**THE EUGENE CITY GUARD.**  
 SATURDAY, JUNE 28, 1890.  
 Crop-Weather Bulletin No. 14.  
 Oregon Weather Bureau, co-operating with U. S. signal service, central office, Portland, Oregon. For week ending June 14, 1890.

**WEATHER.**  
 The week has been cool and partly cloudy, with light sprinkles of rain on Sunday, Monday and Saturday. The rainfall was light and did not much more than to lay the dust. Vegetation of all kinds would be benefited by good heavy rains, and especially weather has, however, not been injurious to crops, the cool, cloudy weather being more beneficial than cloudless warm weather would be, but rain is what is needed for the growth and maturing of grains, vegetables, &c.

**CROPS.**  
 Hay is generally in progress and light yields are generally reported. The continued dry weather proved to be quite injurious to the hay crop in most sections.

The fall and early sown spring wheat are in good condition. They would be benefited by rain, but if no dry north winds prevail, the crop will average well. The late sown spring grain continues to be in a poor condition, and less than one-half the average from spring grain is expected. Barley, rye and oats are doing quite well. Corn has a slow growth owing to the cool weather. Hops are reported as progressing nicely. Vineyards are healthy and excellent prospects are shown by them. Eastern Oregon crop reports are more hopeful than from the Willamette valley. Fruit, however, is in as fine condition as could be desired, and southern Oregon promises to eclipse former years by her fruit yield. The strawberry crop is being exhausted and cherries are now plentiful in the market.

**RIVERS.**  
 The rivers continue to fall slowly and reports do not indicate that there is much snow to be melted.

**ADVICE TO MOTHERS.**  
 Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c a bottle.

**THE ROAD TO WEALTH**  
 Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties and nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.

**DR. HENLEY'S English Dandelion Tonic** exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgement, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
