AN OPEN LETTER

To the Commissioners' Court of Lane County, Oregon. In the Circuit Court in and for Lane county, Oregon. To the Hon. R. S. Bean, Judge of the above named Court; the Grand Jury at the October term of the above named Court, 1899, do make this our final report: That we have examined the various public offices of Lane county, including the Sheriff's, Clerk's and Treasurer's offices. Each of said offices are well kept. The records thereof are in good condition.

The public jail we have examined. The same is insufficient and insecure. The county should build a new one. This course in our opinion would be the most economical one to pursue, and is necessary.

The same report we wish to make in regard to the Court House. The destruction of this building by fire, would result in irreparable injury to our citizens, for the public records are without protection. To attempt to repair the building, or add to it, would be bad policy, for the reason that the old building is entirely inadequate to the public use for which it was designed.

Having finished our business, we now ask to be discharged. N. MARTIN, Foreman Grand Jury.
