Real Estate Agents.  
Eugene City, Oregon.  
Will attend to general Real Estate business  
such as buying, selling, leasing and renting  
farms and city property, etc. Office on south  
side of Ninth street.

**Kimball, South Dakota, Graphic:** While  
the columns of the Graphic are open to any  
and all unobjectionable advertisements, yet  
it is quite impossible for us to speak know-  
ingly of the merits of the various articles of  
merchandise advertised. Particularly is this  
true of patent medicines. But there are ex-  
ceptions occasionally and a note-worthy ex-  
ception is the celebrated Chamberlain's  
Cough Remedy. This now universally  
known medicine, has been advertised in the  
Graphic four or five years, but not until re-  
cently had we any personal knowledge of its  
wonderful efficacy, which has come about  
through the prevailing influenza and the  
stubborn cough that has so often attended it.  
In the writer's family this medicine has  
on several occasions this winter cured a  
cough that baffled any and all other reme-  
dies, and the number of families in Kimball  
and vicinity in which this remedy has been  
used with like effects attests to its value as a  
specific for coughs and colds of every nature.  
For sale by Osburn & Co.

**SYRUP OF FIGS**  
Combines the juice of the Blue Figs of  
California, so laxative and nutritious,  
with the medicinal virtues of plants  
known to be most beneficial to the  
human system, forming the ONLY PER-  
FECT REMEDY to act gently yet  
promptly on the  
KIDNEYS, LIVER AND BOWELS  
—AND TO—  
Cleanse the System Effectually,  
—SO THAT—  
PURE BLOOD,  
REFRESHING SLEEP,  
HEALTH AND STRENGTH  
Naturally follow. Every one is using it  
and all are delighted with it. Ask your  
druggist for SYRUP OF FIGS. Manu-  
factured only by the  
**CALIFORNIA FIG SYRUP CO.**  
SAN FRANCISCO, CAL. NEW YORK, N. Y.  
LOUISVILLE, KY.

**The Latest Hold Up.**  
The two men who had been sitting togeth-  
er in the seat near the door of the car became  
engaged in an animated controversy, and  
their loud voices attracted the attention of  
all the passengers, says the Chicago Tri-  
bune. Suddenly one of them rose up and  
said:  
"Ladies and gentlemen, I appeal to you to  
decide a disputed point. My friend here  
insists that not more than three persons out  
of five believe they have souls. I take a  
more cheering view of humanity. Will all  
of you who believe you have souls raise your  
hands?"  
Every right hand in the car went up.  
"Thank you," he said with a smile.  
"Keep them up. Now will all of you who  
believe in a hereafter please raise your left  
hand also?"  
Every left hand in the car went up.  
"Thank you again," he said.  
"Now while all of you have your hands  
raised," he continued, drawing a pair of  
revolvers and leveling them, "my friend  
here will pass down the aisle and relieve you  
of whatever valuables you may happen to  
have. Lively now, Jim!"

**Grant County News:** Census Superin-  
tendent Strange approximates the population  
of Canyon City at 315. To be fashionable  
we should claim at least 9,000 and make a  
big kick to have the city recounted.  
**Don't Believe It**  
When told that F. M. Wilkins, the druggist,  
is not selling "Wisdom's Robustine" for the  
common cold, the most elegant and only really  
harmless preparation of its kind in the  
world, and giving a beautiful picture card  
with every bottle.

**Give Them a Chance!**  
That is to say, your lungs! Also all your  
breathing machinery. Very wonderful  
machinery it is. Not only the larger air  
passages, but the thousands of little tubes  
and cavities leading from them. When  
these are clogged and choked with matter  
which ought not to be there, your lungs can-  
not do their work. And what they do, they  
cannot do well. Call it cold, cough, croup,  
pneumonia, catarrh, consumption or any of  
the family of throat and nose and head  
and lung obstructions, all are bad. All ought  
to be got rid of. There is just one sure way  
to get rid of them. That is to take Bos-  
chee's German Syrup, which any druggist  
will sell you at 75 cents a bottle. Even if  
everything else has failed you, you may de-  
pend upon this for certain.

**A Little Too Late:**—to doctor when Bright's  
Disease has done its work. Take Wright's  
Kidney and Liver Cure for inflammation of  
kidneys and liver, pain in back and other  
warnings of kidney trouble. Sold by all  
druggists.

