I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

The tariff is a good thing for the manufacturers. Where do the workmen come in? The manufacturers pretend that they cannot get workmen in this country and they are trying to get permission to import a lot of cheap foreign contract labor. We have also seen a good many glowing descriptions of the Nottingham lace factory that was to be established at Scranton, Pa. But it seems that an essential part of this plan was not the employment of American labor but the importation of a lot of English lacemakers. The whole scheme has fallen through so far as Scranton is concerned. Existing manufacturing establishments, which were benefitted by the new tariff, are reducing wages and the new establishments which Mr. McKinley proposes to create are going to import cheap European labor.

At Seattle Judge Hanford recently rendered a decision in which he held that honest and proper land entries cannot be annulled by officers of the general land office, and that the powers of the commissioner of the general land office are limited and do not extend beyond the jurisdiction of the courts. The opinion will tend to prevent claim jumpers from wresting from honest settlers the fruits of their toil by flimsy pretexts.

In the city of New York there are over 150,000 people who earn less than 60 cents a day. Thousands of this number are poor girls who work from eleven to sixteen hours a day. Last year there were over 23,000 families forcibly evicted in that city owing to their inability to pay their rent. One person in every ten who died in New York in 1889 was buried in Potter's field.—Astorian.

Our townsman Marshall Hill this morning received from the government at Washington the sum of $57.60. There is nothing particularly strange in that, but from the circumstance that it was in payment for services rendered by Mr. Hill when he was a lad not then twenty one years of age. He is now fifty-four years old. Mr. Hill thinks the United States government a slow paymaster, but a sure one.—The Dalles Chronicle.

New York sent to the heathen India last year 2,000 pairs of corsets, 700 rubber garters, and 3,500 dresses ribbed with whalebone and steel. The heathen refused to wear them, but New York's conscience is clear. Having laid up these second-hand treasures in heaven, if the heathen will not touch them, they will be there for the use of the New Yorkers in the sweet by and by.

Perhaps the largest colt at birth ever foaled in Umatilla county first saw the world Sunday night at R. W. Kinney's place, near High Bridge on Birch creek. It weighed 300 pounds and stood five feet high. The colt is pure Clydesdale, its dam being Mr. Kinney's mare and sire J. F. Temple's horse.—Pendleton E. O.
