Attempted Murder.

Prineville Review, June 20th. Thursday evening, just before dark, B. Isenhoot met Allen Henry in Tem-pleton's drug store as Mr. Henry was coming from behind the prescription case, where he had been talking with Mr. Nichols, the druggist, and fired a shot at him striking him in the right side. After firing the shot Leenhoot side. After firing the shot Isenhoot went out the front door and started to went out the front door and started to run. Deputy Sheriff Slayton gave chase, overtaking him at the flume back of Union church, just as Isenhoot threw his revolver, a 38-caliber Smith & Wesson, into the flume. He took Isenhoot in charge and lodged him in the county jail

the county jail.

Mr. Henry was assisted to his room in the Cary House, where Dr. Gesner dressed the wound and removed the ball, which had entered his left side about three inches below the nipple, striking a rib and lodging in the muscles of his back. The wound is a pain-ful one, but will heal in a short time, and Mr. Henry will be able in a few weeks to return to his home in Cali-

fornia. Mr. Isenhoot and Mr. Henry have been engaged in a lawsuit several years over the possession of some property on Beaver creek, and the trouble has somewhat upset Mr. Isenhoot's mind, which is probably the cause of his rash

United Brethren in Council.

The Oregon Conference of the Church of the United Brethren in Christ met in session June 17th in the beautiful little city of Hood River, Bishop J. W. Hott, D. D., presiding. It may not be out of place to say here, as there pur-ports to have been held in Roseburg a few weeks ago the annual conference of said church, that it, the Roseburg conference, as presided over by Rev. H. J. Becker, was the secession or rad-

cal conference. There was a large attendance at the conference which was, no doubt, the best session the conference ever had.

The work done in and reported from the several departments is most grati-fying. The number of charges operat-ed and ministers employed this year, are just double those of last year. The membership has increased nearly one-third during the grant where the membership has increased nearly one-third during the year. The work in Philomath College has been a pleasing surprise. In every department there has been an increase of 25 per cent, and in some departments 30 per cent. Among other material enterprises, we have also erected a beautiful church in Hood River, at a cost of \$3,008. The Hood River, at a cost of \$3,008.
