[Philadelphia Times.]

It is hoped that the Western farmers will be duly impressed with the logic of Mr. Mc
Kinley. To console them for the manufacture of the provisions of the bill, he would have vetoed it in accordance with his position on the exemption from taxation of municipal bonds. Kinley. To console them for the low prices they are receiving for their crops, he proposes to raise the price of the manufactured goods which they have to buy or receive in exchange—their clothing, tinware, glass, chins and household articles generally.

chins and household articles generally.

The farmer may inquire how he is to be benefitted in this arrangement, seeing that he cannot get enough new for his wheat and corn to pay for his tools and his clothing and other necessaries. Mr. McKinley is ready for him. He explains that the existing depression is due to "foreign agriculture products crowding our home market," and he is going to stop that at once by increasing the import duties on corn. If the farmer should reply that no wheat or corn is imported, and he can't see what good that will do him, Mr. McKinley is ready for him again. He does not explain for the bit had some objectionable features, which I attempted to remove. I said then, that if I was not successful in my efforts, I would vote for the bill anyhow. I did vote for it, and I voted for it six times. [Applause.] I was present every meeting and voted, and all knew how I voted. products crowding our honie market," and he is going to stop that at once by increasing the import duties on corn. If the farmer should reply that no wheat or corn is imported, and he can't see what good that will do him, Mr. McKinley is ready for him again. He does not explain further but he assures the farmer that his bill is "for the latter, defense of American houses" and better defense of American homes," and nobody ought to demand a finer phrase than

Rev. G. I. Travis, usator of the First Raptist Church, Engene, in a letter to the Albany Dally Democrat sayer. It is with much pleasure that I give to your readers a few facts about the life and career of my old college friend, Prof. A. Leroy, your candidate for state superintendent of public instruction. It has been more than 20 years since we first met in the halls of Madison, now Colgate university. Hamilton, N. Y. Before and since that time his record as teacher and educator has been such as to amply fit him for the high and reaponaible position of superintendent of miblio instruction for the state. The medal of bravery which he modestly keeps, presented by the Queen of England, as being one of the immortal six hundred in the famous charge of Balaklava made classic by the poet Tennyson, together with his rich educational experience, bread culture, warm sympathies, and intellectual force as a thinker and an elequent speaker, combine to make him admirably ofted for a position in which his fellow citizens and friends would seek to place him. The above is the least that an old-time college friend could say of a man whose record is as clear as the sun, and whose character has never been tarnished by the least breath of suspicion. If the farmer is still dis afinfied, he can leave off farming and go into the business of sugar refining or manufacturing tto-plate. Then the advantages of the tariff would be-come apparent to the dullest mind.

The S S S Candidates.

We call attention to the letter of B. Goldsmith, chairman of vice Democratic state central committee. It is no secret that D. P. Thompson depends upon the use of money to secure his election as governor, and indirectly the election of other candidates, county and state. Can the people trust a party that deliberately corrupts the fountain head of our free institutions?

Reliable reports are that money has been brought to Lane county for improper use. The Democrats will not compete with their opponents in such practices. They should organise and watch the polls closely and cause the arrest of any one, whoever it may be, that is found engaged debanching the election. We call attention to the letter of B. Gold-

cause the arrest of any one, whoever it may be, that is found engaged debanching the election.

None but the sufferers of Scattle, Ellensburg, Spokase Falls and Johnstown can appreciate the heartaches these catastrophes and laid. Seventeen national banks Thompson, Republican candidate for Governor of Oregon, donated \$20 to heal their woes, Scattle got \$10 and Johnstown another X. Mr. Thompson possesses a heart as big as a gnat.—Sundsy Mercury, Rep.

The capitalists of Portland, to secure the Huntratirosal, were required to purchase \$2,000,000 of its bonds. This they did, but the name of D. P. Thompson, the owner of seventeen bunks, these not appear among the subscribers. Dave Thompson, with all his scilish, greedy purposes. Sylvester Peancyer's record stands resplendent as that of a generous, upright business man, and his name will go on record as one of the ablest executives the state of Oregon ever hed.

PRICE LIST.

YES COME To the place where you can get value received; where there is a firm that will treat you white and you will get all you pay for. Do you not know that when a man comes to your house with a team and a sewing machine and puts it in your house to sell it to you that he has to make a bigger profit on it than a dealer who does not have to pay a man and a team, and feed the team.

These fellows wear diamonds with the money they virtually steal from the farmers. I caution all persons against these everlasting swindlers and liars, which I assert there is no means too low for them to resort to to make a sale of their machine, and then when you have bought that machine you will find out to your sorrow that you are not dealing with him but with some company, and they will put you to the wall or take the machine back and you will lose all you have paid on it. Now why do you not buy of a firm that buy and sell machines the same as other goods! This the Barker Gun Works does. We carry in stock at all times the DOMESTIC and DAVIS, the best machines IN THE WORLD. The basis took more

---GOLD MEDALS-

Than any other machine at the Paris Exposition in 1889. The DOMESTIC needs no common lation, as it is an old reliable company and has always given satisfaction. Do not buy until you have consulted me and looked at my machines. I will save you money and that is worth your time to come and see. Prices of the Davis and Domestic are from \$35 up, Cash, and \$10 more on time of monthly payments. Good notes at cash prices with interest taken. Come and see the Fine Fishing Tackle.
