That produces that beautifully soft complexion and leaves no traces of its application or injurious effects? Wilkins, agent, Eugene City.

Give Them a Chance!

That is to say, your lungs! Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Cough, cold, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Take Notice.

That A. Goldsmith has the largest, finest and best stock of Greenware, Crockery and Glassware ever brought to Eugene. Give him a call and he will prove it to you.

On a recent visit to Iowa, Mr. K. Dalton, of Duray, Russell county, Kansas, called at the laboratory of Chamberlain's Cough Remedy, to show them his six year old boy, whose life had been saved by Chamberlain's Cough Remedy. It having cured him of a severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it. For sale by Osburn & Co.

Don't Believe It

Kimball, South Dakota, Graphic: While the columns of the Graphic are open to us and all unobjectionable advertisements, yet it is quite impossible for us to speak knowledge of the merits of the various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a notable one is the celebrated Chamberlain's Cough Remedy. This now universally known medicine has been advertised in the Graphic for four or five years, but not until recently had any personal knowledge of its wonderful efficacy, which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In the writer's family this medicine has done what hardly any and all other remedies, and the number of families in Kimball and vicinity in which this remedy has been used with like effects attests to its value as a specific for coughs and colds of every nature. DEMOCRATIC PLATFORM.

GOVERNOR PENNOYER'S VETO OF NON-TAXABLE WATER BONDS STRONGLY ENDORSED.

It Reaffirms Devotion to Democratic Principles.—Favors the Election of U. S. Senators by the People.—Pledges the Party to Ballot Reform.—Condemns the Extravagance of the Last Legislature.

Favors an Eight Hour Law for Factories and Workshops.

The Democratic party of the state of Oregon, in convention assembled, renew their pledges to Democratic principles and enunciate the following declarations:

First—We congratulate the Democratic party in this and other states upon the signal victories achieved in the last general elections in Iowa, Ohio and Rhode Island, and in the municipal elections held recently throughout the Union; and we hail their results as the certain harbinger of the disintegration of that party which, championing the cause of special interests and privileged classes, is bound together only by the cohesion of public plunder, and against the preference of that which has ever stood for the equal rights of the whole people.

Second—We denounce the fraud by which the people of Montana were deprived of their right of representation in the United States senate by senators of their choice.

Third—We believe in equal rights to all and special privileges to none, and therefore favor a tariff for revenue, limited to the expenses of the government economically administered, believing that more than this is class legislation, and is especially detrimental to the interests of the farming and laboring classes.

THE REPUBLICANS ABANDONED.

Fourth—We arraign the party in power for its utter disregard of all the pledges made to the people, whereby its ascendancy was secured at the last national election; and especially do we condemn the tariff bill now pending before the house of representatives as an aggravation of existing evils.

Fifth—We condemn the attempt of the Republican majority in congress to reduce the surplus in the treasury by squandering and misappropriating the same, and we especially denounce the attempt to appropriate a portion of such surplus which belongs to the whole people to the payment of a bounty on sugar, which compels the many to pay direct tribute to the few.

Sixth—We denounce the action of Speaker Reed in counting as voters Democratic representatives who had not voted upon pending measures and in declining to recognize such representatives upon the floor of the house; the one as in conflict with rights accorded to the minority by all political parties since the organization of our government, the other as utterly incompatible with freedom of speech and equality of representation.

Seventh—We reaffirm the position which has ever been maintained by the Democratic party that gold and silver are equally the people's money; we are opposed to all measures of discrimination against silver, and demand a free coinage of silver to supply the needs of business; and that all money issued by the government be made legal tender for all debts both public and private.

Eighth—We direct the attention of the voters of Oregon to the record of the Democratic party upon the subject of Chinese immigration; and we demand the strict enforcement of the Scott exclusion act, and the passage by Congress of further rigorous legislation which will prevent Chinese entering our territory by evasions of the law.

Ninth—That we not only favor the forfeiture of the Northern Pacific Railroad land grant from Wallula to Portland, but we also favor the immediate re-consecration of the forfeiture of all unearned land grants and the restoration of the lands to the public domain.

MONEY FOR SOLDIERS.

Tenth—The gratitude of a generous people and a wise national policy alike demand that the government should provide with liberal hand for the wants of those who suffered by wounds and diseases in the late war, and likewise of such dependent persons as were deprived of their natural protectors. But it should be remembered that in this behalf we have already been liberal beyond precedent in the civilized world, and we insist that in legislation and administration touching pension affairs, regard be had to honorable past service and present merit, and not to the arbitrary and partial measures which draw no distinction between the veteran in the field and the camp follower or adventurer in the rear as involving a cruel wrong to the soldier and a wanton waste of the people's money.

Eleventh—We urge upon congress the passage of such appropriations and the adoption of such measures as will tend most speedily and effectively to opening the Columbia and Willamette rivers to free navigation.

Twelfth—We favor the adoption of an amendment to the Federal constitution providing for the election of senators by direct vote of the people.

Thirteenth—The same impulse which impels us to zealously uphold the rights of the states at home prompts us to hope for the establishment of home rule in Ireland.

