## CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANGER, M. D., 211 So. Oxford St., Brooklyn, N. Y.

Castoria cures Colic, Constipation, Sour Stomach, Indigestion, Eruptions, Itch, Kila Weema, gives sleep, and promotes digestion. Without injurious medication.

THE CENTRAL CHEMIST, 17 MURPHY STREET, N. Y.

That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Widdow's Roseberry accomplishes all this, and is pronounced by ladies of taste and refinement to be the most beautiful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

ADVICE TO MOTHERS. Mrs. Widdow's Roseberry Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c a bottle.

Take Notice. That A. Goldsmith has the largest, finest and best stock of Queensware, Crockery and Glassware ever brought to Eugene. Give him a call and he will prove it to you.

The highest cash price will be paid for wheat by F. B. Dunn

STARR, GRIFFIN, & BROWN.

Hardware, Tin-ware & Stoves.

Pumps, Pipes, and Plumbing Goods.

JOB WORK done on short notice at reasonable rates. PLUMBING a Specialty.

FALL AND WINTER GOODS

Ever brought to Eugene.

THIS IS NO IDLE BOAST,

But call and price them. Remember the place—The New Three Story Brick, corner Willamette and Eighth St., Eugene City, Oregon.

### Give Them a Chance!

That is to say, your lungs: Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and capillaries leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and lung and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Bosche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

What is it? That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Widdow's Roseberry accomplishes all this, and is pronounced by ladies of taste and refinement to be the most beautiful toilet article ever produced. Warranted harmless and matchless. F. ### School Fund Apportionment.

Salem Statesman, July 27th. Once each year the interest of the irreducible school fund is apportioned among the several counties of the state in proportion to the number of school children between the ages of 4 and 20 years. This work is now in progress and will be finished next week. It shows that while the school population of the state is increasing at a rapid rate and the accumulation of a permanent school fund more than keeps pace with it, and its interest is becoming a prominent factor in the education of the youth, the year's apportionment gave \$1.25 for each school child; in 1887, 1.08 was the sum for each child, but this year the apportionment for each will be \$1.40 notwithstanding the vast increase in the number. As this fund increases, which it is sure to do the amount derived by the several school districts will lighten up the burden of school taxes and assist in securing more efficient service in the schools of the state. The great increase of the permanent school fund and its proper handling; the examination of mortgages; collection of interest and payments on lands and the multifarious acts connected therewith is entailing a large amount of work on the state land board, its clerk and especially at the state treasurer's office, but is all well done and Oregon's school fund is in good shape.

How does "Blaine Irishmen" relish the spectacle of Russell Harrison dining with Queen Victoria hobnobbing with the Prince of Wales and "toasting to royalty" in general? The "spirited foreign policy" for which they voted consists in a large part in "twisting the British lion's tail." What do they think of "Prince Russell" as a tail-twister?

Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, sore headache, cramp colic, cholera morbus, complaints peculiar to females, cold or cough, hives, chills and fever, pains around the heart, erysipelas, phthisis. GEORGE TAYLOR, Sold by Osburn & Co, druggists.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Taylor, (of Ferrisville, Pa.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

### How to Secure a Survey of Public Lands.

We are permitted to give an extract from a letter of the Surveyor General to one of his correspondents, making inquiries as to the mode of procedure in asking for the survey of public lands: The appropriation made by Congress for public surveys for the current fiscal year (which commenced on the first instant) was \$200,000. This under the law and regulations, must be expended for "township surveys" in the unsurveyed lands, with improvements; and the surveys shall be confined to lands adapted to agriculture and mines of reservations.

In order to secure said surveys the Department requires that application therefor should be addressed to this office. The settlers living upon the unsurveyed lands in the vicinity should unite in a petition for a survey. The petition should be accompanied by a statement showing the number of bona-fide settlers, the character of the unsurveyed lands, the nature and value of their improvements, and the area of cultivated land, stating, if possible, the township or approximate township in which the lands are situated. In case the settled and improved lands are entirely or partially within a valley or valleys, the extent thereof in length and width should be given in the petition, with the statement of the average amount of crops of the various kinds annually produced therein. The approximate general course of such valley or valleys should also be noted.

For several years past it has been the policy of the General Land Office to prohibit the survey of forest or heavily timbered lands; but it may be necessary under the requirements of the Appropriation Act (Second Session Act, Fifth Congress Chapter 411, page 959) make some modification of this restriction. There are in some localities fine agricultural lands which, although heavily timbered, are occupied by bona-fide settlers who at great loss and expense have improved the land and made for themselves permanent homes to which they are anxious to obtain a title. Whenever such cases arise, all the facts as to the character of the lands, and the kind and quality of the timber, and the value of the improvements, and the number of settlers, and the character of their improvements, should be fully presented for the consideration of this office and of the General Land Office.

The Hon. Commissioner will allow the awarding of the contracts for the survey of timber lands only when their value for agricultural purposes is well established, an satisfactory proof given of their occupancy by bona-fide settlers who have made permanent improvements.

Upon receipt of the petition I will forward the same to the General Land Office, with an estimate of the cost of the desired survey and with such recommendations as this office may deem proper.

In the event of the survey being ordered by the Hon. Commissioner, the expense thereof will be paid by the Government.

The cigar and tobacco dealers in the city of Salem have entered into a pool or combination by which it is agreed that none of the said dealers shall hereafter sell a single bunch of cigarettes for a sum less than three cents, or three for 25 cents. The only objection that we can make to the movement is that they did not raise the price to 4 1/2 cents, as this deprives the kind of their accustomed whiff.—Salem Democrat.

Money to loan on farms. Enquire of Judge Walton.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and can not be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

TIMBER LAND NOTICE United States Land Office, Roseburg, Or., July 8, 1889.

Notice is hereby given that in compliance with the provisions of the act of congress of June 3, 1878, entitled "An act for the sale of timber lands in the State of California, Oregon, Nevada, and Washington Territory," Territory of Washington, has this day filed in this office his sworn statement No. 10,000, for the purchase of the S. W. 1/4 of Section 14, in Township No. 15 South, Range No. 1 East, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the recorder and receiver of this office at Roseburg, Oregon, on Thursday, the 26th day of September, 1889. He names as witnesses William A. Hamilton, Charles E. Sullivan and Daniel H. Bergan, of Crawfordville, Linn county, Or., and John H. Burnes of Seattle, King county, Washington Territory. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 26th day of September, 1889. CHAS. W. JOHNSON, Receiver.

TIMBERLAND NOTICE. United States Land Office, Roseburg, Or., June 23, 1889.

Notice is hereby given that in compliance with the provisions of the act of congress of June 3, 1878, entitled "An act for the sale of the timber lands in the State of California, Oregon, Nevada, and Washington Territory," Territory of Washington, has this day filed in this office his sworn statement No. 10,000, for the purchase of the S. W. 1/4 of Section 22, in Township No. 15 S., Range No. 1 East, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the recorder and receiver of this office at Roseburg, Oregon, on Saturday, the 11th day September, 1889. He names as witnesses: Wm H. Rabinson, John F. Adams, of Tacoma, Wash. Ter., Elmer E. Lawrence, of Shelby Morgan, of Portland, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of Sept., 1889
