

THE EUGENE CITY GUARD.

SATURDAY, NOV. 2, 1889.

Our Royal Family.

The newspaper statistician must review his tables frequently who would give exact information about the numbers of the Harrison family in office.

Table with columns for relationship and amount. Includes entries like 'President Harrison', 'Brother-in-law Scott', 'President's son's father-in-law', etc.

Should Harrison be re-elected the above comments, if still in office, would receive for the second term.

Total for eight years \$284,000

The Oregon Western.

SALEM, Oct. 27.—The Oregonian Western Railway Company, with a capital stock of \$200,000, through R. Koehler, John Kelley and William T. Muir, incorporators, filed articles of incorporation with the Secretary of State today.

Senator John J. Fogalis has never yet lost anything through excessive modesty. Here is the way he presents his case in a statement to the voters of Kansas.

Under the heading of "A State Secret" the N. Y. World gives, in the course of a six column article, the reasons why Blaine threw away the Presidency by writing his Florence letter.

One of our exchanges has suggested that the assessors of Oregon hold a meeting, and that some uniform plan of assessment be adopted for the State.

An interesting discovery has been made near the deposits of kaolin recently discovered thirty-five miles north of Spokane Falls.

The act of working a federal office for all it is worth as a political factor was exhibited by Green B. Eaton, when he was internal revenue commissioner and agent of the whiskey ring.

Frightful floods have been experienced in China and Japan this year. Nearly 50,000 lives have been lost by floods in China during the year, and now Japan reports 2500 lives lost and 30,000 people deprived of the means of subsistence by the floods.

A lynching accompanied by religious exercises hardly seems reasonable, but such an event occurred in South Carolina the other day. The lynchers prayed for three hours over their victim and then after starting a hymn swung him off into eternity.

Vale Democrat: The coyotes are a perfect nuisance in this country at all times of the year; not only are they expert thieves, even coming in town in daylight and stealing chickens, but their outlandish and hideous noise at night is almost enough to warrant the officials in offering a small reward for their carcasses.

It is believed 30,000 negroes will move to Mexico from Texas and other Southern States, by permission of that country. That is decidedly the direction for the blacks to take, for they will be able to remain in a cotton growing country.

That Building Association.

The Minneapolis Tribune has this to say of the American Building and Loan Association, of that city, of which there are members in Eugene, and which is being generally exposed: "It is the business of reputable and honest organs of local opinion to see that establishments locating themselves here and thriving upon the good name of this community shall not go up and down the land pushing improper schemes without being called to explain or account. It is the belief of many quarters, East and West, that the American Building and Loan Association is a scheme to defraud the poor and unwary. The least reputable part of the business of this 'American Building and Loan Association' is its expense. This American association exists solely and purely because it can collect under money an expense fund an enormous sum of money that goes presumably, in the pockets of the managers. No other financial institution ever organized on earth, not even the worst of the bogus assessment insurance companies, have ever so believe made such exorbitant charges for expenses."

Talmage said Sunday of the new tabernacle that is to be built:

"I say now to all Baptists, that we shall have in it a baptistry; I say to all Episcopalians, we have in our services part of their liturgy; I say to the Catholics, we shall have the cross over pulpit and probably on the tower; I say to Methodists, we mean to sing there like the voice of the mighty thunderings. I do not know but I see on the horizon the first gleam of morning which shall unite all denominations in one organization, distinguished only by locality as in apostolic times."

We hope, says the Cowitz Bulletin, our readers will excuse us for coming out late last week for we could not help it. Our patent insides had been brought from the depot early in the week, and had been left in our front end among the groceries.

Big Foot Racino.—Gervais, the metropolis of French Prairie, was the scene of an exciting contest among the sprinters last Saturday afternoon. At that time a foot race, distance one hundred yards, with stakes of \$2000, took place between Cameron, of Corvallis, and Langdon, of Portland.

The Robinsonville correspondent of the Pendleton Oregonian tells of a lucky miner: "Information comes from the Greenhorn district that the lucky prospector, Mitchell, who made the recent strike near Robinsonville, worked ten hours with a mortar not long ago, and pounded out \$7,000 worth of gold. The ore was taken from an exceptionally rich pocket of decomposed quartz found in the mine."

The November term of circuit court for Benton county convenes at Corvallis, Monday, Nov. 4th. The civil docket embraces sixty cases, and the criminal not a few. Among the last named will be the trials of those who constructed and maintained dams without safeguards in the Alsea and Yaquina rivers. This will be the first term of court to be held in the new building.

Lakeview Examiner: The land office at this place has been ordered to sell the Fort Klamath military and hay reservation, but the date of sale has not been made. This is quite a large body of land, and the hay reservation is especially valuable. The order to sell this property is nearly conclusive evidence that Fort Klamath will remain permanently abandoned.

Here is what an Ex. says about Ashland: The boom boom no more in Ashland, and the time is dull. The landlord wails and takes strong drink in his anger, because "To Let" appears on numerous houses within the city. Also the real estate fiend sitheth on sack cloth and ashes and is down on his luck, for verily, he hath no silver shovels to rattle in his pants' pocket.

It cost Astoria \$108,216.91 insurance against fire in the twelve months, ending Oct. 1st, 1889. The \$8,216.91 was the expense of the Astoria fire department; the \$100,000 was for fire insurance premiums. The actual loss by fire for the year, was \$150.

Letter List.

Letters for the following persons remained uncalled for at the postoffice in Eugene City Oregon, Nov. 1, 1889: Anderson, J.; Bailey, Frank; Brown, Geo A.; Bruce, Win; Carr, Ebb; Crawford, Frank J.; Davis, Jefferson; Hendricks, Romeo; Eidleman, Minnie; Hendricks, J. The consciousness of having a remedy at hand for cough, pneumonia, sore throat, and sudden colds, is very comforting to a parent. With a bottle of Ayer's Cherry Pectoral in the house, one feels, in such cases, a sense of security nothing else can give.

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria. When she became a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
