 Mrs. WINSLOW'S SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c a bottle.

**The Road to Wealth**  
 Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all their accompanying horrors.  
**DR. HENLEY'S English Dandelion Tonic** exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