**What Is It?**  
That produces that beautifully soft com-  
plexion and leaves no traces of its applica-  
tion or injurious effects? The answer, Wis-  
dom's Robustine accomplishes all this, and  
is pronounced by ladies of taste and refine-  
ment to be the most delightful toilet article  
ever produced. Warranted harmless and  
matchless. F. M. Wilkins, agent, Eugene  
City.

Change is one of the irresistible laws of  
nature, and fortunately the change is almost  
invariably for the better. As an instance of  
this, St. Patrick Pills are fast taking the  
place of the old harsh and violent cathar-  
tics, because they are milder and produce a  
pleasant effect, besides they are much  
more beneficial in removing morbid matter  
from the system and preventing ague and  
other malarious diseases. As a cathartic  
and liver pill they are almost perfect. For  
sale by Osburn & Co.

On a recent visit to Iowa, Mr. K. Dalton,  
of Durney, Russell county, Kansas, called at  
the laboratory of Chamberlain & Co., Des  
Moines, to show them his six year old boy,  
whose life had been saved by Chamberlain's  
Cough Remedy, it having cured him of a  
severe attack of croup. Mr. Dalton is cer-  
tain that it saved his boy's life and is en-  
thusiastic in his praise of the Remedy. He  
says it has an excellent reputation in his  
vicinity; that farmers come fifteen miles to  
his store for it. For sale by Osburn & Co.

**Henry Villard has made a prophecy.** It  
is that in five years every kind of machin-  
ery will be propelled by electricity, and  
there will not be a steam locomotive engine  
on any railroad in the Union. He declares  
it as if he knew it for a fact that marvellous  
improvements in electricity as a motive  
power are on the point of being introduced.  
The enumerators give us a population of  
35,681, which is 14,319 short of the fact.  
This error has caused a depressing effect.  
Wildcat real estate has taken a tumble, and  
several dealers have tumbled out of busi-  
ness. "It's an ill wind that blows nobody  
good."—A. O. U. W. Reporter.

As the Argentine Republic is something  
over \$300,000,000 in debt the new revolu-  
tionary Minister of Finance will find his  
chief difficulty in having no finances to ad-  
minister on.

**ROYAL**  
**BAKING**  
**POWDER**  
Absolutely Pure.  
This powder never varies. A marvel of  
purity, strength and wholesomeness. More  
economical than the ordinary kinds and can-  
not be sold in competition with the multi-  
tude of low test, short weight, alum or phos-  
phate powders. Sold only in cans. ROYAL  
BAKING POWDER CO., 100 Wall St., N. Y.

**Overland Lumber Export.**  
**Portland Welcome:** The lumber traffic  
eastward from the Pacific Northwest via  
railroad has reached a magnitude that sur-  
passes public impression outside of the  
trade, and is still on the advance. This ex-  
port arrives in volume from two sources:  
the supply from Portland and the Columbia  
mills about Hood river, Bridal Veil, etc., to  
the extent of about seventy-five car loads  
daily and about a hundred or more per day  
from Puget Sound via the Cascades through  
Eastern Washington, the two lines of lum-  
ber traffic converging at the Pasco railway  
station on the upper Columbia, where they  
jointly depart eastward, diffusing the car  
loads at all the principal inland cities where  
lumber-yards are regularly established for  
the sale of this Pacific Coast product. Car-  
loads contain much more weight of mer-  
chandise than was understood by the term  
in the early days of railroading, when ten  
tons was the imperative limit. Now, twenty,  
and even thirty tons are not uncommon  
car-loads, which at three pounds to the  
square foot of board measure will make a  
car-load count into the thousands. The  
Inter-State Commerce law has tended to  
stimulate this eastward lumber trade, as  
west-bound trains are more or less un-  
loaded on the route, and the "empties," to  
use a railroad term, are hauled there to load  
with lumber for back freight. There is  
somewhat an interchange of lumber traffic,  
as hard wood is in demand on the Pacific  
Coast for various purposes, the same as Or-  
egon fir is required at the east for con-  
struction and other special uses.

**Appraising Their Land.**  
George H. Andrews, secretary and agent  
of the Oregon & California Railway Com-  
pany, furnished some information concerning  
the much sought-after lands of the company.  
The reporter asked him if the company  
had done as it agreed last winter, about  
starting out parties to survey and appraise  
lands for settlers. He replied that they had;  
and said that they have four parties in the  
field now.

