spoken of. For instance, in one department seven women are employed all day long washing tin plates, which are dried by an improved steam apparatus.

The busiest time around the building is at 3 o'clock, when the hands go to work. There are not less than one hundred and ten people employed in the lowing morning.

The drivers begin to go out on their daily rounds at 4:30 o'clock in the morning, and all return by noon, for there is no sale for pies in the afternoon. It requires thirty-five wagons to supply the company's customers in New York, Jersey City and Brooklyn, and there are five more wagons in Newark, for New ark is also a great pie eating district.

There is no doubt but that this is the largest place of its kind in America. The manufacture of ples is not confined to any one size; there are small pies that sell for 5 cents, medium size that bring 10 cents and the large size that sell for 20 cents. In addition an immense quantity of "home made" pies, sold at 45 cents each, are manufactured for the accommodation of restaurant keepers.

There is every variety of pie, chief of which are apple, mince, peach, plum, lemon, cocoanut, rhubarb, pineapple and custard. Berry pies are made when berries are in season.

To manufacture such an immense of flour, 1,200 quarts of milk, 5,000 eggs, fruit. There is more fruit used in the plenty ter do me."-Time. composition than anything else, and to show how much is used it is only necessary to say that twenty barrels of apples are used every day. Although there are only about 15,000 or 20,000 of these pies sold daily the factory could, if necessity

arose, produce 35,000 a day. But taking the average sales per day, say 17,500, it makes the weekly production (allowing six days to the week, for no work is performed on Sunday) 105,-000; the monthly 455,000, and the yearly 5,477,500 pies.

And all this from only one pie foundry! Is it any wonder that the Americans are a race of dyspeptics?-New York Evening World

Each carried a small satchel, of family discipline are accustomed to which contained alluring handbills and quote Solomon as saying: "Spare the rod samples of the advertised wares. The and spoil the child." What Solomon said advertising couple walked slowly down was: "He that spareth the rod hateth his Broadway, attracting universal attenson." But the word "rod" in that con- tion. They distributed their handbills nection does not necessarily refer to cor- right and left. Accompanying each handporal punishment. It simply means pa- bill was a "sample." Many gentlemen rental authority and guidance. The same and ladies stopped and questioned the Hebrew word is used in Psalm xxiii, young women relative to the article adwhere David says: "The Lord is my vertised, and in each instance the inshepherd; I shall not want. • His quiring one was met with a smile, a rod and his staff they comfort me." The ready, effective answer, and an extended rod was the symbol of authority and hand, which held out a sample and the power, not a raw hide nor a hickory inevitable handbill. The scheme "caught on. "-New York Star.

Sammie Can Spell. A little miss of 7 years heard one of her sisters say a day or two ago, "I don't believe I can spell daguerreotype." and she immediately boldly made the assertion, "Sammie can. He can spell every word there is." "Why, Jennie!" exclaimed the little girl's mother, who knew that Sammie was about 10 years of age, and not remarkably precocious in orthography. "Well, he can," per-sisted the young lady, "but"—and her voice modestly fell as she added the saving clause-"I don't believe he can spell mor'n half of 'em right."-Troy Times.

MAN RESEMBLES HIS GOD

In Nothing So Much as in Doing Good to

Tacona, Wash., June 1, 1891.

Dr. J. E. Jurden. Seattle, Wash.—Dear Sir:
I have been taking your medicine seven
weeks, and it gives me the greatest pleasure
to tell you and every one else who will listen how much good they have done me.
When I think of what I have suffered and
how many doctors have tried their skill on
me to no earthly good, how they have filled
me with morphine, chloral and other poisons until I was nearly crazy, and how
many hundreds of dollars my poor husband
has reald out in the last three years before has paid out in the last three years before we heard of your wonderful cures, I am as-tonished to see myself to-day able to go all tonished to see myself to-day arise to go an
over the city, able to do my housework and
after a busy day to lie down and have a
whole night's good sleep. Dear Doctor, my
husband and I are very thankful to you for
what your medicines have done for me.

Mrs. JULIA LONSDALE.

2001 Pacific avenue. Room 21

2401 Pacific avenue, Room 21.

Our baby was very sick, and we tried several physicians in lown. None of them seemed to know what the matter was. She couldn't stand, couldn't play; it was difficult for her to get her breath; she had cheking spells from the time she was 4 months old; would obke every five minutes during the night, and was subject to convulsions and muscular contraction. We had about given up hope of her getting well, when we took her to Dr. Jordan, and in a very shortine she commenced to improve until all these symptoms have disappeared entirely, and she has not had a sign of them for some time. It gives me great pleasure to make this statement, so that others who have children that are ill may know where to take them for treatment.

MIS. CHARLES R. BRYEMAN.
