How to Break up a Severe Cold.

From the Virginia City, Mont., Madisonian: When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it was. Such a medicine we found Chamberlain's Cough Remedy. By the use of this syrup we have relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up as has several of our friends to whom we have recommended it. It is all it is represented to be by the manufacturers. If you have a cough and want to stop it, Chamberlains Cough Remedy will do the work. For sale by F. M. Wilkins, Druggist.

THE CRY OF MILLIONS OH, MY BACK!

BOON IT WILL BE TOO LATE. I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 18th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I ast down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to my lossel. I immediately commenced using the tea. It had an almost mirraculous effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

SATURDAY .

ending Saturday, May 16, 1891:

Oregon Weather Bureau. Crop-weather bulletin No. 10, for week

WESTERN OREGON-WEATHER. About normal temperature prevailed for the week. There was an absence of extremely warm days, but the nights have been warmer. The night temperature has more the day temperature. Warm nights mean better and more than better and more sturdy growth. There has been an absence of rainfall, except a very light shower on the 12th. Farther reports of the frost on the 7th, 8th and 9th indicate as remarked in last week's bulletin, little or no damage to vegetation. The weather has been cloudy, with two or more days almost cloudless. Generally northern winds pre-

The weather conditions have been most favorable to the growth and yield of crops-Late spring seeding on low lands is practi cally fluished. Fall wheat continues to have good growth and color and some of it is beading. The spring sown grain is generally reported in a most promising condition. Unless noforeseen circumstances happen, the Willamette valley will have the largest cereal and fruit crop on record. In Southern Oregon prospects are also most flattering, in sections of this latter district showers would be of benefit. Some hay has been already cut, and it yielded well. Hops are growing remarkably well and the yards indicate good yields. Strawberries are ripexing in sections of Southern Oregon and in the western and central parts of Henjog county cherries are as large as a full grown pes. Fraches are formed, apple cally forming. The grass is good and avarything is favorable to all vegetation in Western Oregon.

RABIERS OREGON -- WEATHER Warmer weather has provailed, being about a normal temperature along Columbia river, but below normal south of the river. An occasional sprinkle of rain fell, not suf, ficient to do much good. Further reports of the trast on the 8th and 9th indicate damage to fruit south of Blue mountains and in southern parts of Wasses and Gilliam counties. There has been more supshine and fresh northerly winds,

Summer fallowel wheat and barley, in sections, are heading. Spring wheat is short in stem and has slow growth; good showers would maure a large yield Fall wheat will yield well, but -pring wheat will not be as large a crop as last prar notess more rain falls on it within the past four weeks. The governlede prospents throughout Eastern Oregon are, however, good. Wasco and Sherman counties have perhaps the best prospects. In Umatilla county the surface soil is dry, but moisture is plentiful in under soil. This county's prospects are as good or better than at the same time lost year. In Grande Ronds villey farmers are generally well satisfied with the wheat prospects. Fruit is doing nicely. The range grass is quite good and cattle are doing well, She p shearing continues to progess favorably.

A For:land paper says that it costs \$1,500 to get a place on the Portland police force. Even at thet figure, says the Astorian, it is said to be a paying investment. An appointment which is accompanied by the right to rob, filch and take will always

A GREAT MISTAKE Is often made in not using the California Posi-tive and Negative Electric Cough Cure for coughs, colds, croup, consumption, as it is only cough cure in the United States that is free from opiates. Fine for children. Try it and
