FALL AND WINTER GOODS
Ever brought to Eugene.
THIS IS NO IDLE BOAST,
But call and price them. Remember the place—The New Three Story Erick, corner Willamette and Eighth St., Eugene City, Oregon.

ADVICE TO MOTHERS.
Mrs. Winklow's SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c a bottle.
What is it?
That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? The answer, Wisdom's Robertine accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. F. M. Wilkins, agent, Eugene City.

Change is one of the freest laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and preventing ague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Osburn & Co.
Dr. Taylor's 7 Oaks Compound, purely vegetable, positively cures rheumatism, neuralgia, toothache, sick headache, cramp, colic, cholera morbus, complaints peculiar to females, cold or cough, hives, chills and fever, pains around the heart, erysipelas, phthisis.
GEORGE TAYLOR,
Sold by Osburn & Co., druggists.

SYRUP OF FIGS
Combines the juice of the Blue Figs of California, so laxative and nutritious, with the medicinal virtues of plants known to be most beneficial to the human system, forming the ONLY PERFECT REMEDY to act gently yet promptly on the
KIDNEYS, LIVER and BOWELS
—AND TO—
Cleanse the System Effectually,
—SO THAT—
PURE BLOOD, REFRESHING SLEEP, HEALTH and STRENGTH
Naturally follow. Every one is using it and all are delighted with it. Ask your druggist for SYRUP OF FIGS. Manufactured only by the
CALIFORNIA FIG SYRUP CO.,
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.

Can offer the public better prices than any other house.
IN EUGENE.
Special attention given to Repairing WATCHES, CLOCKS and JEWELRY.
Junction City, Oregon

This will give an idea of preliminary printing required for taking the census: The government printing office is engaged on an order for 90,000,000 population schedules, with an order for 10,000,000 more to follow. This stationery will be sent mainly through the mails and to that end 75,000,000 free delivery envelopes are being prepared. This is only a beginning, and is concerned with the essential part of the work. When the ornamental work, devised by the ingenuity of officials anxious to create excuses to maintain themselves in office, comes to be done, there will be at least as much more, if the census bureau can persuade congress to spread the inquiries over the vast field contemplated.

North Dakota reports about 500 persons suffering for want of necessities.
Give Them a Chance!
That is to say, your lungs! Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, say may depend upon this for certain.

Geo. W. Kinsey, Auctioneer.
When you want your goods, household furniture or land sold at auction, call of Geo. W. Kinsey, the pioneer and most successful auctioneer in Lane County. He will attend to all sales on a reasonable commission.
Take Notice.
That A. Goldsmith has the largest, finest and best stock of Groceries, Crockery and Glassware ever brought to Eugene. Give him a call and he will prove it to you.

The Teacher
Who advised her pupils to strengthen their minds by the use of Ayer's Sarsaparilla, appreciated the truth that bodily health is essential to mental vigor. For persons of delicate and feeble constitution, who are young or old, this medicine is remarkably beneficial. Be sure you get Ayer's Sarsaparilla.
"Every spring and fall I take a number of bottles of Ayer's Sarsaparilla, and am greatly benefited."—Mrs. James H. Eastman, Stoneham, Mass.
"I have taken Ayer's Sarsaparilla with great benefit to my general health."—Miss Thirza L. Cramer, Palmyra, Md.
"My daughter, twelve years of age, has suffered for the past year from
General Debility.
A few weeks since, we began to give her Ayer's Sarsaparilla. Her health has greatly improved."—Mrs. Harriet H. Battles, South Chelmsford, Mass.
"About a year ago I began using Ayer's Sarsaparilla as a remedy for debility and neuralgia resulting from malarial exposure in the army. I was in a very bad condition, but six bottles of the Sarsaparilla, with occasional doses of Ayer's Pills, have greatly improved my health. I am now able to work, and feel that I cannot say too much for your excellent remedies."—F. A. Fishman, South Molwens, Me.
"My daughter, sixteen years old, is using Ayer's Sarsaparilla with good effect."—Rev. S. J. Graham, United Brethren Church, Buckhannon, W. Va.
"I suffered from
Nervous Prostration,
with lame back and headache, and have been much benefited by the use of Ayer's Sarsaparilla. I am now 60 years of age, and am satisfied that my present health and prolonged life are due to the use of Ayer's Sarsaparilla."—Lucy Moffitt, Killbuck, Conn.
"Mrs. Ann H. Farnsworth, a lady 79 years old, So. Woodstock, Vt., writes: "After several weeks' suffering from nervous prostration, I procured a bottle of Ayer's Sarsaparilla, and before I had taken half of it my usual health returned."