Mr. Van Meter is at work with a party in  
townships 1, 2 and 3 south, ranges 5, 6 and 7  
west. N. E. Britt is working in townships  
4, 5, 6 and 7 south, and 4, 5 and 6 east.  
Charles J. Howard has 5 parties in 30, 31,  
32 and 33 south, 5, 6, 7, 8, 9 and 10 west.  
Mr. LaFleche is in 25, 26 and 27 south, 2, 3  
and 4 west.

These four parties of men are examining  
and appraising the land of the Oregon &  
California company. The past two years  
there has been, as is well known, a large im-  
migration into the state. Railroad lands are  
always in demand by settlers who have al-  
ready exhausted their homestead rights; so  
that last fall and this spring there was a per-  
fect deluge of correspondence pouring into  
the land office of the company here, asking  
for prices on their lands. It became neces-  
sary therefore to start out examining parties.  
The four now at work are expected to exam-  
ine and price this summer between 250,000  
and 280,000 acres of land. Their retiring  
this fall depends considerably on this ses-  
sion; but the appraisers are generally driven  
in by the rain about the first or second week  
in October.

**Lakeview Examiner:** While Klamath  
county is boasting of her beautiful grain  
raised at an altitude of 4,000 feet above the  
sea, Goose Lake farmers will soon harvest a  
crop, that for quality, cannot be surpassed  
in the world, and grown from land over  
5,000 feet above the sea. When it comes to  
altitude and magnificent distances, Lake  
county takes the cake and her hay, grain,  
vegetable and fruit crop, will all compare  
favorably with the best and most favored  
sections of the country.

Henry Villard has made a prophecy. It  
is that in five years every kind of machin-  
ery will be propelled by electricity, and  
there will not be a steam locomotive engine  
on any railroad in the Union. He declares  
it as if he knew it for a fact that marvellous  
improvements in electricity as a motive  
power are on the point of being introduced.

The enumerators give us a population of  
35,681, which is 14,319 short of the fact.  
This error has caused a depressing effect.  
Wildcat real estate has taken a tumble, and  
several dealers have tumbled out of busi-  
ness. "It's an ill wind that blows nobody  
good."—A. O. U. W. Reporter.

As the Argentine Republic is something  
over \$300,000,000 in debt the new revolu-  
tionary Minister of Finance will find his  
chief difficulty in having no finances to ad-  
minister on.

**ROYAL**  
**BAKING**  
**POWDER**  
Absolutely Pure.  
This powder never varies. A marvel of  
purity, strength and wholesomeness. More  
economical than the ordinary kinds and can-

tude of low test, short weight, alum or phos-  
phate powders. Sold only in cans. ROYAL  
BAKING POWDER CO., 100 Wall St., N. Y.

**Mines and Mining.**

**Albany Herald, August 2.**  
Several members of the Albany Mining  
and Milling Co. are now at their mines in  
the Quartzville district. The recent rich  
discoveries up there, together with the fact  
that the necessary machinery to work the  
ore has already been purchased by the com-  
pany, has excited no little interest in these  
mines, and the development of the company  
will be watched with interest.

The Calapooia and Blue River Mill and  
Mining Co. have had men at work on one of  
their most promising leads for two months.  
The latest reports are that the miners have  
reached by tunnel a depth of 25 feet, and  
that the mortar and pan reveal gold at every  
trial. When a depth of 50 or 100 feet has  
been attained the lead will be cross-cut and  
tested, and if the prospects warrant (and  
everybody thinks they will) the company  
will put in a mill. Stock is being taken right  
along in this company.

The Trinity Mining and Milling Co., which  
has recently incorporated in Brownsville  
with a capital stock of \$75,000, have sent  
one of the company to the mines with a view  
to ascertaining the amount of quartz in  
sight, and if the report be favorable the com-  
pany will put in a mill in a few weeks.  
One of the company has just returned from  
the Calapooia district, bringing with him  
quartz from the Trinity company's mines  
that shows both gold and native silver.  
Quartz from these mines resembles more  
closely the Comstock ore than anything yet  
discovered.

