ting up the survey in the Ten mile district which was postponed last fall.

The sport-loving people of Florence are just now spending their idle moments in catching nice large ocean perch.

There is talk of soon erecting an Odd Fellows Hall at Glenada. The idea is a good one and should not be abandoned. Why would not the seal oil industry pay bere? There are thousands of seals at the mouth of the river. A seal will produce from two to five gallous of oil and the oil sells at fifty cents per gallon.

Some very good work is being done on the old wagon road to Florence. Mr. Wm. Southerland has about twelve men at work and informs us that he will complete the grading in about four weeks.

grading in about four weeks.

Capt. John Bergman and W. F. Saffley departed this morning for Marshfield. They expect to return Tuesday with the steamer Lillian. The Lillian is said to be a hand-some passenger boat and will ply between Florence and Yaquina with Captain Bergman at the wheel. This news will relieve those who are waiting to come to Florence but are detained on account of the roads being impassable for a team.

A registion is being circulated and signed Surplus and Profits, \$13,000

A petition is being circulated and signed A petition is being circulated and signed by everybody, requesting the commissioners court to repair the road from the bridge, on Lake creek to Neeley's, and to commence operations now. The appropriation for this part of the road can be placed in the hands of John Whisman, or some one else, and with a crew of men the labor necessary to make the road passable for present uses would shortly be done. The stage can now come to Lake creek, over that road, and the repairing of the seven miles of road spoken repairing of the seven miles of road spoken of, would give us wagon communication in EUGENE CITY, - - OR, a few days.

The unsurveyed land which lies South of Glenada will soon be surveyed by Surveyor A. R. Buttolph. Its occupants may then secure titles to their homes.

County Superintendent Hatchinson, Douglas county, was in the city the first of the week. We understand that a new school district has been formed on the Glenada side of the bay.

Particularly is this merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a note-worthy exception is the celebrated Chamberlain's Cough Remedy. This now universally known medicine, has been advertised in the Graphic four or five years, but not until recently had we any personal knowledge of its wonderful efficacy, which has come about through the prevailing influenza and the simborn cough that has so often attended it. In the writer's family this medicine has on several occasions this winter cured as on several occasions this winter cured a cough that balled any and all other remedies, and the number of families in Kimball and vicinity in which this remedy has been used with like effects attests to its value as a specific for coughs and colds of every nature.