Ayer's Sarsaparilla,
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price 25c a bottle, 50c a bottle.

ROYAL BAKING POWDER
Absolutely Pure.
This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multi-plied low cost, short weight, alum or phosphate powders. Sold only in cans. **ROYAL BAKING POWDER CO., 106 Wall St., N. Y.**

Heavy Losses.
Mr. John G. Luce sends to the Grant County News the following extracts from a letter received by him from his partner, Mr. Chebro, which was written Feb. 7th, from the desert south of Prinsville:
The storm was the most severe ever experienced in that region. We have between 500 and 600 sheep alive out of 3400; 45 bucks out of 50. The bucks I feed grain. I fed heavily on the start and they ate their food ravenously; the 65 tons of hay lasted 22 days. We worked three days to get the sheep to ground partly clear of snow, and they did well for a few days, but it chinked for a few hours, and then froze a heavy crust, and the hardest wind I ever experienced blew continually, and simply chilled the sheep to death. They would cover the snow with blood working through the heavy crust. The juniper grove did not seem to be any protection, but the wind went everywhere alike. On the first it commenced chinkoing, and now we have plenty of grass.

Brown Bros. have less than 3000 left out of 9000. McIntosh left his band, numbering some 3000, on the desert east of here and went home on the 20th all. They are mostly all dead. Jim Mackey lost 1500 out of 4000, and had lay left when the storm broke. The Laughlin boys were the luckiest of us all, only losing 400 out of 1500. Johnson & Streets, Buck creek cattle men, say they have not found a live cow brute on the desert yet, and don't expect to. The horses are three-fourths dead. I tell you it was an equalizer.

Protected Society.
The Australian ballot system, if adopted, will protect society from two classes of voters, both of whom, the one voluntarily and the other involuntarily, are a menace alike to the constitution, good laws, and good government. It will protect the coerced voter, he who is now driven to the polls by hard taskmasters, from all intermeddling on the part of those who compel him at the present time to vote as they dictate or lose his position and family, and, in protecting him, it will protect society from the evil influence of those who would employ the ballot for purely selfish ends. It will also largely protect society from the bribe-giver and the bribe-taker, since there are few Dudleyes who will pay for votes in "blocks of five" when they can have no possible guarantee that the receiver of the bribe will vote as he agrees to. He who will sell his vote is no man whose word will be trusted even by those who traffic in personal honor. Rogues are never implicitly trusted by rogues.

Took Time by the Forelock.
The Yaquina Board of Trade hastened to take advantage of the flood in the Willamette valley and the consequent disarrangement of mail service to memorialize Congress for liberal appropriations for the jetties at Yaquina Bay.

They submitted the fact that during the recent floods "the Oregon Pacific railroad was the first line in operation from the sea board to the Willamette valley, and that for the last week past the United States mails have been and are now being sent over the Oregon Pacific Company's road from Corvallis to Albany, thence giving the northern and southern part of Oregon and California mail facilities; in other words, nearly all the interior is indebted to this line for mails and transportation. Thus the importance of the harbor at Yaquina Bay is made plain, connected, as it is, by a railroad crossing at right angles all other lines of travel, both rail and water, in the Willamette valley."

In connection with the interesting news that a line of vessels is to ply direct between Portland and Japan ports, the dispatches inform us that the ships "will be of English build and will carry the Japanese flag." Of course, the tariff and navigation laws of this benighted country have driven American inter-national commerce almost completely from the seas.

Parents should be careful that their children do not contract colds during the fall or early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that cause asthma and bronchitis or paves the way for consumption. Should a cold be contracted, lose no time but cure it as quickly as possible. A fifty-cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Co.

