Alley has already begun the writing of a pamphlet giving a full and complete description of Lane county, its towns and resources. Dempsey Knocked Out.

The fight between Jack Dempsey and George LaBlanche for a purse of \$5000, \$500 to go to the loser, which occurred under the California athletic club in San Francisco Tuesday evening, elapsed all similar contests ever held in that city. There was no better evidence of this than the crowd which commenced to collect at the club rooms early, and insisted with more or less impatience until the two pugilists appeared in the ring. The thirty-first round was exceedingly tame, but when the men came up for the thirty-second round Dempsey attempted to force matters. He was by far the fresher man, and with but few exceptions had the fight his own way up to the present time. He forced LaBlanche into a corner and pounded him unmercifully. The latter received staggering blows on the head and neck, but stood up under them, and the men gradually worked to the center of the ring and while Dempsey still continued to fight the Marine's neck, the latter whirled around suddenly and caught Dempsey a terrific blow on the jaw. The Nonpariel went down like a shot. He fell heavily upon his face, and blood spouted out upon the floor. Ten seconds went by amid intense excitement. Dempsey reached bravely to rise, but before he had touched his feet, weak and staggering, time had expired, and the referee awarded the fight to LaBlanche.

Card of Thanks.

Mrs. Dora Baker and family desire to express their deepest gratitude for the friendship and sympathy shown during the illness and death of the late James S. Baker.

Notice to Hop Pickers.

Hop picking will commence at Walker Young's yard next Tuesday, Sept. 3. COMPROMISE.—Mrs. Elva Christian returned from Portland Monday, where she had been settling her case against the Oregonian Railway company for the death of her husband, Wm. Christian, while acting as a brakeman on the road some time since. The company paid her \$1000 and cost of suit. She had a verdict of \$3,000 but a new trial had been granted, and while she had no fear of the final result, the fact of the difficulty to be experienced in collecting a judgment against the corporation induced her to compromise the case.

Press Association.

The Oregon Press Association held its third annual meeting at Newport, on the Yaquina Bay, Friday and Saturday, the 23 and 24th of August, 1889. The press of the State was well represented in numbers and from almost every section. Both days were devoted to business connected with the organization; with plenty of excursions, balls, suppers, etc., provided free of charge to the editors by the good citizens of Newport. The people of the bay did not fail in a single particular to make the meeting a pleasant success. The business transacted will do the press of Oregon good if carried out, and we feel sure it will be. The O. P. R. also did a generous act by the editors, giving them a special car over the road. This road has always shown itself a friend to the editors of the State. The officers who were elected to preside over the association the coming year were as follows: President, Chas. Nickell, of a Jacksonville Times; Secretary, E. C. Farnum, of the West Side; Treasurer, S. S. Train, of the Albany Herald; and the usual number of committees appointed. The meeting of the Oregon Press Association for the year 1889, can be marked down as a success, both in business and pleasure. Portland is the place designated for the next meeting, in August, 1890.—E. C. Farnum.

Notice.

Hop picking will commence at Thos. Belshaw's hop yard, Monday, Sept. 1st. LAD AT RISK.—The funeral of Miss Minnie Luckey took place from the residence of E. R. Luckey, Saturday morning at 10 o'clock, and was largely attended. Miss Luckey was a member of the Y. W. C. T. U., and the members of that organization took part in the services. The interment took place at the Masonic cemetery, where the remains were laid at rest beside those of Albert Wilson, her companion in the sad accident. THE KILLED TRAMP.—The Guard has received a letter of inquiry from E. Vidler, of Victoria, B. C., inquiring the particulars of the killing of the tramp who fell from a locomotive and was run over by the passenger train at Creswell in April. The name of the tramp was Vidler and presumably it is the father or a brother that seeks the information. FOREIGN WRECK COOP.—A Washington dispatch of August 27th, says: "The department of agriculture is in receipt of a telegram from the European agent in London, stating that in the international grain market at Vienna it is estimated that the wheat crop of Europe is lower than expected and crops in Russia and Hungary are especially bad. A NEW VIEW.—Miller & Hopkins have presented us with a birds eye view of Florence, the Snake river at that point, and the adjacent country. The view is a fine one and was gotten up by the Elliott Publishing Co. 3000 of the views cost \$110. FLORENCE DUGO STORY.—We are informed that a drug store with a complete stock will soon be started at Florence. Toke, Cathey, Chas. Thomas and Dr. O. F. Kennedy will comprise the firm. They are reliable gentlemen and will succeed. THE O. P.—A Yale, Malheur County, newspaper says the Oregon Pacific has graded forty miles of road to Malheur county in the eastern part of the State. This is conclusive evidence that the O. P. is backed by plenty of money, and that it is a transcontinental road.
