REGENTS' MEETING.
Former Officers Re-Elected—Recommendations by the Executive Committee Approved.

The Board of Regents of the University of Oregon, held a business meeting in Eugene, Wednesday, June 17. Present, M. P. Deady and Henry Failing, of Portland, R. S. Bean and A. Bush, of Salem, Dr. S. Hamilton, of Roseburg, T. G. Hendricks and Rodney Scott, of Eugene.

The Executive committee made the following report:
To the Honorable Board of Regents of the University of Oregon.
Gentlemen: The Executive committee beg leave to submit the following as their annual report:
Your committee would recommend that the fence around the campus be repaired and painted.
That a new sidewalk be laid between the old building and Villard Hall, and that the walk on the west of the old building to the fence, around campus, be repaired or rebuilt, the same being in a bad condition.
We would also recommend that the roof work of Villard Hall be repaired inside and outside and that the following repairs be made on the old building, namely: That the steps to the east and west fronts of the old building be repaired and placed in a safe condition, and also that window sills in the basement shall be repaired and capped with wood, so that the brick could not be so easily pried or knocked off as at present. The old building should have a new tin roof, the outside cemented or painted and sanded, and all the rooms on the inside, including janitor's rooms, kalsomined.
We would also recommend that the gymnasium be painted or painted and sanded outside, and painted on the inside up to the window sills and plaster the remainder of the brick walls, coil the same overhead, put tin gutters around the roof, paint the same on the outside and inside; the lavatories around the building should be fertilized and enriched by hauling sandy loam and manure on the same.
The duties of the Janitor have so increased as to render it almost impossible for one man to perform the work required and do the same in an acceptable manner. The present janitor is active, efficient, faithful and gives general satisfaction to the professors and students, but he cannot perform all the work required of him.
On the 1st of April, 1901, the janitor employed Mr. Jas. Drake as an assistant at a salary of \$25 per month and board. This he did with the knowledge and consent of the Executive committee, without promise of any remuneration from us, and while we did not give him any promise to pay any part of the amount paid for hire of an assistant, yet we think he ought to be paid.
We would recommend that the sum of \$300 per annum be allowed the janitor for the employment of an assistant, that the pay of said assistant commence on the 1st of April, 1901, the assistant to be employed by the consent and direction of the Executive committee.
Your committee would call attention to the report of the Legislative Committee, without any recommendation.
The committee think there should be a librarian appointed to keep the library room open for the use of the University at reasonable hours; the books in the library at present should all be listed, and the list printed in form, so as to prevent duplication of the books.
We made a contract with the Electric Light Company, of Eugene, Oregon, to light the buildings and furnish two incandescent lights, one in front of Villard Hall and one between the buildings, at \$8 per month, payable quarterly.
It was ordered that the repairs and improvements be made in accordance with the recommendations of the Executive committee.

The officers of the board were re-elected as follows:
Matthew P. Deady, President.
J. J. Walton, Jr., Secretary.
G. Hovey, Treasurer.
T. G. Hendricks, Rodney Scott and R. S. Bean, Executive Committee.
F. A. Huffer resigned as tutor, the same to take effect October 1st. No person was elected to fill the vacancy.

MILITARY ROAD LANDS.—Two of three of the proprietors of the military road grant, and several intending purchasers, and the company's agent, Mr. L. G. Ross, of Lakeview, arrived here Saturday over the road. If the sale of the lands is made it will be a grand thing for this section of the country. The intending purchasers, if successful, intend colonizing the entire tract, with freckled and Danish stock from Europe. On all indications the lands will change hands soon.

Ad Astra Perseverando.
Class Tree Poem—1891.
Where wild Antarctic tempests blow
Down Chili's cheerless ridges of snow,
There stands a stately tree,
Beneath the very avalanche
It waves each royal spreading branch.
Firm-set and sure and trim and staunch,
O'er-looking vale and sea,
Up to the stars it perseveres,
Up to the stars—no groan, no fears
Assail the mighty pine;
And so within this classic spot
The noble tree to-day is brought
That we may learn the lesson taught
Of Optemus divine.

The wind harps in the pine-tree bough
A mournful music even now—
A snatch of the old song
Methinks the pine-tree chaunt at night
Upon the cragged Anles bright
When ocean blasts sweep in their might
The Chilian slopes along:
SONG OF THE PINE TREE.
Stand firm, stand firm, tho' earthquakes
shock
Our very roots within the rock,
Fling out your arms on high,
Our destiny is with the stars,
Heed not the bolt that ruddy jars,
Heed not the petty blast that wars
Our struggles to the sky,
Keep hearts all white and fibres true,
Keep green your crowns forever new,
And send your winged seeds
With every sweep of wind and rain,
With forests springing in their train
To gladden all the weary plain
With wealth of oak groves and dead.
