ADVICE TO MOTHERS.

WISLOW'S SOOTHING SYRUP, for child teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c a bottle.

What is it?

That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, WISDOM'S ROBERTINE accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

Change is one of the irrefragable laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and preventing ague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Osburn & Co.

Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, sick headache, cramp colic, cholera morbus, complaints peculiar to females, cold or cough, hoarse, chills and fever, pains around the heart, erysipelas, phthisis. GEORGE TAYLOR. Sold by Osburn & Co. druggists.

CHAS. W. JOHNSON, Register.

Prineville News, Feb. 8:

The highest water seen in this valley in a period of seven years made its immunity very apparent this week. Crooked river and Ochoee overflowed their banks and threatened a good deal of destruction to property, though no very great losses. The town council with a force of men, saved both bridges that span the Ochoee here in town, but it will cost a good deal of money to make necessary repairs on them. Some fears were felt for the safety of Crooked river bridge, but it resisted every effort of a mighty current and volume of water, loaded with floating fields of ice, to tear it down. The snow on the uplands disappeared suddenly under the influence of warm rain; hence the cause of high water. All things considered, we may feel fortunate that no greater damage resulted.

The Multnomah Street Railway Co. of Portland was offered and refused \$150,000 by a company which proposed changing it to a cable line. The road cost the present owners but \$75,000.

Give Them a Chance!

That is to say, your lungs! All your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And when they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take HOSCHER'S GERMAN SYRUP, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Geo. W. Kinsey, Auctioneer.

When you want your goods, household furniture or land sold at auction, call on Geo. W. Kinsey, the pioneer and most successful auctioneer in Lane County. He will attend to all sales on a reasonable commission.

Take Notice.

Rich and Poor,

Prince and Peasant, the Millionaire and the Laborer, by their common use of this remedy, attest the world-wide reputation of Ayer's Pills. Leading physicians recommend these pills for Stomach and Liver Troubles, Costiveness, Biliousness, and Sick Headache; also, for Rheumatism, Jaundice, and Neuralgia. They are sugar-coated; contain no calomel; are prompt, but mild, in operation; and, therefore, the very best medicine for Family Use, as well as for Travelers and Tourists.

"I have derived great relief from Ayer's Pills. Five years ago I was taken so ill with

Rheumatism that I was unable to do any work. I took three boxes of Ayer's Pills and was entirely cured. Since that time I can never without a box of these pills." Peter Christensen, Sherwood, Wis.

"Ayer's Pills have been in use in my family upwards of twenty years and have completely verified all that is claimed for them. In attacks of piles from which I suffered many years, they afford greater relief than any other medicine I ever tried."—T. F. Adams, Holly Springs, Texas.

"I have used Ayer's Pills for a number of years, and have never found anything equal to them for giving me an appetite and imparting energy and strength to the system. I always keep them in the house."—R. D. Jackson, Wilmington, Del.

"Two boxes of Ayer's Pills cured me of severe

Headache, from which I was long a sufferer. —Emma Keyes, Hubbardston, Mass.

"Whenever I am troubled with constipation, or suffer from loss of appetite, Ayer's Pills set me right again."—A. J. Kiser, Jr., Rock House, Va.

"Ayer's Pills are in general demand among our countrymen, and our sales of them exceed those of all other pills combined. We have never known them fail to give entire satisfaction."—Wright & Hannelly, San Diego, Texas.

Our Present State Officials.

[Salem Democrat.]

We are not in favor of landing or bestowing encomiastic eulogies upon living men, to the disadvantage and expense of his fellows or compatriots, but we hold to the principle that recognition is due merit and should always be acknowledged, whether it be in the acts of one or more men. Men who occupy high positions of trust and emulate their official actions by the rule of truthful and honest administration deserve and should receive due appreciation and recognition by the public. Such disposition on the part of a charitable and appreciating public is the reward and plaudit that all honest men in and out of the party service merit and deserve most for the reward of their services. It is a lasting monument of their own architecture and children that lives in the history of their country and hearts of their people when the grass is green on their graves.

Such men's names are numerous recorded in the history of our country never to be forgotten for their honesty and fidelity in public trust and official position, and many there are who live to-day among us whom we are proud to note the names of: Gov. Sylvester Penneyer and State Treasurer G. W. Webb. Their official career in this state is without spot or blemish. It has been unselfish and unpartisan. Their official acts have been demonstrated in the spirit and intention of the law governing them; their motives have always been prompted for the best interests of the whole people, and their intentions and acts have been purely and truly for the interest of the whole state at all times and under all circumstances. They have both filled their respective positions of trust imposed in them by the people with general and good satisfaction. Everything for the public good has been done well, without party spirit or spite manifesting itself anywhere or at any time. Then what should we, as a grateful people, do to manifest our gratitude and appreciation of those and their official acts? We think the voice of the whole Democratic party of Oregon, and hundreds of other true and good citizens, who desire right to prevail against wrong, will say re-elect them for another term.

