

THE EUGENE CITY GUARD.

SAURDAY, JULY 19, 1900.

Open Your Eyes and Look.

The East Oregonian has been permitted to publish a letter from a large firm of dealers in Chicago, written to a like dealer in Portland. Examine the figures and see what the McKinley tariff bill proposes to do for every man, woman and child in the United States who uses tin in any shape.

CHICAGO, Ill., May 27, 1890.

To our Salesman, P. M. Kagy: For your information, we give the present duties on tin plates and those proposed under the McKinley bill:

Table with 2 columns: Duty type and Amount. Rows include IC 14x20 per box, IC 14x20 per box, IX 14x20 per box, etc.

This is an increase of over 125 per cent in amount of duty to be paid. It is unnecessary taxation of the people for the benefit of a few manufacturers and a strong light should be made in the senate lest the bill should get through as it did in the house.

We think it would be well for you to suggest to the trade that they organize and promptly petition their senators at Washington to vote against it.

C. SIDNEY SHERFIELD & Co. Here is a beautiful example of reducing the tariff. It is more than doubled on tin— an article not manufactured in this country at all.

The Oregon Ballot Reform League telegraphed Senators Mitchell and Dolph, protesting against the proposed Federal election law. It would destroy the secrecy of the ballot.

The death of General Fremont is announced. He departed this life on Sunday afternoon, in New York City, after a short illness, of peritonitis. His age was about 78 years.

A cyclone near Minneapolis last Sunday caused the loss of about 125 lives. An excursion steamer was overturned on a small lake and nearly a hundred were drowned.

It is said that the hop vine is the best substitute for rags in the manufacture of paper. The vine pulp possesses great length, strength, flexibility and delicacy.

Council Proceedings. COUNCIL CHAMBER, July 14, 1890. Council met in regular session. Present Mayor Hovey, Councilmen Preston, Griffin, Osborn and Dorris. The minutes of last meeting were read and approved.

The finance committee reported favorably on sundry bills amounting to \$439.35. Allowed and ordered paid.

The finance committee reported their examination of the city's accounts and submitted a plan to be followed by the city officers in the keeping of the city's books.

Mr. Preston from the committee on printing reported progress.

Mr. Griffin from the committee on fire and water reported progress on the purchase of hose carts and suitable places for the housing of the same.

A letter from Mr. Koshier in regard to extending certain streets across the railroad track was read and ordered on file.

A petition from E. G. Eastman and S. F. Kerns for the extension of 11th street west to city limits was read and referred to street committee.

A petition for a six foot sidewalk on both sides of Fourth street between Lawrence and Madison street. Prayer of petitioners was granted and sidewalk ordered.

A petition to grade and gravel 8th street from bridge over mill race east to railroad road. Prayer of petitioners was granted.

On motion of Mr. Osborn an 8 foot sidewalk is hereby ordered on the east side of lot 8 on the corner of 11th and Willamette street owned by G. Hall.

Resolution suspended and the following bills ordered paid: S Sparks, \$10; Carey Martin, \$27; W. B. Montgomery, \$9; Geo Croner, \$30.50.

Bills read and referred to the finance committee amount to \$355.75.

The light on the corner of 5th and Pearl streets ordered continued, the Co. offering to furnish renewals and maintain said light for \$2.50 per month.

Mayor Hovey presented the resignation of J. E. Nolan, city surveyor, which was accepted.

The street commissioner was ordered to notify all property owners to trim all trees in front of their respective premises as required by ordinance No. 41.

Mr. B. Coleman claimed that there was an error in his assessment and asked to have the same corrected. Referred to recorder for examination.

Council adjourned to meet on Monday, July 21st, at 7:30 p. m.

The Oregonian Railroad. Work on the Oregonian railroad progresses slowly. A Statesman reporter who has been along the line and observed the work being done writes:

Of course this work is being done for the Huntington crowd, and it is evidently their intention to build the line from Silverton to East Portland, to connect with the narrow gauge line, to be branched into a standard gauge road. But it looks like the work now being done is only to hold the right of way.

The Weather Crop Bulletin for Week Ending July 12th.

The temperature has been cooler than average for the week, partly cloudy to cloudy weather, with occasional rains have prevailed. The temperature has ranged from 50 to 80 degrees. The amount of rainfall has varied from .10 of an inch to over one inch.

The weather has been unfavorable to the laying operations, considerable was cut and down when the rains came on and some of the delay the hay harvest causing it to come too close to the fall wheat harvest, which in sections has begun, and in most sections will be in full away next week.

The hay crop is far better than expected. The hay crop was very beneficial to the fall and spring wheat crops, also to the corn. The fall wheat has generally filled very well, the berry large and plump. The Spring wheat, which on June 1st, was thought to be worthless is growing nicely and will yield almost an average crop in most sections.

