A curious and amusing chapter might indeed be written about the beds of Illustrious personages. The ex-Empress Eugente is quite as particular about or our Gracious Sovereign, and quite agrees with the first-named lady as to the fineness of the linen and the tightness of the drawing of the sheets. but Her Imperial Majesty has an odd fancy to have her bed so low as to give a visitor to the Imperial bedchamber. the impression that the widow of Caesar is almost sleeping on the floor. It is indeed hardly elevated more than a foot from the floor, as all who have visited in old days the private apartments at St. Cloud, Complegne and the Tuilories will remember. Another curious bed is that of Sarah Bernhardt. It is nearly fifteen feet broad, and when the great comedicane is indisposed and receives her intimate friends reposing on her couch she looks like a little golden-haired bird lost in + great sea of white satin .- Modern Society.

## The Cause of Fweddy's Solicitude.

"Cholic. I'm in a doosid bad pickie bah Jove!"

"What's the maitab, Fweddy?"

"I lost my valise on the wallword twain yestabday, Cholly."

"That wasn't much of a loss, was it?" "Gwaclous! It wasn't the walue of It, Choliy. But it had my lunch in it ship contests this fall. -a bottle of becah and some nawsty wed howwings. And the value has my name on it. If any body should find it and adve tise the contents. Cholly, bah Jove, I think I should dief"-Chicago Tribuae.

- According to their Year Book there as been rapid growth in the Reformed Episcopal Church during the past eight ICST'S It has ten Bishops, 103 Presby ers and deacons, 7,943 communicants, prosperous Sunday-schools, and church property valued at \$1,021,569.

-In the village of Slate Hill, Orange County, N. Y., is a Baptist Church which was built in 1783. It is very primitive in style, and in the gallery has a pew which was made exclusively for slaves belonging to members of the pongregation, which once numbered live hundred. The church is a great turios ty now, and is vis ted by many drangers .- N. F. Tribune.

-A curious incident occurred in the Parade Church, Shorneliffe, England, so a recent Sunday. It was found that the church was besteged by various tinds of birds, principally swallows, Every effort was made to d slodge but without effect, and at last some soldiers were obliged to tire a volsey of blank eartr'dges, which com-pletely routed them, and the church seing soon vacated, the service was seid.

-At Cambridge, says the London Truth, the girl undergraduates have seen decidedly "coming on." In last rear's Mathematical Tripos they had no wrangiors at all, and their best "man" was only equal to the forty-fourth on the list. This year they have two wrangiers, one coming between the swenty-fourth and the twenty-fifth on the list, the other being equal to the birty-fourth .

possible. A backwoodsman, while visiting Rock Springs, Wyo. T., a day or two sgo, learned for the first time of the Johnstown disaster.

Jacob Spanyard, who was sentenced to be hanged at Fort Smith, Ark.. on the 9th, has been reprieved until August 30 by the President.

The coke strike in Pennsylvania is ended, the employes having carried the day. The operators have conceded everything demanded.

The semi-annual dividend of 3½ per-cent on the preferred stock of the Oregon Improvement Company is declared, payable September 3d.

Thomas, the runner, who is believed to be swifter than Caniff, will compete in the American and Canadian champion-

Another attachment for \$200,000 has seen | laced on the Riverside Mills property, at Providence, R. I.

Trouble is apprehended in Wilson ounty, Tenn., over the preaching of Mormon elders. The people talk of drivng them from the country.

There is suspicion that English refineries are seeking to combine with the American trust, in order to control the ingar markets on two continents.

Robert Morrell, the Pike county, Ind. etogenarian, has passed the fifty-ninth lay of his fast. "He is shriveling up lay of his fast. ike a dried peach," says the physician. The male and female buffaios now at the Union Stock Yards, South St. Paul, are about to be shipped to New York State to breed with Polled Angus cattle. Dan J. Phelps, who sustained the full rce of a 2,200-volt current of electricity

at Louisville ten days ago, a current, ac cording to theorists, strong enough to kill an elephant, returned to his work on the 10th inst. Washington has agreed upon the rep-

resentation in its Legislature. The Sen-ate will be composed of thirty-five members and the House of seventy. The latter is never to be less than sixty-three nor more than ninety-nine.

The "601 ' at Truckee are in earnest and nearly 150 disreputable people have gone within two days. During the past two weeks over forty persons have been robbed or garroted, and it was about time to take a day off for a general cleaning

## Veryous Disorders.

DR. FLINT'S REMEDY must be aken when excessive or continuous musular exertion, exciting passions, or overindulgence, stimulating food or drink, or nervous disorders have long continued. Descriptive treaties with each bottle, or address Mack Drog Co., N. Y.