Crook County Letter.
Feb. 27, 1890.
ED. GUARD.—I will try and give you another statement of the winter as I see it. I have been feeding now three months; have feed for another month, but not without some loss. Cows with full calves have passed away to the happy hunting ground. One cannot give anything like an estimate of what the loss will be. The loss of cattle that have been fed will not be below 50 per cent; sheep will probably reach 50 to 75 per cent; horses very light. We thought about the 15th our winter had gone over to Montana or Dakota, when we got a good look at the ground, but it was again quickly covered, and I guess from the outlook it will stay all summer. The second edition has been very cold, reaching zero several times. Sheep men have turned their flocks loose as their feed has been exhausted. Hay in some places has been sold at the rate of \$50 per ton, never less than \$20 since the storm. Those that have hay now would not sell at any price. Rye straw is worth \$10 per ton and scarce at that. Fells will be legal tender this year.

Feb. 28th: The weather has softened down to 20 below zero. It is now cloudy with wind from the south, and looks like storming; if rain or Chinkook, all O. K., if snow, all gone together.
Born, to the wife of Geo. Gibson, Feb. 7, a girl.

In the Big Bend.
The Davenport, Washington, Times of Feb. 28th says:
The reports that were coming in just prior to the last severe and protracted storm in reference to the condition and loss of cattle and horses were of the most serious and discouraging character. Throughout Lincoln and Douglas counties the per centage of loss was very large. Some localities suffered more than others. Stock running at large was almost completely wiped out, while even where the animals were fed there was considerable loss. The last storm, followed by cold weather, will add heavily to the death rate, and already we hear of deplorable losses. At the time of this last storm, the cattle and horses that escaped through January were emaciated and in no condition to stand further cold weather. It is feared that a great majority of these animals will succumb. Again, those who have been feeding are almost out of hay, and should the snow remain much longer even the cattle that have had advantage of care will starve. This is not a flattering showing for the country, but it must be remembered that the winter is without parallel and such weather may not be experienced again for years. However, it will have the effect of causing farmers to prepare for any emergency that may arise in the future by putting up plenty of feed in the fall.

A Seattle Insurance Co. Failed.
Judge Dichtenberg, of Seattle, has issued an order declaring the Seattle Insurance Company insolvent, and appointed J. K. Elderkin, manager of the Farmers & Merchants Co. of Albany, Oregon, receiver, with bonds fixed at \$50,000. It has been ascertained that the assets of the corporation consist of premium rates past due, amounting to \$2213; premium rates not due, \$630; judgments uncollected, \$300; office furniture and supplies, \$450; subscriptions due but payment resisted by stockholders, \$100, 234; and that liabilities are about fifty thousand dollars. It was found that a combination exists among certain stockholders of the company for the purpose of resisting the collection of assessments levied by the board of trustees upon the capital stock of the incorporation for the purpose of meeting and paying losses sustained by the company, and that it will be impossible to long continue its business, and that it will also be impossible for the Seattle Insurance Company to meet its obligations.

Welcome! The combination organized in Douglas county, to defeat the renomination of Hinger Hermann, is more formidable than many imagine. It is the purpose of those who oppose the dapper little Congressman to bring out a Josephine county man, who can either carry or secure a majority of his home delegation. It is currently reported that H. B. Miller of Grants Pass is the prospective opposition candidate. Whatever may be the final result of this internecine strife, it will not fail to weaken Hermann next June.

The Russian government, it is said, will begin next spring to build its 4,500 mile railroad across Siberia. It is a big undertaking, and the estimated cost is \$200,000,000. This is an age when the cost of any project, however enormous it may be, provided it gives promise of a reasonable profit, is no longer considered an obstacle.

It must cost the proprietors of the Anacortes town site a big lot of money for advertising. The Oregonian has paid special from there every day, and the Tacoma and Seattle papers are full of so much as such a line. This is a case of manufactured boom, but the projectors have a sack and could make worse use of it.

East Oregonian: For Governor, D. P. Thompson, a millionaire banker; or C. C. Beckman, a millionaire banker; or Van B. DeLashmitt, a millionaire banker. They are all "good men" (too); so its little matter which is nominated, so that he is a banker and a millionaire.

The last general report of the Postmaster General shows that Washington has 907 miles of steamboat mail routes, and the number of miles traveled annually by the mail boats is 300,000. Oregon has 154 miles of water mail transportation.
At Klamath the Northern Pacific tracks and inclines are to be raised some ten feet so that transfers can be made, even though the Columbia rise ten feet higher than it did a few weeks ago. This will cost about \$100,000.