Root crops are all in a most promising condition. Hops continue to thrive and their yield will be above the average.

The apples are being injured by the codling moth. Their non appearance at an earlier date may be due to the backward spring. They are evidently now appearing in full force and are proving to be quite injurious.

Oregon peaches are coming into the market. The peach crop of southern Oregon will not be over 50 per cent of the average. Through the Willamette Valley the crop will be slightly better. In Wasco the peach crop appears to be the best. Cherries are full and are proving to be quite injurious.

The grass on the ranges of Eastern Oregon is very good for the balance of the season, and cattle are in prime condition. The wheat crop in the Willamette valley will be almost an average; in Southern Oregon about an average; in Wasco, Gilliam, Sherman and Morrow, better than for years; in Umatilla and Union counties, the largest ever produced; in the Willamette, Grant, Crook and interior counties, fully an average crop.

Reports from all sections indicate that a bountiful harvest is assured.

It will be remembered that the cod in moth question was referred to the biologist of the State Agricultural college, Prof. F. L. Washburn. The entomologist states that "any statement asserting the possibility of there being no codling moth this season in our valley orchards is very premature, and if any owners of orchards in the Willamette valley are relying upon their orchards being exempt from the codling moth this year, they will be in all probability, sadly awakened from this pleasant dream. No, in spite of some good work done by the woodpeckers last winter in destroying the larvae under the bark, in spite of the absurd theory advanced by some that the high water had killed most of the larvae, in spite of exhortations of Professor Lake and myself, through bulletins and through the press, the codling moth is getting in its work most effectually. Examination of our unsprayed orchards in this valley, and unfortunately the number is legion, will probably tell the same story. Orchardists who are ambitious to produce good sound fruit or have any public spirit will see to it that these wormy apples are destroyed."

Some people get mad very easily. Recently the editor of the Big Bend paper, writing up a party at a residence of Big Bend, said Mrs. B. had the prettiest plants in town. By one of the famous typographical errors I was left out of plants, and the husband of Mrs. B. called at the newspaper office with a revolver and blood in his eyes, just as the editor had left out of the window for the canyon beyond the city. And yet some people think it must be fun to be an editor.

A. O. U. W. GRAND LODGE.—The grand lodge of workmen held its annual session at Astoria, adjourning Saturday. J. J. Daly was elected G. M. W. J. G. Geoghegan, G. B. Victoria, B. C., was selected as the place for the next grand lodge. After the next session meetings will be held biennially. A grand lecturer will be appointed. During the year 1899 there were 25 assessments. Oregon has 55 lodges and 3322 members; Washington has 33 lodges and 1278 members; British Columbia has 5 lodges and 439 members; total, 5039.

Wood Sawing. Mr. Wm. Horn is prepared to saw wood with his machine. Leave orders at J. D. Matlock's store, and Mr. Horn will commence work the Mondays of each week.

What a Pity To see a woman's lovely features marred by unsightly pimples and blotches. Young women, defective nutrition is the cause of your blemishes and the sooner you take a course of Dr. Hiller's Hydrastine Restorative the sooner you will cease to be an object of pity. For sale at E. R. Luckey & Co's.

The Heat of Summer Enervates the system, reduces the vitality, and weakens the energies. In this condition, the body falls readily a victim to disease. Fortify the system against these debilitating influences, by taking Dr. Hiller's Hydrastine Restorative. It enables the nutritive system to absorb sufficient nourishment to keep the body vigorous and healthy, and in a condition to resist disease. For sale by E. R. Luckey & Co.

Farm for Sale. 100 acres near Irving, 80 acres in cultivation, 40 acres of meadow land, 35 acres of pasture land and 5 of orchard and garden. There is a good large barn and a comfortable dwelling on the place. It is well fenced and conveniently divided. The orchard is well cared for and has an abundance of fruit. Price \$35 per acre, will be divided to suit purchasers. Also fine tracts of bottom land 3 1/2 miles from Eugene, from 10 to 50 acres. Price \$50 per acre. Inquire of E. O. Potter, Dunn's Building, Willamette St., Eugene.

TIMBER LAND NOTICE. United States Land Office, Roseburg, Or., July 14, 1890.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Stephen R. Jones, of Eugene, County of Lane, State of Oregon, has this day filed in this office his sworn statement, No. , for the purchase of the N W 1/4 of Sec 20, Tp 17 S, R 3 E, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Friday, the 10th day of October, 1890.

He names as witnesses: N. J. Walsh, H. E. Holbrook, of Portland, Oregon; Albert Carrall, Andrew J. Nickel, of Eugene, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 10th day of October, 1890.