William E. Gladstone's speech on the royal grants was caught by a phonograph and will go down to posterity just as he delivered it.

Sufficient subscriptions have been received to enable the projectors to begin the construction of the Congo railroad immediately.

The Black Diamond business, which produced a momentary excitement in the English press, seems to be already to:gotten in London.

The Russian Government has prohibited the sale of the Century Magazine in Russia on account of George Kennan's Siberian articles.

The mistress of Boulanger has written to Louise Michel certain disclosures concerning the General which are of an important character.

The report that Italy had withdrawn from the international blockade of the East African Coast is officially declared to be without foundation. Letters of Boulanger produced before

the French Semate tend to prove that Boulanger shared with Bouret the commissions paid by army contractors.

The Congo State will ask the Belgian Government for an annual subsidy of £60,000 for ten years to insure the con-tinuance of the whole Congo railway.

Dr. Schreiber, a chemist of Cologne, has discovered an explosive more powerful than dynamite, and at the same time cheaper and safer. He calls it "petragit." Dr. Brown Sequard's new elixir of life

was considered at a recent meeting of the French Biological Society, and M. Variat told of some very successful experiments nade by him.

J. W. Smith, of Los Angeles, was arrested at London, England, and fined £5 and costs for carrying a pistol. He arrived from America with his tather and brother last week.

The Porte, in view of the Russian movements on the Armenian frontier will expedite the new fortification works at Erzeroum. A host of men are already constructing redoubts.

A popular practice of the abandoned Whi hapel, London, women is to demand money, and upon refusal charge the man who refuses to be "stood up" as being Jack the Ripper.

It is rumored at Glasgow that the son safety. of North, the "Nitrate King," is negotia-ting for the purchase of the yacht Thistle and will put in a centerit pete for the America cup. in a centerboard and com-

Several of the large land-owners of Scotland have imported a number of rein-deer from Norway and turned them out

Bathing .- White we advise frequent bathing for the farmer and his hands, we would also provide bathing facilities for the domestic animals. Fortunate is the farmer whose land borders upon a lake or stream of sufficient depth to allow the horses, cows, etc., a frequent bath. Not only will the animals enjoy it, but the boys will find it more fun than work. Often a small stream may be so dammes

There is every prospect of a sugar-beet factory being established near Chino, San Bernardino county, in the Pomona Valley.

Ida, the 8-year-old girl of J. H. Crockwell, at Virginia City, who was burned by a coal oil explosion on the 12th, died on the 14th.

Charles A. Fischer, traveling salesman for Kohler & Frohling, of San Francisco, committed suicide at Butte, M. T., on the 13th inst.

> The San Francisco Bulletin records the receipt of "the first baie of California hops" on the 10th inst., and credits the production to Yuba county.

Efforts to float the Pacific Coast Steamship Company's steamer Umatilla, which went aground on the 13th at Brown's point, near Tacoma, have proved futile.

David S. Terry, ex-Supreme Justice of California, was shot and killed on the morning of the 14th, in a railway eating station at Lathrop, Cal., by De United States Marshal David Nagle. Deputy

Justice Stephen J. Field, of the United states Supreme Court, was arrested at San Francisco on the 16th inst., on the charge of being a party to the killing of David S. Terry at Lathrop, Cal., on the 14th inst.

John White, alias John Pearson, talked candal about two ladies at San Jacinto, San Diego county and a few days ago they waylaid him and gave him a horsewhipping, the husbands of the women standing by as witnesses.

A letter-box has been placed in the opmost stage of the Eiffel Tower at the Paris Exhibition, and postal cards sold

there bear a printed indication of the height at which they are posted. Hun-dreds of persons write to their friends from this lofty perch daily.

Ex-Superior Judge A. W. Hutton has een appointed United States District Attorney by Justice Field, vice Hon. George J. Denis, resigned. Judge Hutton will hold the office until President Harrison makes the appointment. Hutton is a democrat and a fine lawyer.

It is reported that the whole country fifteen miles west of Portland is burning up in forest fires. The flames are licking up everything in their vicinity, rendering the land completely barren, and the peo-ple are compelled to move to places of

C. P. Ferry, whose name is connected with a Paris scandal, and who is just now at his home in Tacoma, W. T., has made a public statement in which he accuses his wite of attempting to blackmail him. He says he will vindicate him alf at the

egg food. It is furnished by Mr. James Rankin, one of the most successful raisers in the land. Listen and note: insurance."

