflagration.

Two hundred houses were totally destroyed, and the space burned over is ten blocks, or about fifty acres. The loss, as far as can be ascertained, is \$2,000,000—\$750,000 in buildings and \$1,250,000 in goods. There is not a restaurant, hotel or boarding house left, and there are about 150 people destitute.

The origin of the fire is supposed to be incendiary. J. S. Anthony, in whose buildings the fire started, says he left his store at 10 P. M., had used no fire or light excepting the electric light, and he thinks the fire was started by an Indian in revenge for a white man beating his squaw.

**A New Postage Stamp.**  
Specifications have just been issued by the postmaster-general for the guidance of bidders under the next contract for postage stamps, advertised for under date of June 17, 1889, and providing for bids of two series of stamps in different sizes, one of them being the size now in use, and the other about one-third smaller. In speaking of the proposed change, Postmaster-General Wauson said that he believed the smaller size stamp would be quite as useful and popular as the larger size now in use, and by reducing the size of the stamp a material saving would be effected, which could be profitably expended in a better and every way more desirable color.

**VERY MUCH MIXED.**—A marriage between parties residing at Weston, West Virginia, has resulted in family complications as interesting as they are unique. The bridegroom is a wealthy and mature man of 75, who occupies the relationship of grand uncle as well as husband to the bride, a charming blond of 25. By her marriage this singularly fortunate young lady becomes the aunt of her father, the great aunt of her brothers and sisters, and the daughter-in-law of her father's grandfather. She is moreover her own aunt by marriage, the aunt of her mother, and her first cousin's great aunt. If she keeps on, bye and bye she will be her own uncle.—Ex.

**A BRO OK.**—E. C. Stamper, a citizen of Elma, has just completed working up a fire tree which grew on his place adjoining town. He received \$12 for the bark; built a frame house 14x20 feet, 8 feet high, with shed kitchen 8 feet wide and 20 feet long; made 334 railroad ties and 500 boards 6 inches wide and 2 feet long, and 15 cords of wood, 4 feet wide and 8 feet long, all from one tree, and has a part of the tree left.—Astorian.

**Delinquent Tax Notice.**  
Notice is hereby given to all owing taxes, now delinquent, that the County Court at its last session ordered me to collect the same forthwith. This is therefore to notify all concerned that if they wish to avoid costs they must come forward at once and pay the same or I will be obliged to proceed against them legally.