Dr. J. M. Taylor, of the Taylor, Oglesby,  
Hamell & Company's mines in the Bohemia  
district, is in the city. He has just received  
news from his company that a rich free gold  
discovery has been made in their ledge there,  
which yields \$3 per pound. These mines  
are situated on the Lane and Douglas county  
line, and are ten miles from the mines owned  
by J. W. Cusack & Co., of this city. A  
number of new claims have been taken and  
miners are flocking into that district. This  
company is arranging to put in machinery to  
work the ore. The ledge is six feet wide,  
and can be traced nearly half a mile. The  
discovery has created much excitement there.

**Free Trade and Home Market.**

Secretary of State Blaine's reciprocity  
letter has brought quite a number of hereto-  
fore Republican protectionists to the con-  
clusion that the United States must trade  
with her neighbors and the world if she  
wishes to "continue prosperous. The great  
"home market" cry of 1888, that combined  
with "fat," elected Harrison has proved to be  
a fallacy. The Dallas Mountaineer, which  
has been one of the most bigoted and  
unreasonable protectionist organs, tries to  
get on tariff reform grounds. It says: Re-  
ciprocity is under discussion at Washington  
City, with arguments for and against. This  
may be a part of the "jingo" policy of Sec-  
retary Blaine; but if the United States can se-  
cure the markets of South America for her  
surplus productions there will be an increas-  
ed profit in farming. There is no use deny-  
ing the fact any longer—we produce too  
much, and the more markets we can secure  
the better for our producers and manufac-  
turers. This is not free trade; it is protec-  
tion to our industries and wages for our la-  
borers and operatives.

It also has an idea that if we could sell to  
others, they would buy of us. The cam-  
paign of education still progresses. With  
cautious reservations the Mountaineer pro-  
ceeds: Reciprocity, as advocated by Mr.  
Blaine, is a step in the right direction. The  
continent, with the exception of the Domin-  
ion, is republican, and there should be a  
mutuality in business as well as in politics.  
If Central and South America desire to pur-  
chase our fabrics it will increase our trade  
to sell to them, and the same can be said of  
our breadstuffs. Mr. Blaine is sufficiently  
sagacious not to approve any treaty which  
would cripple our industries, and for this  
reason he will be cautious in framing his  
provisions. The United States is undoubt-  
edly the greatest producer on the western  
continent, and our trade should be extended  
in every direction; but not to the injury of  
our own industries.

**Grants Pass Courier:** Tuesday morning  
as the south bound passenger train pulled  
out, more traps were aboard than the good  
grace of Conductor Kearney could stand, so  
the train made a stop near Stinson's factory  
and ejected his objectionable freight in such  
a manner as to arouse their ire. The  
tramps then ran ahead of the train and  
waited for it to pass them when they hurled  
several rocks at Engineer McCarty who was  
in the cab. Mac could not let this insult  
pass unnoticed, and he immediately applied  
the air brakes, bringing the train to a stand  
still, and bounded out after the offenders, in  
company with the conductor and brakemen,  
who chased the tramps into the brush; but  
aided as they were from an occasional shot  
from revolvers and a shot gun, the tramps  
soon distanced their pursuers and made good  
their escape.

**TAKE IT BEFORE BREAKFAST.**  
The great appetite, tonic and liver regulator.  
In use for more than 30 years in England.  
Positive specific for liver complaint; has taste  
in the mouth on arising in the morning, dull  
pains in the head and back of the eyes, tired  
feeling, dizziness, languor—symptoms of liver  
complaint. Remedy—Dr. Hanley's English  
Dandelion Tonic. Relieves constipation, sharp-  
ens the appetite and tones up the entire sys-  
tem. Get the genuine from your druggist for  
50c, and take according to directions.

**ADVICE TO MOTHERS.**  
Mrs. WENLOW'S SCOTCHNESS SYRUP, for chil-  
dren teething, is the prescription of one of the  
best female nurses and physicians in the  
United States, and has been used for forty  
years with never-failing success by millions  
of mothers for their children. During the pro-  
cess of teething the child is restless, and  
relieves the child from pain, cures dysentery  
and diarrhoea, griping in the bowels, and wind  
colic. By giving health to the child it rests  
the mother. Price 25c a bottle.

**HOP THRESEN.**—The GUARDIAN office will  
print hop tickets at reasonable rates.