-At the big spring near Fort Deca-Ten pounds of the best beef scraps, five tur, the Governor of Alabama said to pounds of fine ground bone, two pounds the Governor of Tennessee, "I can say of granulated or powde ed charcoal, one to you what the Governor of South pound of sulpher, two ounces of Cavenne Carolina said to the Governor of North pepper, and four ounces of salt. Give it in the soft food. It is said by those who Carolina-but it will be cold water." have tried it to give excellent results, and They smiled .- Montgomery (Ala.) Adto be worth more than many of the vertiser. much more costly egg foods which are -The ways of auctioneers in different placed upon the market. parts of the world vary greatly. In

Doing up Curtains .- A more economi-cal method of doing up; urtains than to this country and England the seller bears the expense of the sale, but in send them to a laundry is described by a France the purchaser bears the cost, good housekeeper as follows : Dust them thoroughly, and if there are any breaks five per cent, being added to his puror tears in them, mend them before chase. In Holland it is still worse, the washing. Do not wring them, but pass buyer being required to pay ten per through a clothes wringer, keeping them straight; boil a few minutes, then rinse cent additional for the expenses of the sale. in cold water. Blue the starch a trifle, but do not make them too stiff; then lay sheets on the floor and spread the curwent into the woods and caught a small tains on them, taking care to stretch the green snake by the head. Covering it work straight and true. Pin the edges on the sheet and let them lay till perfectly dry, and you will be convinced that

home laundrying of nice curtains is far preferable to hiring them done up, as they will last longer and look nicer than when pressed by hot irons.

Improved Methods of Pasturing,-The arge breeds of sheep cannot be turned out on an inferior pasture to be compelled to find their food. They must, like the steer, be made to produce as tauch as possible in the shortest period of time. They will not grow rapidly if they are to forage over the whole farm and be forced to work for all they get. The toraging system will answer for the merino, but large sheep do not thrive in large num-bers. Only the best of pastures, the flocks divided, and a mess of grain at Jenkins."-Merchant Traveler. night, will force them. True, it requires more labor and care, but it pays, and as the matter of sheep raising is one tor profit the labor will always be paid for before the estimate of profit can be made. It more money can be made on one good one of a coterie who met in a quiet all this work and exposure are needsheep than from three inferior ones it is block slipped up to the room and a waste of time and pasture to keep the rapped on the door. The inside guard natives. The greatest profit is derived

from the mutton breeds, and the best ately a general scramble. Two knights of the green baize jumped into bed and Successive Crops .- The proper way to pulled the quilts over themselves. Successive Crops.-The proper way to manage a garden plot is to keep some crop growing in it from spring until the frosts appear late in the fall. Several liege and led him triumphantly forth. will be gained by so doing,

-A Boston man says that when Ediamong them the destruction of all weeds, son first thought of making a phonoa finer condition of the soil, and a supply of fruits and vegetable for the table, as graph he perfected most of the details many vegetables grow quickly and give a before even drawing a plan. When he supply in a short time after the seed is had the idea well developed, he told supply in a soort time after the seed is planted. As soon as the early peas are off late potatoes should take their place, and early cabbage may be followed by turnips. If the first crop of radishes are Scotland have imported a number of a numbe beans, and knie chi be channed beans, later crop of peas. Peas, string beans, radishes, late beets and cablage can be model. Finally the German took the machine to Mr. Edison, who fitted a bit ties be selected there is nothing to preof tinfoil into it, turned the crank, and vent a continual supply. Garden work can be made as important now as in the spoke into the funnel the words of that can be made as important non an entry famous poem beginning "Mary had a erops the weeds will have no chance to little lamb." The German looked on grow. In fact, every additional crop les-sens the number of weeds to be killed. Such crops as lima beans may be grown variable to crazy. Then Mr. Edison realong the line of the fence, especially if versed the crank, and, in that queer, the fence is of wire. To keep tomatoes, piping voice now so families the piping voice now so familiar, the malate cabbage, turnips and lima beans in chine repeated the lines. "Mein Gotif" such idea is all nonsense. Pedigree good growing condition the ground and the German, throwing up his the crops and keeps down the weeds.

HINTS FOR MOTHERS. What to Do When One of the Youngater Has the Esrache,

One of our little girls has been troubled with earache since her babyhood. No sores have gathered, but a cold or exposure to a strong wind is almost certain to cause her acute salfering with earache. After trying nearly every thing that I have seen or heard recommended, I have settled on this application as giving surest and quickest relief. It is a flaunel bar stuffed with hops and wrung from hot vinegar. I lay the bag over the child's ear, as hot as she will bear it, cover the whole side of the face with dry flannel and change the hop bag as often as it becomes cool. The warm