Fourteenth—Being profoundly impressed with the conviction that the chief pillars of our republican form of government are an enlightened yeomanry and a free and honest exercise of the elective franchise, we pledge the Democratic party of the state of Oregon to the cordial support and advancement of our excellent common school system; to the passage of effective laws for the prevention of the corrupt use of money in elections and the enactment of such measures as will secure to every voter the right to cast a ballot framed in accordance with the dictates of his own conscience. We unqualifiedly urge the adoption in this state of the Australian system of voting, and the passage by the legislature of the bill drawn by the Ballot Reform League of Oregon.

Fifteenth—We are in favor of the regulation of railroads and other transportation agencies by law.

THE LEGISLATURE CONDEMNED.

Sixteenth—We condemn the extravagance of the last legislature whereby the taxes of the people were greatly increased; the expenditure of \$10,000 for clerk hire (a large portion of which was paid for services never performed) and the scabrous growing out of the "clerk system" introduced by the Republican party call loudly for reform.

Seventeenth—We approve of declaring eight hours a legal day's labor in factories, mines and workshops and upon public works; and we also favor laws giving the laborer a first lien on the product of his labor.

Eighteenth—We denounce the convict contract system as it now exists and arraign the Republican party for having fastened it

upon the state to the detriment of our honest labor.

Nineteenth—We favor such state legislation as will require the election of an inspector of weights and measures, and legislative provision for the appointment of sanitary and building inspectors in incorporated cities.

Twentieth—We point with pride to the wise, conservative and clean administration of Governor Sylvester Penoyer, and to the scrupulously honest management of the financial department of the state under Treasurer George W. Webb, and we commend to this commonwealth a continuance of the existing order of affairs with a confident assurance that it merits and will receive their cordial endorsement.

Twenty-first—We emphatically declare it to be the sense of the Democratic party of the state of Oregon that in his veto of the bill passed by the last legislative assembly, known as the Portland Water bill, based upon the exemption from taxation of the bonds therein provided for, Governor Penoyer exercised a wise and commendable use of the constitutional prerogative vested in the executive and upon the question thereby raised we pledge him our unqualified active support.

GOV. PENNOYER'S SPEECH

In Accepting the Democratic Nomination for Governor at Portland.

Mr. President and gentlemen of the Convention: If there is one man living, more than any other, owes a debt of gratitude to his fellow men for favors received far beyond the ability of payment, I am that man. To be nominated as I was four years ago for the high office I now hold without one single effort on my part to procure such nomination, to be triumphantly elected at the polls and to be now renominated by this convention, impose upon me obligations which I am unable to cancel.

It was not my intention to again be a candidate. Two years ago, when upon a canvass of the state, I assured my friends everywhere that I would retire at the close of the present term, I had at that time carefully weighed the cares and responsibilities of the high office against its honors, and I had fully determined to not again be a candidate.

WHY HE DID NOT WANT TO BE NOMINATED.

But above and beyond this there were other grave reasons why I did not wish to remain in public life. When I saw, as I have seen, the inequality of the burden of taxation in this state, when I have seen repeated efforts to remedy that abuse rendered futile, and in addition to that, when I have seen persistent efforts made to exempt by statutory amendments a certain species of private property from taxation, and when I have seen still greater abuses in the federal government where wealth is entirely exempted from taxation, where the burden of such taxation falls mainly upon the poor, and where in addition the poor are taxed for the benefit of the rich and remembering as I do, that there is a just God in heaven who, alike controls the destinies of nations and of men, and who will ultimately punish any nation guilty of so great injustice, I determined to absolve myself by a retirement to private life, from all responsibility in the administration of a government, so unjustly administered.

But you have again called me to stand as your candidate, and yielding my private preferences to your demand, I accept the nomination, and I thank you for it, and I promise you that if you will stand at my back as you did four years ago, and I know you will, that I will be re-elected by a largely increased majority.

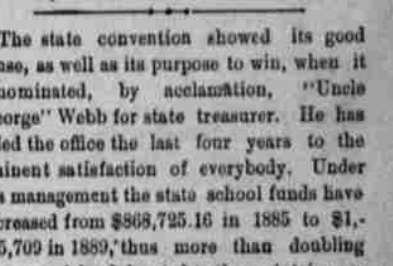

We are now in the valley of the shadow of death. I tell you gentlemen of this convention, that the slogan you have here sounded will summon forth such a gathering of forces in that valley, as has never before been witnessed, and our ever-awakening and triumphant hosts will emerge from that shadow out in the broad sunlight, and on the second day of next June they will plant their standard upon the very mountain top of victory.

The state convention showed its good sense, as well as its purpose to win, when it renominated, by acclamation, "Uncle George" Webb for state treasurer. He has filled the office the last four years to the eminent satisfaction of everybody. Under his management the state school funds have increased from \$89,795.16 in 1885 to \$1,725,709 in 1889; thus more than doubling that sacred fund devoted to the maintenance of our public schools. Taxpayers in the sparsely settled school districts of this state will remember the devotion to their interests when they come to vote in June.

Wright's Red Cross Cough Cure guarantees to give satisfaction. Will cure any kind of cough or cold. Sold by all druggists.
