SATURDAY.

The World's Loftiest Hotel. New York Dispatch. A work of colossal magnitude has been began on the northeast corner of Fifth Avenne and Twenty-ninth street. At present only preparatory excavations have been made, but these are of such a depth and so much in keeping with the projected structire that all who have seen them are astonished. The depth of the excavation ranges from twenty-two to forty feet. This has been necessary so as to have a rock basis whereon to raise this mighty edifice. On this foundation will raise William Wal

dorf Astor's new hotel, which is to be the loftiest in the world. It will have seventeen stories, and will be 225 feet high. The site is 100 feet on Fifth avenue by 125 feet on Fifty-pinth street. The plans were pre-

pared by Architect W. H. Hume. Mr. Astor is deliberating on the name be shall give to the hotel. The first four sto les will be rough-hewn brown stone with Roman arched entrances on the sides and front. Next will come seven stories in brick with Terr. Cotta and Belleville stone trimmings The Twelfth story will have a brown stone comice. This will have the ap pearance of breaking somewhat the towering appearance of the building The remaining stories will be lighted only by sky lights in the roof, and will he devoted to

the laundry work of the holel. The milding will cost about \$1,000,000 and it will take two years to construct it Wor's will not begin until next spring, and so the hotel will not be ready for business until the spring of 1893.

An individual, whose name our informant was unable to give, has been working the citizens of Jordan valley with the old fake of canvassing for newspapers and forgetting to forward the names and the money to the journals solicted for, says the Scio Press This individual has but one eye, the left one having perished away, and represented that he had been working in the Oregonian office, and had injured one of his hands while at work there, and assigned that as the reas on for his can assing for newspapers. It is thought he collected \$50 or \$60 in this neighborhood. Some five or six weeks have elapsed since he received the subscriptions and it is reasonably certain that he has bilked the community.

A sure cure for the whisky habit: Dr. Livingston's Antidote for drunkenness will cure any case of the liquor habit in from ten to thirty days, from the moderate drinker to the drunkard. The antidote can be given in a cup of coffee without the knowledge of the person taking it. The Antidote will not injure the health in any way. Manufactured by the Livingston Chemical Co., Portland, Oregon or from Osburn & De Lano. and, Oregon, or from Osburn & DeLano