In speaking of the tariff reform ex-President Cleveland said at New York City the other day: "It is most gratifying to see that the masses, as well as the leaders of the party, are taking hold of the tariff issue with such spirit and evident determination to win. Even now, when there are no elections pending, they are discussing the question with as much earnestness as if in the heat of a presidential campaign. My letters from every part of the country show the extent and depth of the agitation. When the people think about a thing thoroughly and dispassionately they do not fall into mistakes, and they are now aroused and making a personal application to themselves of the effect of undue taxation. So great is the number of letters I receive asking my views, requesting documents, and inviting me to attend meetings, that to give them proper attention is beyond my power to perform."

Mr. Frank Wheeler writing from Sisters, Crook county, Feb. 3rd, gives the following interesting particulars about the winter there: "It has been raining for three days just as hard as it can. The snow is about all gone. This is the first hard ground we have seen for 74 days; during that time there has been about 5 feet of snow fallen, but it has never been more than 20 inches deep at any one time. I have not lost any horses that I know of. The weather for the last ten days has been warm. On the 23rd of January it rained all day and snowed 4 inches at night; rained the 26th for 24 hours, then froze and snowed 6 inches; rained on the 28th, snowed the 29th five inches; rained on the 31st and has rained ever since, so you see there is lots of chuck. It would mire a saddle blanket any place."

According to the Astoria papers the real estate market has begun moving in a lively manner. W. Hall, of Tacoma, has recently bought twenty acres in the Summit addition for \$20,000. The Oregon Land Co. have bought 100 acres near the city. \$12,000 was paid for 40 acres near the city by Portland men and will be platted. In the first five weeks of the year 248 deeds were recorded transferring \$782,481.

The snag-puller Corvallis, and dredger Saniam, of the government fleet, are sunk off Swan Island. As soon as the water goes down sufficiently an effort will be made to raise them.

When all the pathetic and exciting stories of the flood are told it will sound more like romance than reality. In the midst of it two homes on the island below Wheatland, Marion county, were undergoing startling experiences. Mr. Leslie's house was surrounded and partly filled by water and hour after hour great piles of logs and drift wood came crashing against it, constantly threatening to hurl the imprisoned family into eternity. At Mr. Miller's home was something stranger still. The rising, seething and surging waters had driven them into the garret, where a baby boy was born. A relief party came from the main land, and by cutting a hole in the kitchen roof rescued them.

Long Creek Eagle: The approximate estimate of the loss of sheep in Northern Grant it is believed will reach 20 per cent. The loss ascertained at present is about 15 per cent. and by past experience the sheep men say that they are out more sheep than what they are aware of, so it is thought that the entire loss will not go over 20.

Governor Penneyer was quite a loser by the flood in Portland. He was asked by an Oregonian reporter about his loss. "We have no reason to complain," replied his excellency with his usual good natured smile. "We will probably be able to capture a good many of our runaway logs, and the number that has been swept away does not amount to a great deal."

The census supervisors are to get \$1000 each, and census enumerator 2 cents to 3 1/2, and 3 cents a name, 2 cents a name in the populous districts. There will be about 300 enumerators, who will have from ten to fifteen days' work and earn from \$30 to \$45.

Prineville News Jan. 25th: There is a general rustling among certain feeders for hay. A large quantity of rye hay sold this week for \$15 per ton. Meadow hay, baled, is retailing at \$20 per ton. In the Beaver creek country hay is worth \$20 per ton.

There is a wild rush, among Republicans, to secure the various deputyships under the newly-appointed United States marshal, L. T. Barin. There are sixteen applicants for the office of deputy at Pendleton alone.

Desecrating the Memory of the Dead.

In the Capital Journal of the 24th ult., appears an article entitled "Victor Trevitt's Duel," credited to the Omaha Bee, which claims that "Vic," as he was familiarly called by all, was a Nez Perce half-breed, and that he fought a duel with an Indian brave for the hand of his wife.

There could not well be a more gross or perverse statement of facts than the above, and in deference to the memory of our deceased friend above named we make the following statement of facts, as served us by memory:

Mr. Trevitt was a native of Ohio, a full blooded white man and light complexioned, was finely educated and a printer by trade; came to Oregon in 1851; he first worked for Hon. A. Dush in his printing office at Oregon City in 1851-2. He was twice a member of the Oregon legislature, serving in both houses; he went to The Dalles
