

THE EUGENE CITY GUARD.

SATURDAY, NOVEMBER 1, 1890.

Protected Hops?

The Salem Journal is not inconsistent. In an article on the hop market, after giving the deficiency in England, European Continent and America at 190,000, 20,000 and 50,000 bales respectively, says that the McKinley tariff bill, which raised the rate from 8 to 15 cents per pound, would benefit the American grower. Congressman Herrmann has also been repeating the same rot, striving to make his constituents believe that he represented their best interests when he voted for the oppressive tax measure. It is hard to understand how an increased tariff will benefit our growers when foreign countries do not have enough hops by over 200,000 bales for their own supply. For some of the several years past the grower did not receive more than the old tariff rate, 8 cents per pound. Last year the United States sent to Europe, England principally, nearly 13,000,000 pounds of hops. The only hops imported are of the Bavarian variety, and our brewers would use them if there was a dollar a pound tariff. It appears that the radical protection organs are endeavoring to deceive the people and blind them to the facts. The Oregonian of a late issue claimed that the duty placed on what was for the benefit of the farmer, when it well knew that instead of importing wheat, we exported the article in large quantities. Be consistent, gentlemen, for the people are not fools.

Duties for Rich and Poor.

Maj. McKinley, in submitting his famous, or infamous, tariff bill to Congress last spring said: "The committee, responding as it believes to the sentiment of the country and the recommendations of the President, submit what they consider to be a just and equitable revision of the tariff."
"A just and equitable revision of the tariff."
Let us see.
The fine cassimeres, worn by the rich, are advanced in duty 25 per cent., while woollens, worn by the poor, are advanced 40 per cent.
Broadcloth is advanced 20 per cent.; cotton corduroy 114 per cent.
Sealskin saques are reduced 33 per cent.; imitation sealskin saques are advanced 120 per cent.
Silk velvets are not advanced at all; cotton velvets are advanced 60 per cent.
Silk linings are taxed at the same rate as under the old tariff; cotton linings are advanced 285 per cent.
Silk laces are advanced 20 per cent.; cotton laces 50 per cent.
On black silk there is no advance on black alpaca there is an advance of 60 per cent.
Silk handkerchiefs are advanced 30 per cent.; cotton handkerchiefs 50 per cent.
Silk stockings are advanced 10 per cent.; cotton stockings are advanced 15 to 25 per cent.
On the finer grades of linens, worn by the rich, the McKinley duty is 35 per cent.; on the coarser grades, worn by the poorer classes, the new duty is 50 per cent.
Yet these are duties imposed in a bill "to reduce the revenue and equalize duties on imports," and are what McKinley calls "a just and equitable revision of the tariff."

Briefs from the New Assessment Bill.

It is made the duty of the several county assessors to appoint a precinct assessor for each precinct in their respective counties. All property subject to taxation shall be listed and assessed every year, with reference to its actual value at the hour of assessment, to wit, on the first day of April of each year. No deduction whatever on account of indebtedness shall be allowed after this act shall take effect. The present assessor must have schedules for listing property with taxpayers between the 15th and 25th of March of each year. Whenever any precinct or county assessor shall desire any information touching the nature, value, amount, or location of any property subject to taxation in his precinct, he may examine the owner or person having charge of the same, under oath, and may reduce the same to writing, and require such person to subscribe and verify the same. It shall be the duty of the precinct assessor when assessing either real or personal property, to designate the number of school and road districts in which real property is situated, and the number of such districts in which the personal property is taxable. Among other things all property described in this section, to the extent herein limited, shall be exempt from taxation; that is to say the personal property of all educational, literary, charitable and scientific institutions incorporated in this state and such real estate belonging to such institutions as shall be exclusively occupied for the purposes for which they were incorporated, and not used for pecuniary benefit.

A New York inventor has completed an air-compressing machine whereby cars compress the air which moves them, and allowing for friction this can continue long enough to be the next thing to perpetual motion. The cars in the first place have to be started by horses, but after going about thirty feet the compressors gathers air enough to keep it going. We trust the inventor will stop short of attaching such an arrangement to men and women, or for example, to some such organ as the tongue. We have sometimes seen that such an arrangement was always in use.

DR. DARRIN'S CURES

Are Not Only Done Quickly by Electricity, But are Permanent—Free Treatment Continued—Three More Remarkable Cures to Relate.

Editor Oregonian: For six years past I have been sorely afflicted with rheumatism and neuralgia. Of late I have been in almost constant pain in every muscle and part of my body. Had to walk the floor at night, and had but little sleep for ten days past. Last Tuesday I came to Dr. Darrin for treatment by electricity, and to my great joy and satisfaction I am about cured and go home very feeling. I reside at Buena Vista, Folk county, Or.
Mrs Wm DAVISON.

Another Remarkable Cure of Deafness. To whom it may concern: For years I have been troubled with chronic catarrh. So troublesome had it become that I could not breathe through my nose; had entirely lost sense of smell, and I became almost totally deaf, accompanied with ringing noises in my ears. After a course of electric and surgical treatment by Dr. Darrin I am perfectly cured of my deafness and buzzing noises. Refer to me at Kalamazoo, Wash.
JAMES FLANNAGAN.

Editor Oregonian: For eight years prior to calling on Dr. Darrin, I had been deaf, accompanied with ringing noises in my ears. Catarrh was a great source of annoyance—so much so, that I could scarcely breathe through my nose at times. Dr. Darrin cured my deafness in ten minutes and the catarrh is nearly well. T. H. OULSON, Osborn Hotel, East Portland.
Dr. Darrin can be consulted daily at the Washington building, corner of Fourth and Washington streets, Portland. Hours, 10 to 5; evenings, 7 to 9; Sundays, 10 to 12. All chronic and acute diseases, blood taints, loss of vital power and early indigestions permanently cured, though no reference is ever made in the press concerning such cases, owing to the delicacy of the patients. Examinations free to all, and circulars sent on any address. Charges for treatment according to patient's ability to pay. The rich and poor treated free of charge with electricity from 10 to 11 daily. All private diseases confidentially treated and cures guaranteed. Patients at a distance can be cured by home treatments. Medicines and letters sent without the doctor's name appearing. N. B.—Dr. Darrin has a branch office at the Omastella Hotel, The Dalles, Nov 2d to the 8th.

A. V. PETERS, EUGENE, - - OREGON.

TIMBER LAND NOTICE.
U. S. LAND OFFICE, ROSEBURG, OREGON, October 11th, 1890.
NOTICE is hereby given that in compliance with the provisions of the act of Congress of June 2, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Ernest F. Posson, of Oregon City, County of Clackamas, State of Oregon, has this day filed in this office his sworn statement No. ... for the purchase of the S 1/2 of N 1/2, Sec. 18, R. 2 E, T. 11 S., and S 1/2 of N 1/2, Sec. 19, R. 2 E, T. 11 S., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Wednesday, the 7th day of January, 1891.
He names as witnesses: Ernest F. Posson, John S. Forbes, J. C. Bullock, all of Oregon City, Clackamas Co., Or. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 7th day of January, 1891.
JOHN H. SHUFPE, Register.
