Europe and the Farmers. New York World. Count Kalnoky, the Austro-Hungarian Premier, has definitely announced that the

European powers will take concerted retalia-tory action against the United States if the McKinley Bill shall become a law.

If this country is to strike at the commerce of the world such a blow as is now threatened it is not surprising if the commercia nations endeavor to bring us to terms by a warfare upon our most vulnerable interests.

There is no doubt as to what will be th

Western Branch, Box 27, PORTLAND, OR There is no doubt as to what will be the point of stack. The majority of the people of this country are vitally interested in foreign commerce. The farmers would be bankrupt were it not for their European market. Of our \$730,000,000 of exports in 1889 \$503,000,000 were agricultural products. About 21 per cent, of our wheat goes abroad. Ten years ago more than 40 per cent. of the crop was exported. Two thirds of our cotton supplies foreign mills. Provisions, corn, flour, animals and other farm outputs make

nour, animals and other farm outputs make up the balance of the merchandiso is which our largest foreign trade is done.

The concerted action of the European powers will be against the farmer. Discriminating and even prohibitory taxes against American sgricultural products are already threatened. That it is possible for Europe to stimulate the recognition of rival states. to stimulate the production of rival states was shown during the war by the great in-crease in the cotton-growing industry of Egypt, and it has been demonstrated still more recently by the important advance made in Hungary, Russia and the Argentine Republic in wheat-growing.

In view of this it will be readily seen that if Europe shall discriminate against our farmers in retaliation for our tariff the result must be died district.

This, and not the proposed duty on eggs, is the feature of the McKinley Bill which demands the attention of our farmers.

Heppner Gazette, July 5th: Up to date there has been 1 479,511 pounds of wool re-ceived in the Heppner warehouse, of which 942,449 has been shipped; there being now in storage 537,062. The rain during the past two weeks has delayed deliveries from the John Day and Grant county sections, where there will be large quantities yet to

Ex-Governor St. John is too complimentary when he dubs Mr. Harrison Belshazzar II. True, Mr. Harrison has been weighed in the balance and found wanting, and, if his eyes are not shaded completely by the brim of grandfather's hat, he has seen the writing on the wall. But Belshazzar was a PAID UP CAPITAL, \$50,000 great man in his day, and it took a special dispensation of the Lord to squelch him. Benjamin is running himself into the ground without assistance.

> Wyoming is on the eve of admission as a State; Idaho has already been admitted; but New Mexico, with more population than both of them, must stay out, merely because a majority of its people differ politically from the majority in the other territories named This is not justice.

The democsats of Pennsylvania have nominated Robert F. Pattison for governor, Channey F. Black for lientenant governor, and William Barelay, of Pittaburg accretary of internal affairs.

Barnes, Democrat, was elected Representative in the Legislature from Wallowa county at the special election, June 30th, over Gowan, Rep., by 23 majority. These gentleman tied for the position June 2nd.

The Road to Wealth Cannot be successfully traveled with-

out good health. To reach wealth or any coveted position in life requires the full possession and operation of all the fac-ulties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horners.

DR. HENLEY'S English Dandelion Tonic exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engargements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth
