Handsome Exempt Certificates.
The Eugene Fire Department has
received two hundred very handsome
exempt firemen's certificates from San
Francisco. They cost the city \$200 and
express charges. It is a beautiful de-
sign, and presents a handsome appear-
ance in regular session and when the tele-
gram has the blank certificate, and below a
fire in progress and a hook and ladder
company and engine company fighting
the same. On the right and left hand
panels are the university buildings;
just above the right panel is a correct
engraving of the Geary school house,
while on the other side is the city hall,
with firemen and apparatus standing
in front of it. The top is surmounted
with the word "Oregon," and a fire-
man being crowned with honors.

Fall Creek Notes.
FALL CREEK, OR., Aug. 8, 1891.
Mr. I. Higgins, who has been living
on the Barbre place, has moved to
his new home on Lost Creek.
Died, at the residence of her parents,
near Big Fall Creek bridge, of scarlet
fever, Miss Mary McBe, aged 17 years.
The bereaved family have the sym-
pathy of the entire community.
There is considerable sickness in this
part of the country this summer. Mr.
McBe's family are nearly all sick with
scarlet fever, and considerable fear is
expressed by some that the fever will
become epidemic.
Mr. A. Wheeler has still a large crew
logging under Mr. J. B. Hills. They
are now cutting on G. W. Drury's
place, and the woods ring with the
sturdy stroke of the axmen and crash
of falling timber. Mr. Hills informs
your correspondent that he expects to
be nearly a month yet in getting out
the amount of timber sought.
On last Wednesday evening quite a
storm passed over this part of the
country. The wind blew with consid-
erable force and a heavy dash of rain
followed, accompanied by considerable
hail, some of the stones being as large
as marbles. Considerable damage was
done to standing grain by breaking it
flat to the ground.

THE OWL.
HARRISBURG, OR., Aug. 15, 1891.
The village of Harrisburg, 18 miles
down the track from Eugene, was the
scene of a neat piece of burglary Aug.
7, about 12 o'clock, midnight whereby G.
W. Brandenburg is loser to the amount
of about \$1000.
Mr. Brandenburg has his jewelry
store in one corner of May & Sanders'
general merchandise store, and previous
to last night carried a good stock
in his line for a small town. Now the
burglar carries the stock, or most of it.
Every evening Mr. Brandenburg
placed the more valuable part of his
goods in a small safe.
The burglar or burglars gained ad-
mission to the premises by climbing on
top of the building, a one story brick,
and cutting out a hole through the tin
and roof sufficiently large to admit the
body of a man; then they fastened a
hammock which they had stolen in the
vicinity and slid down it into the
store room. A drill, which they left
behind, was then used and powder in-
troduced, when the safe door was blown
open. Several parties heard the ex-
plosion, but paid no attention to it.
The burglars, it is thought there
were two of them, then emptied the
safe and show cases of all
their contents. The only article missed
from the merchandise store was a brown
valise, it is probable that the thieves
loaded the plunder into it. There was
about \$100 in coin in the safe, \$57 of
which belonged to a poor widow woman,
and amount, and who broke into tears when
informed of the loss to which she had
been subjected.

Wanted to Die.
Albany Democrat, Aug. 7th.
Shortly after 9 o'clock last evening Mrs.
J. G. Cherry on going to the room of her
daughter, Etha, found her lying on the
bed with her eyes rolled upwards and as if
in agony. A bottle of carbolic acid was on
the stand beside her, and a note by it, stating
that on account of unkind treatment she
was about to die and had taken the car-
bolic acid, there being no signs of it in
her stomach. A doctor was called and
an emetic administered. In the meantime
the entire neighborhood had been aroused
and great excitement prevailed as it was
thought the child would die. It was a
genuine suicide scene. Miss Etha didn't die.
The fact is she had taken the car-
bolic acid, there being no signs of it in
her mouth, nor absence of it from the bottle.
It is possible she had intended to, and
the matter had worked on her mind so much
that she may have imagined she had. Of
course, she came to all right and didn't die.
Miss Etha, just previous had been with
the crowd at Leek's car, and was taking
a young man when her father came up and
told her it was time to go home, which she
did, and immediately after reaching home
the affair happened. Some of the young
men intimated the intended suicide was
caused by jealousy. Etha undoubtedly had
been treated well by her parents, so
that the affair presents some complicated
aspects. The real cause we are informed,
was because her parents very properly
refused to allow her to go with all the boys
she wished to.

Placed at Florence.
Geo. M. Miller writes the following
letter:
FLORENCE, OR., Aug. 8th, 1891.
S. H. FRIEND, EUGENE, OR.
Dear Sir: When I arrived here last night
the Board of Trade was already assembled
in regular session and when the telegram
from Mitchell was read they gave three
round cheers for Binger Hermann and
John H. Mitchell. There were over two
hundred present at the meeting. Resolu-
tions were voted thanking our public
servants and congratulating Lane county
upon its narrow escape from the grasp of
Synonym. Yours,
GEO. M. MILLER.

CO. C ELECTION.—Saturday evening
in regular session and when the telegram

**AT WORK DAY AND NIGHT.—The com-
pany who are developing the quicksilver mine
on Coast Fork, have a day and night force
of men at work. The mine is evidently
meeting the expectations of those interested
as they are developing it very fast, and will
soon put on an extra force of men.**

NEW BRIDGE NEEDED.—Cottage Grove
Leader: A new bridge is badly needed at
Coast Fork, near Taylor's. The bridge at
this place washed out a year ago last win-
ter, and is very much needed to be rebuilt,
especially in the winter as the river gets
so high it can't be forded. This mat-
ter should be attended to at once, as winter
will soon be here. The road commissioner
of that district should apply to the
county commissioners for an appropriation
for this purpose.

ONE TOWNSHIP SETTLED.—Cottage Grove
Leader: Mr. Bert Colver returned from
the mountains Monday, having just finish-
ed surveying one of the townships of his
contract. He will return in a few days to
commence on the second one. Mr. W. M.
Busby who has a contract for one town-
ship there, also came down, and went to
Nehalem. Mr. B. says it will take him two
weeks to finish his contract.

BOHEMIA MINES.—The old Knott
mill is being moved and set in position
for business. Dave Markley went up
from Cottage Grove Monday with Dr.
Taylor and will superintend the mov-
ing of the old mill, which they expect
to have in running order in a few
weeks. They will work the ore from
the "Annie" mine.

A Union Endeavor Meeting.
A union meeting of the Endeavor
societies of Eugene was held at the
Methodist Episcopal church Sunday
afternoon at 3 o'clock. Several months
ago the national convention recently held
at Minneapolis. The church was crowd-
ed to its utmost limit.
Miss Shelton occupied about an hour
recounting the work of the convention,
giving in detail the plans proposed and
discussed. The address was listened to
with marked attention.
Short addresses were made by Rev.
N. B. Alley, of the Christian church,
and Rev. D. A. Watters, of the M. E.
church.
The music was excellent, the choir
of the several churches having joined
in one grand choir of one hundred
voices. No services were held in the
other churches.

Runaway.—While driving down Eleventh
street Friday, August 7th, Major L. D. For-
rest's horse became frightened at a street
car and ran away, throwing the Major out
and bruising him up somewhat, but the
horse escaped injury.

**SHERIFF'S SALE.—Sheriff Nolan Sat. af-
ternoon at 1 o'clock sold at Sheriff's sale
the W. G. Parkerson farm, consisting of
1,028.82 acres to Balfour, Guthrie & Co.,
the judgment creditors, for the sum of
\$9,102.22.**

ANOTHER ADDITION.—We understand that
Dr. T. W. Shelton intends plating the
south side of his Skinner Butte property in
the near future.

OVER 2,000 BUSKELS.—We understand that
that James Lupton, near Irving, has already
threshed over 4,000 bushels of grain. It
yields well.

**D. W. Eaves of Eugene has been ap-
pointed a notary public by the Governor.**
The body of Miss Nellie Boies, who was
drowned at Iwaco, was recovered Saturday.
Prof. J. A. Sibbitts of Junction City, has
been engaged as teacher by the Gevral
band.
Roseburg has adopted plans for a sewer
submitted by Joseph G. Kelley, of this
city.
The frame of Senator Vetch's flouring
mill at Cottage Grove has been
raised by the carpenters.
The Douglas County Farmers Alliance
has passed resolutions denouncing proposed
improvements to the county court house.
Good weather again and the farmers are
busy in the harvest fields. Monday
heard the hum of many threshers and before
many days the golden grain will begin to
pour into the mills and warehouses.

FLOYD VANHORN brings us a specimen of
white Canadian barley raised by him. It is
an excellent product and in demand for
brewing purposes. From two bushels
which he purchased for \$4 he expects to
thresh nearly 100 bushels.
Spokane Review: In Kittitas county
the range is almost exhausted, and
even in the mountains the large flocks
of sheep are rapidly destroying the
pasturage. The hope of the country is
in reclaiming the land thus left practi-
cally desert by irrigation.
Statesman: F. J. Miller, clerk of the
board of railroad commissioners, is busily
engaged in taking care of the mass of pa-
pers which have accumulated in that office
during the last five years. Previous to
this there was no system of filing the pa-
pers, and they were scattered here and
there, without any attempt at keeping
them in order.
There is considerable good sense in the
following which we clipped from a Kansas
exchange: "A real estate agent at Topeka
used for commission on a sale he brought
about. The jury were evidently men that
understood business, as they brought in a
verdict against him on the grounds that he
had no advertisement in any paper and had
no printed letter heads, cards, etc., he was
not a real estate agent."—Union Scout.

TERM OF SCHOOL.
The directors have decided to open
school for the year on Monday, Sep-
tember 14th.
Dr. McMurtry Dead.
After weeks of suffering, endured patient-
ly, Dr. W. T. McMurtry expired at his
home on Olive Street in Eugene Sunday
afternoon about 3 o'clock. Several months
since he became aware that a pitiless cancer
was eating into the base of his tongue. Lit-
tle hope was held out by the physi-
cians of Eugene, and he concluded to go
to Portland and have an operation per-
formed. This was done but the relief was
only temporary and he came home to die.
For several weeks past it was with great
difficulty that he could swallow. Death was
finally caused by the eating away of an ar-
tery, the hemorrhage that ensued lasting sev-
eral hours before death supervened.
Dr. W. T. McMurtry was born in Har-
mondsworth, Crawford county, Pa., June 8,
1837, and at the time of his death was 54
years, 2 months and 1 day of age. He served
two years in the Federal army during the
war of the rebellion as surgeon of the 11th
Pennsylvania volunteers. He came to Ore-
gon four years ago locating at Sellwood,
near Portland, where he practiced one and
a half years since which time he has resided
in Eugene. In 1890 he was the Democratic
candidate for coroner of Lane county but
was defeated by a small majority. A wid-
ow and a step daughter are the only rela-
tives living here.

Dr. McMurtry was a genial who soled
gentleman devoted to his profession, and
those with whom he came in contact will
always remember him with kindly feelings.
The remains of Dr. W. T. McMurtry were
interred in the Masonic cemetery Tues-
day afternoon with the impressive A. F. & A. M.
ceremonies. The pall bearers were: Drs.
Paine, Shelton, Kuykendall, McCormack,
Fruticose and Harris.

Drowned at Clatsop.
Mrs. Jennie M. Parker, wife of P. M.
Parker, proprietor of the Astorian, was
drowned at Clatsop Beach Sunday while
bathing in the ocean. A big excursion came
down from Astoria in the morning, and fol-
lowed 1,000 people were present a moment after
the accident happened. The drowned wo-
man's husband and family were on the beach
at the time of the drowning, and seldom is
witnessed a sadder sight than that which
threw a gloom over the beholders when the
news was conveyed to the father and moth-
erless children. Mr. Parker had just come
out of a bathing tent, preparatory to joining
his wife in the surf, and when he learned
the dread news he seemed stunned and
dazed and bowed down with a sorrow the
greatest that mortal ever knew. He walked
to and fro on the beach, looking out on the
cruel waves that had taken from him a wife
and helpmate of more than ordinary worth.
Mrs. Parker had been a resident of Astoria
for more than nine years, and had a host
of friends, who will mourn her loss.

The Body Found.
ASTORIA, Aug. 10.—The body of Mrs.
Jennie M. Parker, who was drowned at
Clatsop yesterday, was found at 10:30 this
morning on the rocks that jut out from the
shore below the cove at the Seaside house,
over a mile from where she sank from sight
yesterday afternoon, by her husband who
had kept ceaseless patrol of the beach. The
body was tenderly lifted from the sharp
rocks, which had bruised and disfigured the
face, and conveyed to Astoria, and in the
afternoon brought up to this city. Mable
Parker, the 15-year old daughter, who was
on the beach and witnessed the drowning,
has been seemingly insensible since the sad
affair, and rocks to and fro with an awful
expression on her face. It is feared her
reason has been destroyed.

Lightning's Deadly Flash.
The destructive work of the lightning was
felt Wednesday afternoon at Monmouth,
when it struck and set fire to a barn be-
longing to James Helmick. The lightning
struck the building in the top and in a few
moments the entire structure was in flames.
The mow contained forty tons of hay which
was consumed with all other contents of
the building.
When the rain was pouring down its
torrent, a young man, named Dolmire,
rode into the barn on a horse and had no
sooner got inside the door than the build-
ing was struck. The lightning stunned
him but he recovered himself in time to get
out of the way of the fire. The horse did
not get away and was burned with the barn.
Loss \$2500.

ARTICLES OF INCORPORATION.—Articles of
incorporation were filed in the County
Clerk's office Monday afternoon by the
Springfield Improvement Company. Capital
stock, \$300,000. Incorporators, W. J.
Fengra, G. W. Larrison and A. O. Eckle-
son. Location of principal office, Spring-
field, Oregon. Object: To engage and deal
in all kinds of real estate, personal prop-
erty, to own, run and lease water power; operate,
build and control saw, shingle and plan-
ing mills; to manufacture all kinds of wood-
en ware; to construct, operate and maintain
street car lines and railways; to own and
deal in timber and all kinds of building ma-
terials; to own, build, lease and rent build-
ings, houses, stores and hotels.

AT THE CANNERY.—Workmen are busily
engaged putting in the evaporator at the
Eugene cannery. Over 500 feet of 1 1/2 inch
pipe will be used for the coils through
which the steam passes to produce the hot
air. A wooden conductor about 60 feet
high for the escape of the hot air now in
use will be exchanged for a 25 horse
to furnish the additional power required by
the evaporator. A fruit sorter has been
purchased that will do the work of twenty
persons assorting fruit. It divides the fruit
into five grades. Peaches are expected in
about 10 days when everything will be run
to the full limit.

ELECTED TUTOR.—Mark Bailey, Jr., of
this city, has been elected tutor of the State
University of Washington, at an annual
salary of \$1,400.
